**Health Maintenance Organization
Access+ HMO®**

*Combined Evidence of Coverage and Disclosure Form
for the Basic Plan and the HMO Supplement to Original Medicare Plan*

Contracted by the CalPERS Board of Administration
Under the Public Employees' Medical & Hospital Care Act (PEMHCA)

The booklet is divided into the following sections: Section One pertains to members enrolled in the **Basic Health Plan**; Section Two pertains to members enrolled in the **Supplement to Original Medicare Plan**; Section Three provides information that is common for **Basic** and **Supplement to Original Medicare Plan** members. Each section is clearly marked at the top of each page.

We have included a **Summary of Covered Services** for **Basic** and **Supplement to Original Medicare Plans** with a comprehensive description following. It will be to your advantage to familiarize yourself with this booklet before you need services. The **Basic Summary of Covered Services** can be found on page 18. The **Supplement to Original Medicare Summary of Covered Services** can be found on page 74.

Take time to review this booklet. The information contained will be useful throughout the year.

NOTICE

This Evidence of Coverage and Disclosure Form booklet describes the terms and conditions of coverage of your Blue Shield health plan.

Please read this Evidence of Coverage and Disclosure Form carefully and completely so that you understand which services are covered health care services, and the limitations and exclusions that apply to your plan. If you or your dependents have special health care needs, you should read carefully those sections of the booklet that apply to those needs.

If you have questions about the benefits of your plan, or if you would like additional information, please contact Blue Shield Member Services at the address or telephone number listed on the back cover of this booklet.

PLEASE NOTE

Some hospitals and other providers do not provide one or more of the following services that may be covered under your plan contract and that you or your family member might need: family planning; contraceptive services, including emergency contraception; sterilization, including tubal ligation at the time of labor and delivery; infertility treatments; or abortion. You should obtain more information before you enroll. Call your prospective doctor, medical group, independent practice association, or clinic, or call the health plan at Blue Shield's Member Services telephone number listed at the back of this booklet to ensure that you can obtain the health care services that you need.

This Combined Evidence of Coverage and Disclosure Form constitutes only a summary of the Blue Shield Access+ HMO Health Plan. The health plan contract must be consulted to determine the exact terms and conditions of coverage. However, the statement of benefits, exclusions and limitations in this Evidence of Coverage is complete and is incorporated by reference into the contract.

The contract is on file and available for review in the office of the CalPERS Office of Health Plan Administration, 400 Q Street, Sacramento, CA 95814, or P.O. Box 720724, Sacramento, CA 94229-0724. You may purchase a copy of the contract from the CalPERS Office of Health Plan Administration for a reasonable duplicating charge.

Your Introduction to the Blue Shield Access+ HMO Health Plan

Welcome to Blue Shield's Access+ HMO Plan. Members enrolled in the Basic Plan may find the description of their plan beginning on page 5 and members enrolled in the Supplement to Original Medicare Plan may find the description of their plan beginning on page 61.

Your interest in the Blue Shield Access+ HMO Health Plan is appreciated. Blue Shield has served Californians for more than 60 years, and we look forward to serving your health care needs.

Unlike some HMOs, the Access+ HMO offers you a health plan with a wide choice of physicians, hospitals and non-physician health care practitioners. Access+ HMO Members may also take advantage of special features such as Access+ Specialist and Access+ Satisfaction. These features are described fully in this booklet.

You will be able to select your own Personal Physician from the Blue Shield HMO Directory of general practitioners, family practitioners, internists, obstetricians/gynecologists, and pediatricians. Each of your eligible family members may also select a Personal Physician. All covered services must be provided by or arranged through your Personal Physician, except for the following: services received during an Access+ Specialist visit, or obstetrical/gynecological (OB/GYN) services provided by an obstetrician/gynecologist or a family practice physician within the same medical group or IPA as your Personal Physician, or emergency services, or mental health and substance abuse services. See the Mental Health and Substance Abuse Services paragraphs in the How to Use the Plan section for information. **Note: Blue Shield will render a decision on all requests for prior authorization of services as follows: for urgent services, as soon as possible to accommodate the Member's condition not to exceed 72 hours from receipt of the request; for other services, within 5 business days from receipt of the request. The treating provider will be notified of the decision within 24 hours followed by written notice to the provider and Member within 2 business days of the decision.**

You will have the opportunity to be an active participant in your own health care. Working with the Blue Shield Access+ HMO, we'll help you make a personal commitment to maintain and, where possible, improve your health status. Like you, we believe that maintaining a healthy lifestyle and preventing illness are as important as caring for your needs when you are ill or injured.

As a partner in health with Blue Shield, you will receive the benefit of Blue Shield's commitment to service ... an unparalleled record of more than 60 years.

Please review this booklet which summarizes the coverage and general provisions of the Blue Shield Access+ HMO.

If you have any questions regarding the information, you may contact us through our Member Services Department at **1-800-334-5847**. The hearing impaired may contact Blue Shield's Member Services Department through Blue Shield's toll-free text telephone (TTY) number, 1-800-241-1823.

BASIC PLAN

Benefit Changes for Current Year

There are no benefit changes this year.

BENEFITS OF THIS PLAN ARE AVAILABLE ONLY FOR SERVICES AND SUPPLIES FURNISHED DURING THE TERM THE PLAN IS IN EFFECT AND WHILE THE INDIVIDUAL CLAIMING BENEFITS IS ACTUALLY COVERED BY THE GROUP AGREEMENT.

IF BENEFITS ARE MODIFIED, THE REVISED BENEFITS (INCLUDING ANY REDUCTION IN BENEFITS OR ELIMINATION OF BENEFITS) APPLY TO SERVICES OR SUPPLIES FURNISHED ON OR AFTER THE EFFECTIVE DATE OF MODIFICATION. **THERE IS NO VESTED RIGHT TO RECEIVE THE BENEFITS OF THIS PLAN.**

Eligibility

Information pertaining to your eligibility, enrollment, cancellation or termination of coverage, conversion rights, etc. can be found in the CalPERS informational booklet "Health Program Guide." The booklet is prepared by CalPERS Office of Employer and Member Health Services in Sacramento. A copy of this booklet can be ordered using the postage-paid order card included in the Open Enrollment mailing, through the CalPERS Web site (<http://www.calpers.ca.gov>), by calling CalPERS, or by contacting your Health Benefits Officer.

Remember, it is your responsibility to stay informed about your coverage. If you have any questions, consult your Health Benefits Officer in your agency or the retirement system from which you receive your allowance, or contact CalPERS at the address or telephone number shown below:

Benefits of this Plan become effective at 12:01 a.m. Pacific Time on the eligibility date established by CalPERS.

Enrollment

Information pertaining to enrollment can be found in the CalPERS "Health Program Guide." To enroll, you must complete CalPERS form HBD-12. If you need assistance in completing this form, consult your Health Benefits Officer in your agency.

How to Use the Plan

Choice of Physicians and Providers

PLEASE READ THE FOLLOWING INFORMATION SO YOU WILL KNOW FROM WHOM OR WHAT GROUP OF PROVIDERS HEALTH CARE MAY BE OBTAINED.

Payment of Providers

Blue Shield generally contracts with groups of physicians to provide services to Members. A fixed, monthly fee is paid to these groups of physicians for each Member whose Personal Physician is in the group. This payment system, capitation, includes incentives to the groups of physicians to manage all services provided to Members in an appropriate manner consistent with the Agreement.

If you want to know more about this payment system, contact Member Services at the number listed on the back cover of this booklet or talk to your Plan provider.

Selecting a Personal Physician

A close physician-to-patient relationship is an important ingredient that helps to ensure the best medical care. Each Member is therefore required to select a Personal Physician at the time of enrollment. Family members can choose different Personal Physicians in different medical groups or IPAs, except as described for newborns below. This decision is an important one because your Personal Physician will:

BASIC PLAN

- Help you decide on actions to maintain and improve your total health;
- Coordinate and direct all of your medical care needs;
- Authorize emergency services when appropriate;
- Work with your medical group or IPA to arrange your referrals to specialty physicians, hospitals and all other health services, including obtaining any prior authorization you will need from your medical group or IPA or Blue Shield;
- Prescribe those lab tests, x-rays and services you require;
- If you request it, assist you in obtaining prior approval from the Mental Health Services Administrator (MHSA) for mental health and substance abuse services. See the Mental Health and Substance Abuse Services paragraphs in the How to Use the Plan section for information; and,
- Assist you in applying for admission into a hospice program through a participating hospice agency when necessary.

To ensure access to services, each Member must select a Personal Physician who is located sufficiently close to the Member's home or work address to ensure reasonable access to care, as determined by Blue Shield. If you do not select a Personal Physician at the time of enrollment, the Plan will designate a Personal Physician for you and you will be notified of the name of the designated Personal Physician. This designation will remain in effect until you notify the Plan of your selection of a different Personal Physician.

A Personal Physician must also be selected for a newborn or child placed for adoption, preferably prior to birth or adoption, but always within 31 days from the date of birth or placement for adoption. The Personal Physician selected for the month of birth must be in the same medical group or IPA as the mother's Personal Physician when the newborn is the natural child of the mother. If the mother of the newborn is not enrolled as a Member or if the child has been placed with the subscriber for adoption, the Personal Physician selected must be a physician in the same medical group or IPA as the sub-

scriber. If you do not select a Personal Physician within 31 days following the birth or placement for adoption, the Plan will designate a Personal Physician from the same medical group or IPA as the natural mother or the subscriber. This designation will remain in effect for the first calendar month during which the birth or placement for adoption occurred. If you want to change the Personal Physician for the child after the month of birth or placement for adoption, see the section below on Changing Personal Physicians or Designated Medical Group or IPA. If your child is ill during the first month of coverage, be sure to read the information about changing Personal Physicians during a course of treatment or hospitalization.

Remember that if you want your child covered beyond the 31 days from the date of birth or placement for adoption, you should contact CalPERS Office of Employer and Member Health Services and Blue Shield to add your child to your coverage.

Role of the Medical Group or IPA

Most Blue Shield Access+ HMO Personal Physicians contract with medical groups or IPAs to share administrative and authorization responsibilities. (Of note, some Personal Physicians contract directly with Blue Shield.) Your Personal Physician coordinates with your designated medical group or IPA to direct all of your medical care needs and refer you to specialists or hospitals within your designated medical group or IPA unless because of your health condition, care is unavailable within the medical group or IPA.

Your designated medical group or IPA (or Blue Shield when noted on your identification card) ensures that a full panel of specialists is available to provide your health care needs and helps your Personal Physician manage the utilization of your health plan benefits by ensuring that referrals are directed to providers who are contracted with them. Medical groups or IPAs also have admitting arrangements with hospitals contracted with Blue Shield in their area and some have special arrangements that designate a specific hospital as "in network." Your designated medical group or IPA works with your Personal

BASIC PLAN

Physician to authorize services and ensure that that service is performed by their in network provider.

The name of your Personal Physician and your designated medical group or IPA (or, “Blue Shield Administered”) is listed on your Access+ HMO identification card. The Blue Shield HMO Member Services Department can answer any questions you may have about changing the medical group or IPA designated for your Personal Physician and whether the change would affect your ability to receive services from a particular specialist or hospital.

