## Your 2023 small group renewal guide

Continuing your small business (1-100) coverage with Blue Shield is easy. In a few simple steps, you'll be on your way to promoting a healthy workforce.

If your group is undergoing a recertification review, this renewal or any changes you submit won't be effective until your group has received approval to renew from our recertification department.

## **Add Dental, Vision, and Life Insurance coverage**

Employees are looking for a full, comprehensive benefits package. Take advantage of the 10% Specialty Discount on dental and vision when bundling with medical. It is easier administration when all lines of coverage are on one billing statement. See the specialty options chart in your renewal; we did the quoting for you of our best-selling dental and vision plans.

## **Life Insurance coverage**

For groups with 10 to 100 eligible employees, our life insurance composite rating model delivers more competitive rates and streamlined administration with a single composite rate for all employees. Contact your broker or Blue Shield account representative for details and new business quote information.

## **Medicare-eligible employees**

Your group may have employees who are turning 65 or are already on Medicare. Make sure to enroll them in one of our Medicare coverage options. They'll be saving money every month on monthly plan premiums and more. Give us a call at (888) 434-4038 or visit [blueshieldcamedicare.com](https://blueshieldcamedicare.com).
