## Description

This policy incorporates the US Department of Health and Human Services, Health Resources and Services Administration (HRSA) recommendations for Women's Preventive Services.

HRSA recommended Health Plans to provide the services identified under Women's Preventive Services as covered benefits.

## Policy

These preventive care services, when criteria are met and the primary reason for the visit is preventive care, will be provided under the preventive care services benefits with no cost-sharing to the member, when applicable procedure code and diagnosis codes are billed. When the primary reason for a visit is non-preventive, however, the entire visit will be provided under the medical benefit of the member's plan, and cost-sharing may apply per member benefits.

### Policy Guidelines

The appropriate preventive service codes should be billed when preventive services are performed. Unless limitations are noted above, services are available as appropriate.

Over the counter (OTC) medications are not a covered benefit.

The AMA/CPT has created Modifier 33 for preventive services. BSC recognizes this modifier for claims billed for preventive services as outlined in this policy and will process accordingly.

Effective for claims with dates of service on or after January 1, 2018, prolonged preventive services will be payable by Blue Shield when billed as an add-on to an applicable preventive service, and both deductible and coinsurance do not apply.

Blue Shield will apply correct coding rules from industry standard sources such as; Center for Medicare & Medicaid Services (CMS) and American Medical Association (AMA), to the claims adjudication process.

### Medical Policy Application

For most services, a medical necessity determination by Blue Shield according to Medical policy is not required. The services that require determination of medical necessity are noted in the Policy Section above.