Changing Personal Physicians or Designated Medical Group or IPA

You or your dependent may change Personal Physicians or designated medical group or IPA by calling the Member Services Department at 1-800-334-5847. Some Personal Physicians are affiliated with more than one medical group or IPA. If you change to a medical group or IPA with no affiliation to your Personal Physician, you must select a new Personal Physician affiliated with the new medical group or IPA and transition any specialty care you are receiving to specialists affiliated with the new medical group or IPA. **The change will be effective the first day of the month following notice of approval by Blue Shield.** Once your Personal Physician change is effective, all care must be provided or arranged by the new Personal Physician, except for OB/GYN services provided by an obstetrician/gynecologist or a family practice physician within the same medical group or IPA as your Personal Physician and Access+ Specialist visits. Once your medical group or IPA change is effective, all previous authorizations for specialty care or procedures are no longer valid and must be transitioned to specialists affiliated with the new medical group or IPA, even if you remain with the same Personal Physician. Member Services will assist you with the timing and choice of a new Personal Physician or medical group or IPA.

Voluntary medical group or IPA changes are not permitted during the third trimester of pregnancy or while confined to a hospital. The effective date of your new medical group or IPA will

be the first of the month following discharge from the hospital, or when pregnant, following the completion of post-partum care.

Additionally, changing your Personal Physician or designated medical group or IPA during a course of treatment may interrupt the quality and continuity of your health care. For this reason, the effective date of your new Personal Physician or designated medical group or IPA, when requested during a course of treatment, will be the first of the month following the date it is medically appropriate to transfer your care to your new Personal Physician or designated medical group or IPA, as determined by the Plan.

Exceptions must be approved by the Blue Shield Medical Director. For information about approval for an exception to the above provision, please contact Member Services.

If your Personal Physician discontinues participation in the Plan, Blue Shield will notify you in writing and designate a new Personal Physician for you in case you need immediate medical care. You will also be given the opportunity to select a new Personal Physician of your own choice within 15 days of this notification. Your selection must be approved by Blue Shield prior to receiving any services under the Plan. In the event that your selection has not been approved and an emergency arises, see I. Emergency Services, page 26 for information.

IT IS IMPORTANT TO KNOW THAT WHEN YOU ENROLL IN THE BLUE SHIELD ACCESS+ HMO, SERVICES ARE PROVIDED THROUGH THE PLAN'S DELIVERY SYSTEM, BUT THE CONTINUED PARTICIPATION OF ANY ONE DOCTOR, HOSPITAL OR OTHER PROVIDER CANNOT BE GUARANTEED.

Continuity of Care by a Terminated Provider

Members who are being treated for acute conditions, serious chronic conditions, pregnancies (including immediate postpartum care), or terminal illness; or who are children from birth to

BASIC PLAN

36 months of age; or who have received authorization from a now-terminated provider for surgery or another procedure as part of a documented course of treatment can request completion of care in certain situations with a provider who is leaving the Blue Shield provider network. Contact Member Services to receive information regarding eligibility criteria and the policy and procedure for requesting continuity of care from a terminated provider.

Relationship With Your Personal Physician

The physician-patient relationship you and your Personal Physician establish is very important. The best effort of your Personal Physician will be used to ensure that all medically necessary and appropriate professional services are provided to you in a manner compatible with your wishes. If your Personal Physician recommends procedures or treatments which you refuse, or you and your Personal Physician fail to establish a satisfactory relationship, you may select a different Personal Physician. Member Services can assist you with this selection.

Your Personal Physician will advise you if he believes that there is no professionally acceptable alternative to a recommended treatment or procedure. If you continue to refuse to follow the recommended treatment or procedure, Member Services can assist you in the selection of another Personal Physician.

Repeated failures to establish a satisfactory relationship with a Personal Physician may result in termination of your coverage, but only after you have been given access to other available Personal Physicians and have been unsuccessful in establishing a satisfactory relationship. Any such termination will take place in accordance with written procedures established by Blue Shield and only after written notice to the Member which describes the unacceptable conduct, provides the Member with an opportunity to respond and warns the Member of the possibility of termination.

How to Receive Care

Use of Personal Physician

At the time of enrollment, you will choose a Personal Physician who will coordinate all covered services. **You must contact your Personal Physician for all health care needs, including preventive services, routine health problems, consultations with Plan specialists (except as provided under Obstetrical/Gynecological (OB/GYN) Physician Services, Access+ Specialist, and Mental Health and Substance Abuse Services), admission into a hospice program through a participating hospice agency, emergency services, urgent services and for hospitalization.** The Personal Physician is responsible for providing primary care and coordinating or arranging for referral to other necessary health care services and obtaining any needed prior authorization by your medical group or IPA or Blue Shield. You should cancel any scheduled appointments at least 24 hours in advance. This policy applies to appointments with or arranged by your Personal Physician or the Mental Health Services Administrator (MHSA) and self-arranged appointments to an Access+ Specialist or for OB/GYN services. Because your physician has set aside time for your appointments in a busy schedule, you need to notify the office within 24 hours if you are unable to keep the appointment. That will allow the office staff to offer that time slot to another patient who needs to see the physician. Some offices may advise you that a fee (not to exceed your copayment) will be charged for missed appointments unless you give 24-hour advance notice or missed the appointment because of an emergency situation.

If you have not selected a Personal Physician for any reason, you must contact Member Services at 1-800-334-5847, Monday through Friday, between 7 a.m. and 7 p.m. to select a Personal Physician to obtain benefits.

Obstetrical/Gynecological (OB/GYN) Physician Services

A female Member may arrange for obstetrical and/or gynecological (OB/GYN) services by an obstetrician/gynecologist or a family practice physician who is not her designated Personal Physician without obtaining a referral. However,

BASIC PLAN

the obstetrician/gynecologist or family practice physician must be in the same medical group or IPA as her Personal Physician.

Obstetrical and gynecological services are defined as:

- Physician services related to prenatal, perinatal and postnatal (pregnancy) care,
- Physician services provided to diagnose and treat disorders of the female reproductive system and genitalia,
- Physician services for treatment of disorders of the breast,
- Routine annual gynecological examinations/annual well-woman examinations.

It is important to note that services by an obstetrician/gynecologist or a family practice physician outside of the Personal Physician's medical group or IPA without referral will not be covered under this Plan. Before making the appointment, the Member should call the Member Services Department at 1-800-334-5847 to confirm that the obstetrician/gynecologist or family practice physician is in the same medical group or IPA as her Personal Physician.

The OB/GYN physician services are separate from the Access+ Specialist feature described below.

Referral to Specialty Services and Second Medical Opinions

Although self-referrals to Plan specialists are allowed through the Access+ Specialist feature described below, Blue Shield encourages you to receive specialty services through a referral from your Personal Physician. The Personal Physician is responsible for coordinating all of your health care needs and can best direct you for required specialty services. Your Personal Physician will generally refer you to a Plan specialist or Plan non-physician health care practitioner in the same medical group or IPA as your Personal Physician, but you can be referred outside the medical group or IPA if the type of specialist or non-physician health care practitioner needed is not available within your Personal Physician's medical group or IPA. Your Personal Physician will obtain any necessary prior authorization

from your medical group or IPA or Blue Shield. For mental health care and substance abuse benefits, see the Mental Health and Substance Abuse Services paragraphs in the How to Use the Plan section for information regarding how to access care. The Plan specialist or Plan non-physician health care practitioner will provide a complete report to your Personal Physician so that your medical record is complete.

If there is a question about your diagnosis, plan of care, or recommended treatment, including surgery, or if additional information concerning your condition would be helpful in determining the diagnosis and the most appropriate plan of treatment, or if the current treatment plan is not improving your medical condition, you may ask your Personal Physician to refer you to another physician for a second medical opinion. The second opinion will be provided on an expedited basis, where appropriate. If you are requesting a second opinion about care you received from your Personal Physician, the second opinion will be provided by a physician within the same medical group or IPA as your Personal Physician. If you are requesting a second opinion about care received from a specialist, the second opinion may be provided by any Plan specialist of the same or equivalent specialty. All second opinion consultations must be authorized by the Plan. Your Personal Physician may also decide to offer such a referral even if you do not request it. State law requires that health plans disclose to Members, upon request, the timelines for responding to a request for a second medical opinion. To request a copy of these timelines, you may call the Member Services Department at the number listed on the back cover of this booklet.

If your Personal Physician belongs to a medical group or IPA that participates as an Access+ Provider, you may also arrange a second opinion visit with another physician in the same medical group or IPA without a referral, subject to the limitations described in the Access+ Specialist paragraphs later in this section.

To obtain referral for specialty services, including lab and x-ray, you must first contact your Personal Physician. If the Personal Physician de-

BASIC PLAN

termines that specialty services are medically necessary, the physician will complete a referral form and notify the Plan. **Your Personal Physician will designate the Plan provider from whom you will receive services.** When no Plan provider is available to perform the needed service, the Personal Physician will refer you to a non-Plan provider after obtaining authorization. This authorization procedure is handled for you by your Personal Physician.

In certain situations where the Member's medical condition or disease is life-threatening, degenerative, or disabling and requires specialized medical care over a prolonged period of time, the Personal Physician may make a standing referral (more than one visit) to an appropriate specialist.

Referral by a Personal Physician does not guarantee coverage for referral services. The eligibility provisions, exclusions and limitations will apply.

Access+ Specialist

You may arrange an office visit with a Plan specialist in the same medical group or IPA as your Personal Physician without a referral from your Personal Physician, subject to the limitations described below. Access+ Specialist office visits are available only to Members whose Personal Physicians belong to a medical group or IPA that participates as an Access+ Provider. Refer to the HMO Physician and Hospital Directory or call Blue Shield Member Services at 1-800-334-5847 to determine whether a medical group or IPA is an Access+ Provider. You will be responsible for a \$30 copayment for each Access+ Specialist visit. This copayment is in addition to any copayments that you may incur for specific benefits as described in the Summary of Benefits. Each follow-up office visit with the Plan specialist which is not referred or authorized by your Personal Physician is a separate Access+ Specialist visit and requires a separate \$30 copayment.

You should cancel any scheduled Access+ Specialist appointment at least 24 hours in advance. Unless you give 24-hour advance notice or miss the appointment because of an emergency situa-

tion, the physician's office may charge you a fee as much as the Access+ Specialist copayment.

For Access+ Specialist visits for mental health and substance abuse services, see the following Mental Health and Substance Abuse Services paragraphs.

The Access+ Specialist visit includes:

- An examination or other consultation provided to you by a medical group Plan specialist without referral from your Personal Physician;
- Conventional x-rays such as chest x-rays, abdominal flat plates, and x-rays of bones to rule out the possibility of fracture (but does not include any diagnostic imaging such as CT, MRI, or bone density measurement);
- Laboratory services;
- Diagnostic or treatment procedures which a Plan specialist would regularly provide under a referral from the Personal Physician.

An Access+ Specialist visit does not include:

- Any services which are not covered or which are not medically necessary;
- Services provided by a non-Access+ Provider (such as podiatry and physical therapy), except for the x-ray and laboratory services described above;
- Allergy testing;
- Endoscopic procedures;
- Any diagnostic imaging including CT, MRI, or bone density measurement;
- Injectables, chemotherapy or other infusion drugs, other than vaccines and antibiotics;
- Infertility services;
- Emergency services;
- Urgent services;
- Inpatient services, or any services which result in a facility charge, except for routine x-ray and laboratory services;
- Services for which the medical group or IPA routinely allows the Member to self-

BASIC PLAN

refer without authorization from the Personal Physician;

- OB/GYN services by an obstetrician/gynecologist or a family practice physician within the same medical group or IPA as the Personal Physician;
- Internet-based consultations.

Lifepath Advisers

Blue Shield of California's Lifepath Advisers provides Members with no charge, confidential, unlimited telephone support for information, consultations, and referrals for health and psychosocial issues. Members may obtain these services by calling 1-866-543-3728, a 24-hour, toll-free telephone number. There is no charge for these services.

Lifepath Advisers includes a nurseline (see C. Preventive Health Services) and a psychosocial support feature (see the following section Mental Health and Substance Abuse Services).

Mental Health and Substance Abuse Services

Blue Shield of California has contracted with a Mental Health Services Administrator (MHSA) to underwrite and deliver all mental health and substance abuse services through a unique network of mental health Participating Providers. (See Mental Health Services Administrator under the Definitions section for more information.) **All non-emergency mental health and substance abuse services, except for Access+ Specialist visits, must be arranged through the MHSA.** Members do not need to arrange for mental health and substance abuse services through their Personal Physician. (See 1. Prior Authorization paragraphs below.)

All mental health and substance abuse services, except for emergency or urgent services, must be provided by a MHSA Participating Provider. MHSA Participating Providers are indicated in the Blue Shield of California Behavioral Health Provider Directory. Members may contact the MHSA directly for information on, and to select a MHSA Participating Provider by calling **1-866-505-3409**. Your Personal Physician may also contact the MHSA to obtain information regarding MHSA Participating Providers for you.

Non-emergency mental health and substance abuse services received from a provider who does not participate in the MHSA Participating Provider network will not be covered and all charges for these services will be the Member's responsibility.

For complete information regarding benefits for mental health and substance abuse services, see Q. Inpatient Mental Health and Substance Abuse Services, page 38 and R. Outpatient Mental Health and Substance Abuse Services, page 38.

1. Prior Authorization

All non-emergency mental health and substance abuse services must be prior authorized by the MHSA. For prior authorization of mental health and substance abuse services, the Member should contact the MHSA at 1-866-505-3409.

Failure to receive prior authorization for mental health and substance abuse services as described, except for emergency and urgent services, will result in the Member being totally responsible for all costs for these services.

Note: The MHSA will render a decision on all requests for prior authorization of services as follows:

- **for urgent services, as soon as possible to accommodate the Member's condition not to exceed 72 hours from receipt of the request;**
- **for other services, within 5 business days from receipt of the request. The treating provider will be notified of the decision within 24 hours followed by written notice to the provider and Member within 2 business days of the decision.**

2. Access+ Specialist Visits for Mental Health and Substance Abuse Services

The Access+ Specialist feature is available for all mental health and substance abuse services except for psychological testing and

BASIC PLAN

written evaluation which are not covered under this benefit.

The Member may arrange for an Access+ Specialist office visit for mental health and substance abuse services without a referral from the MHSA, **as long as the provider is a MHSA Participating Provider**. Refer to the Blue Shield of California Behavioral Health Provider Directory or call the MHSA at **1-866-505-3409** to determine MHSA Participating Providers. Members will be responsible for a \$30 copayment for each Access+ Specialist visit for mental health and substance abuse services. Each follow-up office visit for mental health and substance abuse services which is not referred or authorized by the MHSA is a separate Access+ Specialist visit and requires a separate \$30 copayment.

3. Psychosocial Support

Notwithstanding the benefits provided under R. Outpatient Mental Health and Substance Abuse Services, the Member also may call 1-866-543-3728 on an unlimited, 24-hour basis for confidential psychosocial support services available through Lifepath Advisers. Professional counselors will provide support through assessment, referrals and counseling.

In California, support may include, as appropriate, a referral to a counselor for a maximum of three no charge, face-to-face visits per episode of major life events. An episode shall mean a single event, or multiple events which occur within a 6-month period and are determined by a counselor to be related. Major life events include work-related problems, marital and relationship issues, family problems, emotional and personal issues and death and dying issues. These visits will not accrue to the benefit maximums that are applicable to mental health and substance abuse services.

In the event that the services required of a Member are most appropriately provided by a psychiatrist or the condition is not likely to

be resolved in a brief treatment regimen, the Member will be referred to the MHSA intake line to access his mental health and substance abuse services which are described under R. Outpatient Mental Health and Substance Abuse Services.

Emergency Services

What is an Emergency?

An emergency means an unexpected medical condition manifesting itself by acute symptoms of sufficient severity (including severe pain) such that a layperson who possesses an average knowledge of health and medicine could reasonably assume that the absence of immediate medical attention could be expected to result in any of the following: (1) placing the Member's health in serious jeopardy, (2) serious impairment to bodily functions, (3) serious dysfunction of any bodily organ or part. **If you receive non-authorized services in a situation that the Blue Shield Access+ HMO determines was not a situation in which a reasonable person would believe that an emergency condition existed, you will be responsible for the costs of those services.**

Members who reasonably believe that they have an emergency medical or mental health condition which requires an emergency response are encouraged to appropriately use the "911" emergency response system where available.

What to do in case of Emergency:

Life Threatening

Obtain care immediately.

Contact your Personal Physician no later than 24 hours after the onset of the emergency.

Non-Life Threatening

Consult your Personal Physician, anytime day or night, regardless of where you are prior to receiving medical care.

Follow-Up Care

Follow-up care, which is any care provided after the initial emergency room visit, must be provided or authorized by your Personal Physician.

BASIC PLAN

For a complete description of the Emergency Services benefit and applicable copayments, see I. Emergency Services, page 26.

Urgent Services

The Blue Shield Access+ HMO provides coverage for you and your family for your urgent service needs when you or your family are temporarily traveling outside of your Personal Physician service area.

Urgent services are defined in Section 3, page 118, under Definitions. Out-of-area follow-up care is defined in Section 3, page 116, under Definitions.

Outside of California or the United States

The Blue Shield Access+ HMO provides coverage for you and your family for your urgent service needs when you or your family are temporarily traveling outside of California. You can receive urgent care services from any provider; however, using the BlueCard® Program, described below, can be more cost-effective and eliminate the need for you to pay for the services when they are rendered and submit a claim for reimbursement.

Through the BlueCard Program, you can access urgent care services across the country and around the world. While traveling within the United States, you can locate a BlueCard Program participating provider any time by calling 1-800-810-BLUE (2583) or by going to www.blueshieldca.com. If you are traveling outside of the United States, you can call 1-804-673-1177 collect 24 hours a day to locate a BlueCard Worldwide® Network provider.

Out-of-area follow-up care is covered and may be received through the BlueCard Program participating provider network or from any provider. However, authorization by the Blue Shield Access+ HMO is required for more than two out-of-area follow-up care outpatient visits or for care that involves a surgical or other procedure or inpatient stay. The Blue Shield Access+ HMO may direct the patient to receive the additional follow-up services from the Personal Physician.

If services are not received from a BlueCard Program participating provider, you may be required to pay the provider for the entire cost of the service and submit a claim to the Blue Shield Access+ HMO. Claims for urgent services and out-of-area follow-up care rendered outside of California and not provided by a BlueCard Program participating provider will be reviewed retrospectively for coverage.

Under the BlueCard Program, when you obtain health care services outside of California, the amount you pay, if not subject to a flat dollar copayment, is calculated on the **lower** of:

1. The billed charges for your covered services, or
2. The negotiated price that the on-site Blue Cross and/or Blue Shield plan (“Host Blue”) passes on to us.

Often, this "negotiated price" will consist of a simple discount which reflects the actual price paid by the Host Blue. But sometimes it is an estimated price that factors into the actual price expected settlements, withholds, any other contingent payment arrangements and non-claims transactions with your health care provider or with a specified group of providers. The negotiated price may also be billed charges reduced to reflect an average expected savings with your health care provider or with a specified group of providers. The price that reflects average savings may result in greater variation (more or less) from the actual price paid than will the estimated price. The negotiated price will also be adjusted in the future to correct for over- or underestimation of past prices. However, the amount you pay is considered a final price.

Statutes in a small number of states may require the Host Blue to use a basis for calculating Member liability for covered services that does not reflect the entire savings realized, or expected to be realized, on a particular claim or to add a surcharge. Should any state statutes mandate Member liability calculation methods that differ from the usual BlueCard Program method noted above or require a surcharge, Blue Shield of California would then calculate your liability

BASIC PLAN

for any covered health care services in accordance with the applicable state statute in effect at the time you received your care.

For any other providers, the amount you pay, if not subject to a flat dollar copayment, is calculated on the provider's billed charges for your covered services.

Within California

If you are temporarily traveling within California, but are outside of your Personal Physician service area, if possible you should call Blue Shield Member Services at 1-800-334-5847 for assistance in receiving urgent services through a Blue Shield of California Plan provider. You may also locate a Plan provider by visiting our web site at <http://www.blueshieldca.com>. However, you are not required to use a Blue Shield of California Plan provider to receive urgent services; you may use any provider. Remember that when you are within your Personal Physician service area, urgent services must be provided or authorized by your Personal Physician just like all other non-emergency services of the Plan.

Follow-up care is also covered through a Blue Shield of California Plan provider and may also be received from any provider. However, when outside your Personal Physician service area authorization by the Blue Shield Access+ HMO is required for more than two out-of-area follow-up care outpatient visits or for care that involves a surgical or other procedure or inpatient stay. The Blue Shield Access+ HMO may direct the patient to receive the additional follow-up services from the Personal Physician.

If services are not received from a Blue Shield of California Plan provider, you may be required to pay the provider for the entire cost of the service and submit a claim to the Blue Shield Access+ HMO. Claims for urgent services obtained outside of your Personal Physician service area within California will be reviewed retrospectively for coverage.

When you receive covered urgent services outside your Personal Physician service area within California, the amount you pay, if not subject to

a flat dollar copayment, is calculated on Blue Shield's allowed charges.

See J. Urgent Services, page 27 for benefit description, applicable copayment information, and information on payment responsibility and claims submission.

Inpatient, Home Health Care and Other Services

The Personal Physician is responsible for obtaining prior authorization from the Plan before you can be admitted to the hospital or a skilled nursing facility, including subacute care admissions, except for mental health and substance abuse services which are described in the previous Mental Health and Substance Abuse Services section. The Personal Physician is responsible for obtaining prior authorization from the Plan before you can receive home health care and certain other services or before you can be admitted into a hospice program through a participating hospice agency. If the Personal Physician determines that you should receive any of these services, he or she will request authorization from the Plan. Your Personal Physician will arrange for your admission to the hospital, skilled nursing facility, or a hospice program through a participating hospice agency, as well as for the provision of home health care and other services.

For hospital admissions for mastectomies or lymph node dissections, the length of hospital stays will be determined solely by the Member's physician in consultation with the Member. For information regarding length of stay for maternity or maternity-related services, see F. Pregnancy and Maternity Care, for information relative to the Newborns' and Mothers' Health Protection Act.

Liability of Member for Payment

It is important to note that all services except for those meeting the emergency and out of service area urgent services requirements, Access+ Specialist visits, hospice program services received from a participating hospice agency after the Member has been accepted into the hospice program, OB/GYN services by an obstetrician/gynecologist or a family practice physician

BASIC PLAN

who is in the same medical group or IPA as the Personal Physician, and all mental health and substance abuse services, must have prior approval by the Personal Physician. The Member will be responsible for payment of services that are not authorized by the Personal Physician or those that are not an emergency or covered out of service area urgent service procedures. (See the previous Urgent Services paragraphs for information on receiving urgent services out of the service area but within California.) Members must obtain services from the Plan providers that are authorized by their Personal Physician and, for all mental health and substance abuse services, from MHSA Participating Providers. Hospice services must be received from a participating hospice agency.

If your condition requires services which are available from the Plan, payment for services rendered by non-Plan providers will not be considered unless the medical condition requires emergency or urgent services.

You are responsible for paying a minimum charge (copayment) to the physician or provider of services at the time you receive services. The specific copayments, as applicable, are listed after the benefit description. There are no deductibles to be met.

Limitation of Liability

Members shall not be responsible to Plan providers for payment for services if they are a benefit of the Plan. When covered services are rendered by a Plan provider, the Member is responsible only for the applicable copayments, except as set forth in the Third Party Recovery Process and the Member's Responsibility section. Members are responsible for the full charges for any non-covered services they obtain.

Member Identification Card

You will receive your Blue Shield Access+ HMO Identification Card after enrollment. If you do not receive your Identification Card or if you need to obtain medical or prescription services before your card arrives, contact the Blue Shield Member Services Department so that

they can coordinate your care and direct your Personal Physician or pharmacy.

Member Services Department

For all services other than mental health and substance abuse

If you have a question about services, providers, benefits, how to use this plan, or concerns regarding the quality of care or access to care that you have experienced, you should call the Blue Shield Member Services Department at **1-800-334-5847**. The hearing impaired may contact Blue Shield's Member Services Department through Blue Shield's toll-free TTY number, 1-800-241-1823. Member Services can answer many questions over the telephone.

Expedited Decision

Blue Shield of California has established a procedure for our Members to request an expedited decision (including those regarding grievances). A Member, physician, or representative of a Member may request an expedited decision when the routine decision making process might seriously jeopardize the life or health of a Member, or when the Member is experiencing severe pain. Blue Shield shall make a decision and notify the Member and physician as soon as possible to accommodate the Member's condition not to exceed 72 hours following the receipt of the request. An expedited decision may involve admissions, continued stay or other health care services. If you would like additional information regarding the expedited decision process, or if you believe your particular situation qualifies for an expedited decision, please contact our Member Services Department at 1-800-334-5847.

For all mental health and substance abuse services

For all mental health and substance abuse services Blue Shield of California has contracted with the Plan's Mental Health Services Administrator (MHSA). The MHSA should be contacted for questions about mental health and substance abuse services, MHSA Participating Providers, or mental health and substance abuse benefits.

BASIC PLAN

You may contact the MHSA at the telephone number or address which appear below:

For information on additional rights, see the Grievance Process section on page 47.

Rates for Basic Plan

State Employees and Annuitants

The rates shown below are effective January 1, 2007, and will be reduced by the amount the State of California contributes toward the cost of your health benefit plan. These contribution amounts are subject to change as a result of collective bargaining agreements or legislative action. Any such change will be accomplished by the State Controller or affected retirement system without any action on your part. For current contribution information, contact your employing agency or retirement system health benefits officer.

BASIC PLAN

Contracting Agency Employees and Annuitants

The rates charged are based on the pricing region in which the employee/annuitant resides. See page 124 for a description of the pricing regions. If the employee/annuitant lives outside of the Plan's service area and is enrolled based on place of employment, then the pricing region for the place of employment will apply. If the employee/annuitant moves from one pricing region to another, rates will change on the first of the month following the change of residence. The rates shown below are effective January 1, 2007, and will be reduced by the amount your contracting agency contributes toward the cost of your health benefit plan. This amount varies among public agencies. For assistance on calculating your net contribution, contact your agency or retirement system health benefits officer.

Rate Change

The plan rates may be changed as of January 1, 2008, following at least 60 days' written notice to the Board prior to such change.

BASIC PLAN

Benefit Descriptions

The Plan benefits available to you are listed in this section. The copayments for these services, if applicable, follow each benefit description.

The following are the basic health care services covered by the Blue Shield Access+ HMO without charge to the Member, except for copayments where noted, and as set forth in the Third Party Recovery Process and the Member's Responsibility section. These services are covered when medically necessary, and when provided by the Member's Personal Physician or other Plan provider or authorized by the Member's Personal Physician or the Blue Shield Access+ HMO, or received according to the provisions described under Obstetrical/Gynecological (OB/GYN) Physician Services, Access+ Specialist, and Mental Health and Substance Abuse Services. Coverage for these services is subject to all terms, conditions, limitations and exclusions of the Agreement, to any conditions or limitations set forth in the benefit descriptions below, and to the Exclusions and Limitations set forth in this booklet.

A. Hospital Services

The following hospital services customarily furnished by a hospital will be covered when medically necessary and authorized by the Blue Shield Access+ HMO.

1. Inpatient hospital services include:
 - a. Semi-private room and board, unless a private room is medically necessary;
 - b. General nursing care, and special duty nursing when medically necessary;
 - c. Meals and special diets when medically necessary;
 - d. Intensive care services and units;
 - e. Operating room, special treatment rooms, delivery room, newborn nursery and related facilities;
 - f. Hospital ancillary services including diagnostic laboratory, x-ray services and therapy services;
 - g. Drugs, medications, biologicals, and oxygen administered in the hospital, and up to 3 days' supply of drugs supplied upon discharge by the Plan physician for the purpose of transition from the hospital to home;
 - h. Surgical and anesthetic supplies, dressings and cast materials, surgically implanted devices and prostheses, other medical supplies and medical appliances and equipment administered in hospital;
 - i. Processing, storage and administration of blood, and blood products (plasma), in inpatient and outpatient settings. Includes the storage and collection of autologous blood;
 - j. Radiation therapy, chemotherapy and renal dialysis;
 - k. Respiratory therapy and other diagnostic, therapeutic and rehabilitation services as appropriate;
 - l. Coordinated discharge planning, including the planning of such continuing care as may be necessary;
 - m. Inpatient services, including general anesthesia and associated facility charges, in connection with dental procedures when hospitalization is required because of an underlying medical condition and clinical status or because of the severity of the dental procedure. Includes enrollees under the age of 7 and the developmentally disabled who meet these criteria. Excludes services of dentist or oral surgeon;
 - n. Subacute care;
 - o. Medically necessary inpatient substance abuse detoxification services required to treat potentially life-threatening symptoms of acute toxicity or acute withdrawal are covered when a covered Member is admitted through the emergency room or when medically necessary inpatient substance abuse detoxification is prior authorized by the Plan;

BASIC PLAN

- p. Rehabilitation when furnished by the hospital and authorized by the Blue Shield Access+ HMO.

See Section O. for inpatient hospital services provided under the “Hospice Program Services” benefit.

Copayment: No charge.

- 2. Outpatient hospital services include:
 - a. Services and supplies for treatment or surgery in an outpatient hospital setting or ambulatory surgery center;
 - b. Outpatient services, including general anesthesia and associated facility charges, in connection with dental procedures when the use of a hospital or outpatient facility is required because of an underlying medical condition and clinical status or because of the severity of the dental procedure. Includes enrollees under the age of 7 and the developmentally disabled who meet these criteria. Excludes services of dentist or oral surgeon.

Copayment: No charge.

B. Physician Services (Other Than for Mental Health and Substance Abuse Services)

1. Physician Office Visits

Office visits for examination, diagnosis and treatment of a medical condition, disease or injury, including specialist office visits, second opinion or other consultations, diabetic counseling, and OB/GYN services from an obstetrician/gynecologist or a family practice physician who is within the same medical group or IPA as the Personal Physician. Benefits are also provided for asthma self-management training and education to enable a Member to properly use asthma-related medication and equipment such as inhalers, spacers, nebulizers and peak flow monitors.

Copayment: \$10 per visit. No additional charge for surgery or anesthesia;

radiation or renal dialysis treatments; medications administered in the physician’s office, including chemotherapy.

2. Allergy Testing and Treatment

Office visits for the purpose of allergy testing and treatment, including injectables and serum.

Copayment: \$10 per visit or treatment.

3. Inpatient Medical and Surgical Services

Physicians’ services in a hospital or skilled nursing facility for examination, diagnosis, treatment, and consultation, including the services of a surgeon, assistant surgeon, anesthesiologist, pathologist, and radiologist. Inpatient physician services are covered only when hospital and skilled nursing facility services are also covered.

Copayment: No charge.

4. Medically necessary home visits by Plan physician

Copayment: \$10 per visit.

5. Treatment of physical complications of a mastectomy, including lymphedemas

Copayment: \$10 per visit.

6. Internet-Based Consultations. Medically necessary consultations with Internet Ready Physicians via Blue Shield approved Internet portal. Internet-based consultations are available only to Members whose Personal Physicians (or other physicians to whom you have been referred for care within your Personal Physician’s medical group or IPA) have agreed to provide Internet-based consultations via the Blue Shield approved Internet portal (“Internet Ready”). Internet-based consultations for mental health and substance abuse care are not covered. Refer to the On-Line Physician Directory to determine whether your physician is Internet Ready and how to initiate an Internet-based

BASIC PLAN

consultation. This information can be accessed at <http://www.blueshieldca.com>.

Copayment: \$10 per consultation.

C. Preventive Health Services

Preventive care services are those primary preventive medical services provided by a physician for the early detection of disease when no symptoms are present and for those items specifically listed below.

1. Scheduled routine physical examinations as follows:

- Well baby care through age 2 years;
- Exams every year, age 3-19 years;
- Exams every 5 years, age 20-40 years;
- Exams every 2 years, age 41-50 years;
- Exams every year over age 50 years;
- Routine breast and pelvic exams and Pap tests or other Food and Drug Administration (FDA) approved cervical cancer screening tests every year. A woman may self-refer to an obstetrician/gynecologist or a family practice physician who is in the same medical group or IPA as her Personal Physician for a routine annual gynecological exam;
- Mammography for screening purposes as recommended by Member's Personal Physician;
- Annual gynecological exam - annual routine examination by an obstetrician/gynecologist without a referral from the Member's Personal Physician, as long as the obstetrician/gynecologist is in the same medical group or IPA as her Personal Physician.

a. Periodic health examinations for children. Includes all routine diagnostic testing and laboratory services appropriate for such examinations through the age of 18 consistent with the most recent version of the Recommendations for Preventive Pediatric Health Care, as adopted by the American Academy of Pediatrics.

b. Periodic health examinations for adults. Includes all routine diagnostic testing and laboratory services appropriate for such examinations as recommended by the most recent version with all updates of the *Guide to Preventive Services* of the U.S. Preventive Services Task Force as convened by the U.S. Public Health Service. Includes coverage for the screening and diagnosis of prostate cancer, including, but not limited to, prostate-specific antigen testing and digital rectal examinations, when medically necessary and consistent with good medical practice.

2. Immunizations. Immunizations for children through the age of 18 and adults as recommended by the Centers for Disease Control and Prevention's Advisory Committee on Immunization Practices (ACIP) and accepted by the American College of Obstetricians and Gynecologists, the American Academy of Family Physicians, and the American Academy of Pediatrics. Includes immunizations required for travel and immunizations, such as Hepatitis B, for individuals at occupational risk.

Copayment: \$10 per immunization.

3. Vision screening by the Personal Physician for Members to determine the need for a refraction for vision correction.

4. Hearing screening by the Personal Physician for Members to determine the need for an audiogram for hearing correction, as well as newborn hearing screening services.

Copayment: \$10 per visit. (Applicable to 1,3,4, above.)

5. Eye refraction to determine the need for corrective lenses for all Members upon referral by the Personal Physician.

Copayment: \$10 per visit. (Limited to one visit per calendar year, for Members aged 18 and over. No limit on number of visits for Members under age 18.)

BASIC PLAN

6. Nurseline: As part of Lifepath Advisers, Members may call a registered nurse via 1-866-543-3728, a 24-hour, toll-free number to receive confidential advice and information about minor illnesses and injuries, chronic conditions, fitness, nutrition and other health-related topics.

Copayment: No charge.

See Section D. for information on coverage of genetic testing and diagnostic procedures.

D. Diagnostic X-ray/Lab Services

1. X-ray, Laboratory, Major Diagnostic Services. All outpatient diagnostic x-ray and clinical laboratory tests and services, including diagnostic imaging, electrocardiograms, diagnostic clinical isotope services, bone mass measurements, and periodic blood lipid screening.
2. Genetic Testing and Diagnostic Procedures. Genetic testing for certain conditions when the Member has risk factors such as family history or specific symptoms. The testing must be expected to lead to increased or altered monitoring for early detection of disease, a treatment plan or other therapeutic intervention and determined to be medically necessary and appropriate in accordance with Blue Shield of California medical policy.

See Section F. for genetic testing for prenatal diagnosis of genetic disorders of the fetus.

Copayment: No charge.

E. Durable Medical Equipment, Prostheses and Orthoses and Other Services

Medically necessary durable medical equipment, prostheses and orthoses for activities of daily living, and supplies needed to operate home medical equipment; oxygen and oxygen equipment and its administration; blood glucose monitors as medically appropriate for insulin dependent, non-insulin dependent and gestational diabetes; apnea monitors; and ostomy and medical supplies to support and maintain gastro-

intestinal, bladder or respiratory function are covered. Benefits are provided at the most cost-effective level of care that is consistent with professionally recognized standard of practice. If there are two or more professionally recognized items equally appropriate for a condition, benefits will be based on the most cost-effective item.

1. Durable Medical Equipment

- a. Replacement of durable medical equipment is covered only when it no longer meets the clinical needs of the patient or has exceeded the expected lifetime of the item.*

*This does not apply to the medically necessary replacement of nebulizers, face masks and tubing, and peak flow monitors for the management and treatment of asthma. (See Section P. for benefits for asthma inhalers and inhaler spacers.)

- b. Medically necessary repairs and maintenance of durable medical equipment, as authorized by Plan provider. Repair is covered unless necessitated by misuse or loss.
- c. Rental charges for durable medical equipment in excess of the purchase price are not covered.
- d. Benefits do not include environmental control equipment or generators. No benefits are provided for backup or alternate items.

See Section V. for devices, equipment and supplies for the management and treatment of diabetes.

If you are enrolled in a hospice program through a participating hospice agency, medical equipment and supplies that are reasonable and necessary for the palliation and management of terminal illness and related conditions are provided by the hospice agency. For information see Section O.

BASIC PLAN

2. Protheses

- a. Medically necessary prostheses for activities of daily living, including the following:
 - 1) Supplies necessary for the operation of prostheses;
 - 2) Initial fitting and replacement after the expected life of the item;
 - 3) Repairs, even if due to damage;
 - 4) Blom-Singer and artificial larynx prostheses for speech following a laryngectomy;
 - 5) Prosthetic devices used to restore a method of speaking following laryngectomy, including initial and subsequent prosthetic devices and installation accessories. This does not include electronic voice producing machines;
 - 6) Cochlear implants;
 - 7) Contact lenses if medically necessary to treat eye conditions such as keratoconus, keratitis sicca or aphakia. Cataract spectacles or intraocular lenses that replace the natural lens of the eye after cataract surgery. If medically necessary with the insertion of the intraocular lens, one pair of conventional eyeglasses or contact lenses;
 - 8) Artificial limbs and eyes.
- b. Routine maintenance is not covered.
- c. Benefits do not include wigs for any reason, self-help/educational devices or any type of speech or language assistance devices, except as specifically provided above. See the Exclusions and Limitations section for a listing of excluded speech and language assistance devices. No benefits are provided for backup or alternate items.

Copayment: No charge.

For surgically implanted and other prosthetic devices (including prosthetic bras) provided to restore and achieve symmetry incident to a mastectomy, see Section W. Blom-Singer and artificial larynx prostheses for speech following a laryngectomy are covered as a surgical professional benefit.

3. Orthoses

- a. Medically necessary orthoses for activities of daily living, including the following:
 - 1) Special footwear required for foot disfigurement which includes but is not limited to foot disfigurement from cerebral palsy, arthritis, polio, spina bifida, diabetes or by accident or developmental disability;
 - 2) Medically necessary functional foot orthoses that are custom made rigid inserts for shoes, ordered by a physician or podiatrist, and used to treat mechanical problems of the foot, ankle or leg by preventing abnormal motion and positioning when improvement has occurred with a trial of strapping or an over-the-counter stabilizing device;
 - 3) Medically necessary knee braces for post-operative rehabilitation following ligament surgery, instability due to injury, and to reduce pain and instability for patients with osteoarthritis.
- b. Benefits for medically necessary orthoses are provided at the most cost-effective level of care that is consistent with professionally recognized standards of practice. If there are two or more professionally recognized appliances equally appropriate for a condition, the Plan will provide benefits based on the most cost-effective appliance. Routine maintenance is not covered. No benefits are provided for backup or alternate items.

BASIC PLAN

- c. Benefits are provided for orthotic devices for maintaining normal activities of daily living only. No benefits are provided for orthotic devices such as knee braces intended to provide additional support for recreational or sports activities or for orthopedic shoes and other supportive devices for the feet.

Copayment: No charge.

See Section V. for devices, equipment and supplies for the management and treatment of diabetes.

F. Pregnancy and Maternity Care

The following pregnancy and maternity care is covered subject to the General Exclusions and Limitations.

1. Prenatal and Postnatal Physician Office Visits

See Section D. for information on coverage of other genetic testing and diagnostic procedures.

Copayment: \$10 per visit.

2. Inpatient Hospital and Professional Services. Hospital and Professional services for the purposes of a normal delivery, C-section, complications or medical conditions arising from pregnancy or resulting childbirth.

Copayment: No charge.

3. Includes providing coverage for all testing recommended by the California Newborn Screening Program and for participating in the statewide prenatal testing program, administered by the State Department of Health Services, known as the Expanded Alpha Feto Protein Program.

Copayment: No charge.

The Newborns' and Mothers' Health Protection Act requires group health plans to provide a minimum hospital stay for the mother and newborn child of 48 hours after a normal, vaginal

delivery and 96 hours after a C-section unless the attending physician, in consultation with the mother, determines a shorter hospital length of stay is adequate.

If the hospital stay is less than 48 hours after a normal, vaginal delivery or less than 96 hours after a C-section, a follow-up visit for the mother and newborn within 48 hours of discharge is covered when prescribed by the treating physician. This visit shall be provided by a licensed health care provider whose scope of practice includes postpartum and newborn care. The treating physician, in consultation with the mother, shall determine whether this visit shall occur at home, the contracted facility, or the physician's office.

G. Family Planning and Infertility Services

1. Family Planning Counseling

Copayment: No charge.

2. Infertility Services. Infertility services (including artificial insemination), except as excluded in the General Exclusions and Limitations, including professional, hospital, ambulatory surgery center, ancillary services and injectable drugs administered or prescribed by the provider to diagnose and treat the cause of infertility.

Copayment: 50% of allowed charges for all services.

3. Sterilization Procedures, including Tubal Ligation and Vasectomy

Copayment: See applicable copayments for Physician Services and Hospital Services.

4. Elective Abortion

Copayment: See applicable copayments for Physician Services and Hospital Services.

5. Contraceptive Devices and Fitting

Copayment: \$10 per visit; \$5 per device in conjunction with office visit. Dia-

BASIC PLAN

phragms also covered under Section P.; see applicable copayments for Prescription Drugs.

6. Oral, Transdermal Patch, and Vaginal Ring Contraceptives

Copayment: See applicable copayments for Prescription Drugs.

7. Injectable Contraceptives, excluding internally implanted time release contraceptives

Copayment: \$10 per visit; \$15 for each injection.

H. Ambulance Services

The Plan will pay for ambulance services as follows:

1. Emergency Ambulance Services

For transportation to the nearest hospital which can provide such emergency care only if a reasonable person would have believed that the medical condition was an emergency medical condition which required ambulance services, as described in Section I.

2. Non-Emergency Ambulance Services

Medically necessary ambulance services to transfer the Member from a non-Plan hospital to a Plan hospital, between Plan facilities, or from facility to home when in connection with authorized confinement/admission and the Blue Shield Access+ HMO authorizes the use of the ambulance.

Copayment: No charge.

I. Emergency Services

An emergency means an unexpected medical condition manifesting itself by acute symptoms of sufficient severity (including severe pain) such that a layperson who possesses an average knowledge of health and medicine could reasonably assume that the absence of immediate medical attention could be expected to result in any of the following: (1) placing the Member's health in serious jeopardy, (2) serious impair-

ment to bodily functions, (3) serious dysfunction of any bodily organ or part. **If you receive services in a situation that the Blue Shield Access+ HMO determines was not a situation in which a reasonable person would believe that an emergency condition existed, you will be responsible for the costs of those services.**

1. Members who reasonably believe that they have an emergency medical or mental health condition which requires an emergency response are encouraged to appropriately use the "911" emergency response system where available. The Member should notify the Personal Physician or the MHSA by phone within 24 hours of the commencement of the emergency services, or as soon as it is medically possible for the Member to provide notice. **Failure to provide notice as stated will result in the services not being covered.**
2. Whenever possible, go to the emergency room of your nearest Blue Shield Access+ HMO hospital for medical emergencies. A listing of Blue Shield Access+ HMO hospitals is available in your HMO Physician and Hospital Directory.
3. The services will be reviewed retrospectively by the Plan to determine whether the services were for a medical condition for which a reasonable person would have believed that they had an emergency medical condition.

Copayment: \$50 per visit in the hospital emergency room. (Emergency services copayment is waived if Member is admitted directly to hospital as an inpatient from emergency room or kept for observation and hospital bills for an emergency room observation visit.)

4. Continuing or Follow-up Treatment. The Plan will provide care in a non-Plan hospital only for as long as the Member's medical condition prevents transfer to a Plan hospital in the Personal Physician service area, as approved by the Plan. **Unauthorized con-**

BASIC PLAN

tinuing or follow-up care after the initial emergency has been treated in a non-Plan hospital, or by a non-Plan provider is not a covered service.

5. Claims for Emergency and Out-of-Area Urgent Services. Contact Member Services to obtain a claim form.
 - a. Emergency. If emergency services were received and expenses were incurred by the Member, for services other than medical transportation, the Member must submit a complete claim with the emergency service record for payment to the Plan, within 1 year after the first provision of emergency services for which payment is requested. If the claim is not submitted within this period, the Plan will not pay for those emergency services, unless the claim was submitted as soon as reasonably possible as determined by the Plan. If the services are not pre-authorized, the Plan will review the claim retrospectively for coverage. If the Plan determines that these services received were for a medical condition for which a reasonable person would not reasonably believe that an emergency condition existed and would not otherwise have been authorized by the Plan, and, therefore, are not covered, it will notify the Member of that determination. The Plan will notify the Member of its determination within 30 days from receipt of the claim. In the event covered medical transportation services are obtained in such an emergency situation, the Blue Shield Access+ HMO shall pay the medical transportation provider directly.
 - b. Out-of-Area Urgent Services. If out-of-area urgent services were received from a non-participating BlueCard Program provider, you must submit a complete claim with the urgent service record for payment to the Plan, within 1 year after the first provision of urgent services for which payment is requested. If the claim is not submitted within this period, the

Plan will not pay for those urgent services, unless the claim was submitted as soon as reasonably possible as determined by the Plan. The services will be reviewed retrospectively by the Plan to determine whether the services were urgent services. If the Plan determines that the services would not have been authorized by the Plan, and therefore, are not covered, it will notify the Member of that determination. The Plan will notify the Member of its determination within 30 days from receipt of the claim.

J. Urgent Services

Urgent services are provided in response to the patient's need for a prompt diagnostic workup and/or treatment.

These services are applicable for a medical or mental disorder that: (1) could become an emergency if not diagnosed and/or treated in a timely manner, (2) is likely to result in prolonged temporary impairment, (3) could increase the risk of necessitating more complex or hazardous treatment, and (4) could develop in a chronic illness or inordinate physical or psychological suffering of the patient.

1. When within California, but outside of your Personal Physician service area, if possible contact Blue Shield Member Services at 1-800-334-5847 for assistance in receiving urgent services. Member Services will assist Members in receiving urgent services through a Blue Shield of California Plan provider. Members may also locate a Plan provider by visiting Blue Shield's internet site at <http://www.blueshieldca.com>. You are not required to use a Blue Shield of California Plan provider to receive urgent services; you may use any provider. However, the services will be reviewed retrospectively by the Plan to determine whether the services were urgent services.
2. When temporarily traveling within the United States, call the 24-hour toll-free number 1-800-810-BLUE (2583) to obtain information about the nearest BlueCard Program participating provider. When a

BASIC PLAN

BlueCard Program participating provider is available, you should obtain out-of-area urgent or follow-up care from a participating provider whenever possible, but you may also receive care from a non-participating BlueCard Program provider. If you received services from a non-Blue Shield provider, you must submit a claim to Blue Shield for payment. The services will be reviewed retrospectively by the Plan to determine whether the services were urgent services. See Section I.5. Claims for Emergency and Out-of-Area Urgent Services for additional information.

Up to two medically necessary out-of-area follow-up care outpatient visits are covered. Authorization by the Blue Shield Access+ HMO is required for more than two follow-up outpatient visits or for care that involves a surgical or other procedure or inpatient stay. The Blue Shield Access+ HMO may direct the Member to receive the additional follow-up care from the Personal Physician.

3. When outside the United States, Members may call the BlueCard Worldwide Network at 1-804-673-1177. Urgent services are available through the BlueCard Worldwide Network, but may be received from any provider.

Before traveling abroad, Members should call their local Member Services office for the most current listing of participating providers worldwide and to obtain a copy of The BlueCard Worldwide Network brochure that provides helpful information on receiving covered services in a foreign country or they can visit Blue Shield's Web site at <http://www.blueshieldca.com>. However, a Member is not required to receive urgent services outside of the United States from the BlueCard Worldwide Network. If the Member does not use the BlueCard Worldwide Network, a claim must be submitted as described in Section I.5. Claims for Emergency and Out-of-Area Urgent Services.

4. Remember that when you are within your Personal Physician service area, urgent ser-

vices must be provided or authorized by your Personal Physician just like all other non-emergency services of the Plan. Whenever possible, you should contact your Personal Physician. Urgent services required when the Member is within the Plan service area, but not within your own service area, must be obtained in accordance with all the conditions of the Agreement.

Copayment: \$25 per visit.

K. Home Health Care Services, PKU-Related Formulas and Special Food Products, and Home Infusion Therapy

1. Home Health Care Services

The following Home Health Care services will be covered when the patient is required to be at home for medically necessary purposes at the direction of the Personal Physician and authorized by the Blue Shield Access+ HMO.

- a. Home visits to provide skilled services by any of the following professional providers are covered:
 - 1) Registered nurse;
 - 2) Licensed vocational nurse;
 - 3) Certified home health aide in conjunction with the services of 1) or 2), above;

Copayment: No charge.

- 4) Physical therapist, occupational therapist, or speech therapist.

Copayment: \$10 per visit for therapy provided in the home.

- b. Medical Social Worker. Medical social services provided by a licensed medical social worker for consultation and evaluation.

Copayment: No charge.

BASIC PLAN

- c. In conjunction with the professional services rendered by a home health agency, medications, drugs and medical supplies used during a covered visit by the home health agency necessary for the home health care treatment plan, and related pharmaceutical and laboratory services to the extent the benefit would have been provided had the Member remained in the hospital, except as excluded in the General Exclusions and Limitations. *This benefit includes: parenteral and enteral nutritional services and associated supplies and supplements.*

Copayment: No charge.

For information concerning “Hospice Program Services” see Section O.

2. PKU-Related Formulas and Special Food Products

Benefits are provided for enteral formulas and special food products that are medically necessary to avert the development of serious physical or mental disabilities or to promote normal development or function as a consequence of phenylketonuria (PKU). These benefits must be prior authorized by the Blue Shield Access+ HMO and must be prescribed or ordered by the appropriate health care professional.

Copayment: No charge.

3. Home Infusion/IV Injectable Therapy Provided by a Home Infusion Agency

Benefits are provided for home infusion therapy and medical supplies, including the cost of pharmaceuticals administered intravenously; and for medically necessary, FDA approved injectable medications, when prescribed by the Personal Physician and prior authorized by the Plan.

This benefit does not include insulin or home self-administered injectables, which are covered under Section P.

Copayment: No charge.

For information concerning diabetes self-management training, see Section V.

L. Physical and Occupational Therapy

Rehabilitation services include physical therapy, occupational therapy, and/or respiratory therapy pursuant to a written treatment plan for as long as continued treatment is medically necessary, and when rendered in the provider’s office or outpatient department of a hospital. Benefits for speech therapy are described in Section M. Medically necessary services will be authorized for an initial treatment period and any additional subsequent medically necessary treatment periods if after conducting a review of the initial and each additional subsequent period of care, the Plan determines that continued treatment is medically necessary and is provided with the expectation that the patient has restorative potential.

Copayment: No charge for inpatient therapy. \$10 per visit for therapy provided in the home or other outpatient setting.

See Section K. for information on coverage for rehabilitation services rendered in the home.

M. Speech Therapy

Initial outpatient benefits for speech therapy services when diagnosed and ordered by a physician and provided by an appropriately licensed speech therapist, pursuant to a written treatment plan for an appropriate time to: (1) correct or improve the speech abnormality, or (2) evaluate the effectiveness of treatment, and when rendered in the provider’s office or outpatient department of a hospital.

Services are provided for the correction of, or clinically significant improvement of, speech abnormalities that are the likely result of a diagnosed and identifiable medical condition, illness, or injury to the nervous system or to the vocal, swallowing, or auditory organs.

Continued outpatient benefits will be provided for medically necessary services as long as continued treatment is medically necessary, pursuant to the treatment plan, and likely to result in

BASIC PLAN

clinically significant progress as measured by objective and standardized tests. The provider's treatment plan and records will be reviewed periodically. When continued treatment is not medically necessary pursuant to the treatment plan, not likely to result in additional clinically significant improvement, or no longer requires skilled services of a licensed speech therapist, the Member will be notified of this determination and benefits will not be provided for services rendered after the date of written notification.

Except as specified above and as stated under Section K., no outpatient benefits are provided for speech therapy, speech correction, or speech pathology services.

Copayment: No charge for inpatient therapy. \$10 per visit for therapy provided in the home or other outpatient setting.

See Section K. for information on coverage for speech therapy services rendered in the home. See Section A. for information on inpatient benefits and Section O. for hospice program services.

N. Skilled Nursing Facility Services

Subject to all of the inpatient hospital services provisions on page 20, medically necessary skilled nursing services, including subacute care, will be covered when provided in a skilled nursing facility and authorized by the Blue Shield Access+ HMO. This benefit is limited to 100 days during any calendar year except when received through a hospice program provided by a participating hospice agency. Custodial care is not covered.

For information concerning "Hospice Program Services" see Section O.

Copayment: No charge.

O. Hospice Program Services

Benefits are provided for the following services through a participating hospice agency when an eligible Member requests admission to and is formally admitted to an approved hospice pro-

gram. The Member must have a terminal illness as determined by his Plan provider's certification and the admission must receive prior approval from Blue Shield. (Note: Members with a terminal illness who have not elected to enroll in a hospice program can receive a pre-hospice consultative visit from a participating hospice agency.) Covered services are available on a 24-hour basis to the extent necessary to meet the needs of individuals for care that is reasonable and necessary for the palliation and management of terminal illness and related conditions. Members can continue to receive covered services that are not related to the palliation and management of the terminal illness from the appropriate Plan provider. Member copayments when applicable are paid to the participating hospice agency.

Note: Hospice services provided by a non-participating hospice agency are not covered except in certain circumstances in counties in California in which there are no participating hospice agencies. If Blue Shield prior authorizes hospice program services from a non-contracted hospice, the Member's copayment for these services will be the same as the copayments for hospice program services when received and authorized by a participating hospice agency.

All of the services listed below must be received through the participating hospice agency.

1. Pre-hospice consultative visit regarding pain and symptom management, hospice and other care options including care planning (Members do not have to be enrolled in the hospice program to receive this benefit).
2. Interdisciplinary Team care with development and maintenance of an appropriate plan of care and management of terminal illness and related conditions.
3. Skilled nursing services, certified health aide services and homemaker services under the supervision of a qualified registered nurse.
4. Bereavement services.

BASIC PLAN

5. Social services/counseling services with medical social services provided by a qualified social worker. Dietary counseling, by a qualified provider, shall also be provided when needed.
6. Medical direction with the medical director being also responsible for meeting the general medical needs for the terminal illness of the Members to the extent that these needs are not met by the Personal Physician.
7. Volunteer services.
8. Short-term inpatient care arrangements.
9. Pharmaceuticals, medical equipment and supplies that are reasonable and necessary for the palliation and management of terminal illness and related conditions.
10. Physical therapy, occupational therapy, and speech-language pathology services for purposes of symptom control, or to enable the enrollee to maintain activities of daily living and basic functional skills.
11. Nursing care services are covered on a continuous basis for as much as 24 hours a day during periods of crisis as necessary to maintain a Member at home. Hospitalization is covered when the Interdisciplinary Team makes the determination that skilled nursing care is required at a level that cannot be provided in the home. Either homemaker services or home health aide services or both may be covered on a 24-hour continuous basis during periods of crisis but the care provided during these periods must be predominantly nursing care.
12. Respite care services are limited to an occasional basis and to no more than 5 consecutive days at a time.

Members are allowed to change their participating hospice agency only once during each period of care. Members can receive care for two 90-day periods followed by an unlimited number of 60-day periods. The care continues through another period of care if the Plan provider recertifies that the Member is terminally ill.

Definitions

Bereavement Services - services available to the immediate surviving family members for a period of at least 1 year after the death of the Member. These services shall include an assessment of the needs of the bereaved family and the development of a care plan that meets these needs, both prior to, and following the death of the Member.

Continuous Home Care - home care provided during a period of crisis. A minimum of 8 hours of continuous care, during a 24-hour day, beginning and ending at midnight is required. This care could be 4 hours in the morning and another 4 hours in the evening. Nursing care must be provided for more than half of the period of care and must be provided by either a registered nurse or licensed practical nurse. Homemaker services or home health aide services may be provided to supplement the nursing care. When fewer than 8 hours of nursing care are required, the services are covered as routine home care rather than continuous home care.

Home Health Aide Services - services providing for the personal care of the terminally ill Member and the performance of related tasks in the Member's home in accordance with the plan of care in order to increase the level of comfort and to maintain personal hygiene and a safe, healthy environment for the patient. Home health aide services shall be provided by a person who is certified by the California Department of Health Services as a home health aide pursuant to Chapter 8 of Division 2 of the Health and Safety Code.

Homemaker Services - services that assist in the maintenance of a safe and healthy environment and services to enable the Member to carry out the treatment plan.

Hospice Service or Hospice Program - a specialized form of interdisciplinary health care that is designed to provide palliative care, alleviate the physical, emotional, social and spiritual discomforts of a Member who is experiencing the last phases of life due to the existence of a terminal disease, to provide supportive care to the primary caregiver and the family of the hos-

BASIC PLAN

pice patient, and which meets all of the following criteria:

1. Considers the Member and the Member's family in addition to the Member, as the unit of care.
2. Utilizes an Interdisciplinary Team to assess the physical, medical, psychological, social and spiritual needs of the Member and the Member's family.
3. Requires the Interdisciplinary Team to develop an overall plan of care and to provide coordinated care which emphasizes supportive services, including, but not limited to, home care, pain control, and short-term inpatient services. Short-term inpatient services are intended to ensure both continuity of care and appropriateness of services for those Members who cannot be managed at home because of acute complications or the temporary absence of a capable primary caregiver.
4. Provides for the palliative medical treatment of pain and other symptoms associated with a terminal disease, but does not provide for efforts to cure the disease.
5. Provides for bereavement services following the Member's death to assist the family to cope with social and emotional needs associated with the death of the Member.
6. Actively utilizes volunteers in the delivery of hospice services.
7. Provides services in the Member's home or primary place of residence to the extent appropriate based on the medical needs of the Member.
8. Is provided through a participating hospice agency.

Interdisciplinary Team - the hospice care team that includes, but is not limited to, the Member and the Member's family, a physician and surgeon, a registered nurse, a social worker, a volunteer, and a spiritual caregiver.

Medical Direction - services provided by a licensed physician and surgeon who is charged with the responsibility of acting as a consultant to the Interdisciplinary Team, a consultant to the Member's Personal Physician, as requested, with regard to pain and symptom management, and liaison with physicians and surgeons in the community. For purposes of this section, the person providing these services shall be referred to as the "medical director".

Period of Care - the time when the Personal Physician recertifies that the Member still needs and remains eligible for hospice care even if the Member lives longer than 1 year. A period of care starts the day the Member begins to receive hospice care and ends when the 90 or 60-day period has ended.

Period of Crisis - a period in which the Member requires continuous care to achieve palliation or management of acute medical symptoms.

Plan of Care - a written plan developed by the attending physician and surgeon, the "medical director" (as defined under "Medical Direction") or physician and surgeon designee, and the Interdisciplinary Team that addresses the needs of a Member and family admitted to the hospice program. The hospice shall retain overall responsibility for the development and maintenance of the plan of care and quality of services delivered.

Respite Care Services - short-term inpatient care provided to the Member only when necessary to relieve the family members or other persons caring for the Member.

Skilled Nursing Services - nursing services provided by or under the supervision of a registered nurse under a plan of care developed by the Interdisciplinary Team and the Member's Plan provider to a Member and his family that pertain to the palliative, supportive services required by a Member with a terminal illness. Skilled nursing services include, but are not limited to, Member assessment, evaluation and case management of the medical nursing needs of the Member, the performance of prescribed

BASIC PLAN

medical treatment for pain and symptom control, the provision of emotional support to both the Member and his family, and the instruction of caregivers in providing personal care to the enrollee. Skilled nursing services provide for the continuity of services for the Member and his family and are available on a 24-hour on-call basis.

Social Service/Counseling Services - those counseling and spiritual services that assist the Member and his family to minimize stresses and problems that arise from social, economic, psychological, or spiritual needs by utilizing appropriate community resources, and maximize positive aspects and opportunities for growth.

Terminal Disease or Terminal Illness - a medical condition resulting in a prognosis of life of 1 year or less, if the disease follows its natural course.

Volunteer Services - services provided by trained hospice volunteers who have agreed to provide service under the direction of a hospice staff member who has been designated by the hospice to provide direction to hospice volunteers. Hospice volunteers may provide support and companionship to the Member and his family during the remaining days of the Member's life and to the surviving family following the Member's death.

Copayment: No charge.

P. Prescription Drugs

Except for the calendar year maximum copayments and the Coordination of Benefits provision, the general provisions and exclusions of the HMO Health Plan Agreement shall apply.

This plan's prescription drug coverage is on average equivalent to or better than the standard benefit set by the federal government for Medicare Part D (also called creditable coverage). Because this Plan's prescription drug coverage is creditable, you do not have to enroll in Medicare Part D while you maintain this coverage; however, you should be aware that if you have a subsequent break in this coverage of 63 days or more before enrolling in Medicare Part D you could be subject to payment of higher Part D premiums.

Benefits are provided for outpatient prescription drugs which meet all of the requirements specified in this section, are prescribed by a physician or other licensed health care provider within the scope of his or her license as long as the prescriber is a Plan provider, are obtained from a participating pharmacy, and are listed in the Drug Formulary. Drug coverage is based on the use of Blue Shield's Outpatient Drug Formulary, which is updated on an ongoing basis by Blue Shield's Pharmacy and Therapeutics Committee. Non-Formulary drugs may be covered subject to higher copayments. Selected drugs and drug dosages and most home self-administered injectables require prior authorization by Blue Shield for medical necessity, appropriateness of therapy or when effective, lower cost alternatives are available (the more costly alternative will be authorized when medically necessary).

Smoking cessation drugs are covered for Members after completion of smoking cessation classes or programs. This benefit is limited to one course of treatment per calendar year. Members may contact their medical group or IPA for information about these classes and programs. Blue Shield will reimburse the cost of the drugs only, minus the copayment, after receiving a copy of a certificate of completion for a smoking cessation class or program. Participants are responsible for the cost of the smoking cessation class or program. If you have a question about the smoking cessation benefit, you should call Blue Shield Member Services at 1-800-334-5847.

Outpatient Drug Formulary

Medications are selected for inclusion in Blue Shield's Outpatient Drug Formulary based on safety, efficacy, FDA bioequivalency data and then cost. New drugs and clinical data are reviewed regularly to update the Formulary. Drugs considered for inclusion or exclusion from the Formulary are reviewed by Blue Shield's Pharmacy and Therapeutics Committee during scheduled meetings four times a year.

Members may call Blue Shield Member Services at the number listed on their Blue Shield Identification Card to inquire if a specific drug is included in the Formulary. Member Services can

BASIC PLAN

also provide Members with a printed copy of the Formulary. Members may also access the Formulary through the Blue Shield of California Web site at <http://www.blueshieldca.com>.

Benefits may be provided for non-Formulary drugs subject to higher copayments.

Definitions

Brand Name Drugs - FDA approved drugs under patent to the original manufacturer and only available under the original manufacturer's branded name.

Drugs - (1) drugs which are approved by the Food and Drug Administration (FDA), requiring a prescription either by federal or California law, (2) insulin, and disposable hypodermic insulin needles and syringes, (3) pen delivery systems for the administration of insulin as determined by Blue Shield to be medically necessary, (4) diabetic testing supplies (including lancets, lancet puncture devices, and blood and ketone urine testing strips and test tablets in medically appropriate quantities for the monitoring and treatment of insulin dependent, non-insulin dependent and gestational diabetes), (5) oral, transdermal patch, and vaginal ring contraceptives and diaphragms, and (6) inhalers and inhaler spacers for the management and treatment of asthma. Note: No prescription is necessary to purchase the items shown in (2), (3) and (4); however, in order to be covered these items must be ordered by your provider.

Formulary - a comprehensive list of drugs maintained by Blue Shield's Pharmacy and Therapeutics Committee for use under the Blue Shield Prescription Drug Program, which is designed to assist physicians in prescribing drugs that are medically necessary and cost effective. The Formulary is updated periodically. If not otherwise excluded, the Formulary includes all generic drugs.

Generic Drugs - drugs that (1) are approved by the FDA as a therapeutic equivalent to the brand name drug, (2) contain the same active ingredient as the brand name drug, and (3) cost less than the brand name drug equivalent.

Home Self-Administered Injectables - home self-administered injectables are defined as those drugs which are medically necessary, administered more often than once a month by patient or family member, administered subcutaneously or intramuscularly, deemed safe for self-administration as determined by Blue Shield's Pharmacy and Therapeutics Committee, prior authorized by Blue Shield and obtained from a Blue Shield specialty pharmacy. Intravenous (IV) medications (i.e. those medications administered directly into a vein) are not considered home self-administered injectable drugs. Home self-administered injectables are listed in Blue Shield's Outpatient Drug Formulary.

Home self-administered injectables purchased from other pharmacies are not covered.

Non-Formulary Drugs - drugs determined by Blue Shield's Pharmacy and Therapeutics Committee as being duplicative or as having preferred Formulary drug alternatives available. Benefits may be provided for non-Formulary drugs and are always subject to the non-Formulary copayment.

Non-Participating Pharmacy - a pharmacy which does not participate in the Blue Shield Pharmacy Network.

Participating Pharmacy - a pharmacy which participates in the Blue Shield Pharmacy Network. These participating pharmacies have agreed to a contracted rate for covered prescriptions for Blue Shield Members.

To select a participating pharmacy, the Member may go to <http://www.blueshieldca.com> or call Member Services at 1-800-334-5847.

Specialty Pharmacy Network - select participating pharmacies contracted by Blue Shield to provide covered home self-administered injectables. These pharmacies offer 24-hour clinical services and provide prompt home delivery of home self-administered injectables.

To select a specialty pharmacy, the Member may go to <http://www.blueshieldca.com> or call Member Services at 1-800-334-5847.

BASIC PLAN

Obtaining Outpatient Prescription Drugs at a Participating Pharmacy

1. To obtain drugs at a participating pharmacy, the Member must present his Blue Shield Identification Card. Note: Except for covered emergencies, claims for drugs obtained without using the Identification Card will be denied.
2. Benefits are provided for home self-administered injectables only when obtained from a Blue Shield specialty pharmacy, except in the case of an emergency. In the event of an emergency, covered home self-administered injectables that are needed immediately may be obtained from any participating pharmacy, or, if necessary from a non-participating pharmacy.
3. The Member is responsible for paying the applicable copayment for each covered new and refill prescription drug. The pharmacist will collect from the Member the applicable copayment at the time the drugs are obtained.

Copayment: \$5 generic, \$15 brand name*, \$45 non-Formulary per prescription for the amount prescribed not to exceed a 30-day supply.

*For diabetic supplies (including disposable insulin needles and syringes), diaphragms and smoking cessation therapy drugs, the Formulary brand name copayment applies.

If the usual and customary amount charged by the participating pharmacy is less than or equal to the Member copayment, the Member will only be required to pay the participating pharmacy's usual and customary charge.

Prescription drugs administered in a physician's office, except immunizations, are covered by the \$10 copayment for the office visit and do not require another copayment.

Some prescriptions are limited to a maximum allowable quantity based on medical necessity and appropriateness of therapy as

determined by Blue Shield's Pharmacy and Therapeutics Committee.

4. If the Member requests a brand name drug when a generic drug equivalent is available, the Member is responsible for paying the difference between the cost to Blue Shield of the brand name drug and its generic drug equivalent, as well as the applicable generic drug copayment.
5. If the prescription specifies a brand name drug and the prescribing provider has written "Dispense As Written" or "Do Not Substitute" on the prescription, or if a generic drug equivalent is not available, the Member is responsible for paying the applicable brand name drug copayment.
6. If the provider determines that use of a Formulary alternative is not appropriate for the Member, the provider may request approval of a medically appropriate non-Formulary drug by Blue Shield. See the section below on Approval of Non-Formulary Drugs for information on the approval process. If Blue Shield approves this request, the copayment for this non-Formulary drug is \$30.
7. The Member is responsible for paying a copayment of \$30 for each prescription for home self-administered injectables, including any combination kit or package containing both oral and home self-administered injectable drugs.
8. Drugs obtained at a non-participating pharmacy are not covered, unless medically necessary for a covered emergency, including drugs for emergency contraception. If the Member must obtain drugs from a non-participating pharmacy due to an emergency, the submission of a Prescription Drug Claim is required. Claim forms are available by contacting Member Services. Submit completed Prescription Drug Claim form noting "Emergency Request" on form to Blue Shield Pharmacy Services, P.O. Box 7168, San Francisco, CA 94120. Claims must be received within 1 year from the

BASIC PLAN

date of service to be considered for payment. Reimbursement for covered emergency claims will be based upon the purchase price of covered prescription drug(s) less any applicable copayment(s).

Obtaining Outpatient Prescription Drugs Through the Mail Service Prescription Drug Program

1. For the Member's convenience, when drugs have been prescribed for a chronic condition and the Member's medication dosage has been stabilized, he may obtain the drug through Blue Shield's Mail Service Prescription Drug Program. Prior to using this Mail Service Program, the Member must have received the same medication and dosage through the Blue Shield Pharmacy Network for at least 2 months. Blue Shield will provide mail order forms and information at the time of enrollment. The Member should submit the applicable copayment, an order form and his Blue Shield Member number to the address indicated on the mail order envelope. Be sure to send in your refill request approximately 3 weeks before your supply runs out. Members should allow 14 days to receive the drug. The Member's provider must indicate a prescription quantity which is equal to the amount to be dispensed. Home self-administered injectables, except for insulin, are not available through the Mail Service Prescription Drug Program.
2. The Member is responsible for paying the applicable copayment for each covered new and refill prescription drug. Copayments will be tracked for the Member.

Copayment: \$10 generic, \$25 brand name*, \$75 non-Formulary per prescription not to exceed a 90-day supply; \$1,000 out-of-pocket annual maximum, then no charge. If the Member's provider indicates a prescription quantity of less than a 90-day supply, that amount will be dispensed and refill authorizations cannot be combined to reach a 90-day supply.

*For diabetic supplies (including disposable insulin needles and syringes), the Formulary brand name copayment applies.

If the usual and customary amount charged by the participating pharmacy is less than or equal to the Member copayment, the Member will only be required to pay the participating pharmacy's usual and customary charge.

3. If the Member requests a mail service brand name drug when a mail service generic drug equivalent is available, the Member is responsible for the difference between the cost to Blue Shield of the mail service brand name drug and its mail service generic drug equivalent, as well as the applicable mail service generic drug copayment.
4. If the prescription specifies a mail service brand name drug and the prescribing provider has written "Dispense As Written" or "Do Not Substitute" on the prescription, or if a mail service generic drug equivalent is not available, the Member is responsible for paying the applicable mail service brand name drug copayment.
5. If the provider determines that use of a Formulary alternative is not appropriate for the Member, the provider may request approval of a medically appropriate non-Formulary drug by Blue Shield. See the section below on Approval of Non-Formulary Drugs for information on the approval process. If Blue Shield approves this request, the copayment for this non-Formulary drug is \$45.
6. For information about the Mail Service Prescription Drug Program, the Member may refer to the mail service program brochure for the phone number and a more detailed explanation or call Blue Shield Member Services at 1-800-334-5847.

Approval of Non-Formulary Drugs

A non-Formulary drug may be covered at a lower copayment as described above. Your provider may request approval from Blue Shield

BASIC PLAN

Pharmacy Services. After all necessary documentation is available from your provider, approval or denial will be provided to your provider within 2 working days of the request. Non-Formulary drugs that are not specifically listed as exclusions herein may be considered for approval in these situations:

1. When no Formulary alternative is appropriate and the drug is considered to be medically necessary for you, as determined by Blue Shield. Your provider may be required to submit persuasive evidence in the form of studies, records or documents showing that use of the requested non-Formulary drug over a Formulary drug is medically necessary;
2. When you have failed treatment or have experienced adverse effects with the Formulary drug. Blue Shield will request your provider to provide clinical information that documents treatment failure or adverse effects with a Formulary alternative;
3. When your treatment is stable with a non-Formulary drug and conversion to a Formulary drug would be medically inappropriate.

If, after review, it is determined that a Formulary alternative in this instance is not appropriate for you, the non-Formulary drug will be approved and be covered at the lower copayment of \$30 at the participating pharmacy or \$45 through mail service. If, however, it is determined that the non-Formulary drug does not meet one of the three criteria described above, then the non-Formulary drug will be covered at the higher copayment of \$45 at the participating pharmacy or \$75 through mail service.

Exclusions

No benefits are provided under the Prescription Drugs benefit for the following (please note, certain services excluded below may be covered under other benefits/portions of this Evidence of Coverage – you should refer to the applicable section to determine if drugs are covered under that benefit):

1. Drugs obtained from a non-participating pharmacy, except for a covered emergency, drugs for emergency contraception, and drugs obtained outside of California which are related to an urgently needed service and for which a participating pharmacy was not reasonably accessible;
2. Any drug provided or administered while the Member is an inpatient, or in a provider's office (see A. Hospital Services and B. Physician Services);
3. Take home drugs received from a hospital, convalescent home, skilled nursing facility, or similar facility (see A. Hospital Services and N. Skilled Nursing Facility Services);
4. Except as specifically listed as covered under this Section P., drugs which can be obtained without a prescription or for which there is a non-prescription drug that is the identical chemical equivalent (i.e., same active ingredient and dosage) to a prescription drug;
5. Drugs for which the Member is not legally obligated to pay, or for which no charge is made;
6. Drugs that are considered to be experimental or investigational;
7. Medical devices or supplies, except as specifically listed as covered herein (see E. Durable Medical Equipment, Prostheses and Orthoses and Other Services);
8. Drugs when prescribed for cosmetic purposes, including but not limited to drugs used to retard or reverse the effects of skin aging or to treat hair loss;
9. Dietary or nutritional products (see K. Home Health Care Services, PKU-Related Formulas and Special Food Products, and Home Infusion Therapy);
10. Injectable drugs which are not self-administered in the home. Other injectable medications may be covered under Y. Additional Services;

BASIC PLAN

11. Appetite suppressants or drugs for body weight reduction except when medically necessary for the treatment of morbid obesity. In such cases the drug will be subject to prior authorization from Blue Shield;
12. Drugs when prescribed for smoking cessation purposes, except as provided under this Section P.;
13. Compounded medications if: (1) there is a medically appropriate Formulary alternative, or, (2) there are no FDA-approved indications. Compounded medications that do not include at least one drug, as defined, are not covered;
14. Replacement of lost, stolen or destroyed prescription drugs;
15. Drugs prescribed for treatment of dental conditions. This exclusion shall not apply to antibiotics prescribed to treat infection nor to medications prescribed to treat pain.

Call Member Services at 1-800-334-5847 for further information.

See the Grievance Process section of this Evidence of Coverage for information on filing a grievance, your right to seek assistance from the Department of Managed Health Care and your rights to independent medical review.

Q. Inpatient Mental Health and Substance Abuse Services

Blue Shield of California's MHSA administers and delivers the Plan's mental health and substance abuse benefits. These services are provided through a unique network of MHSA Participating Providers. **All non-emergency mental health and substance abuse services must be arranged through the MHSA.** Also, all non-emergency mental health and substance abuse services must be prior authorized by the MHSA. For prior authorization for mental health and substance abuse services, Members should contact the MHSA at 1-866-505-3409.

All non-emergency mental health and substance abuse services must be obtained from MHSA

Participating Providers. (See the How to Use the Plan section, the Mental Health and Substance Abuse Services paragraphs for more information.)

Benefits are provided for the following medically necessary covered mental health and substance abuse services, subject to applicable copayments and charges in excess of any benefit maximums. Coverage for these services is subject to all terms, conditions, limitations and exclusions of the Agreement, to any conditions or limitations set forth in the benefit description below, and to the Exclusions and Limitations set forth in this booklet.

Inpatient hospital and professional services in connection with hospitalization or psychiatric partial hospitalization, for the treatment of mental illness (including treatment of severe mental illnesses of a Member of any age and of serious emotional disturbances of a child), are covered. All non-emergency mental health and substance abuse services must be **prior authorized by the MHSA and obtained from MHSA Participating Providers.** Residential care is not covered.

See Section A. for information on medically necessary inpatient substance abuse detoxification.

Copayment: No charge.

R. Outpatient Mental Health and Substance Abuse Services

1. Medically necessary outpatient psychiatric care for other than severe mental illnesses or serious emotional disturbances of a child. This benefit is limited to a combined maximum of **20 visits** for diagnosis and treatment in any calendar year. Intensive outpatient treatment is not covered under this benefit.

Copayment: \$20 per visit.

2. Medically necessary outpatient psychiatric care for the diagnosis and treatment of severe mental illnesses of a Member of any age and of serious emotional disturbances of

BASIC PLAN

a child. Intensive outpatient care and psychological testing are covered under this benefit.

Copayment: \$10 per visit.

3. Crisis intervention and treatment for substance abuse on an outpatient basis as medically appropriate. This benefit is limited to 20 visits per calendar year.

Copayment: \$10 per visit.

4. Psychosocial Support

See the Mental Health and Substance Abuse Services paragraphs under the How to Use the Plan section for information on psychosocial support services available under Lifepath Advisers.

Copayment: No charge.

S. Medical Treatment of the Teeth, Gums, Jaw Joints or Jaw Bones

Hospital and professional services provided for conditions of the teeth, gums or jaw joints and jaw bones, including adjacent tissues are a benefit only to the extent that they are provided for:

1. The treatment of tumors of the gums;
2. The treatment of damage to natural teeth caused solely by an accidental injury is limited to medically necessary services until the services result in initial, palliative stabilization of the Member as determined by the Plan;

Dental services provided after initial medical stabilization, prosthodontics, orthodontia and cosmetic services are not covered. This benefit does not include damage to the natural teeth that is not accidental (e.g., resulting from chewing or biting).

3. Medically necessary non-surgical treatment (e.g., splint and physical therapy) of Temporomandibular Joint Syndrome (TMJ);

4. Surgical and arthroscopic treatment of TMJ if prior history shows conservative medical treatment has failed;

5. Medically necessary treatment of maxilla and mandible (jaw joints and jaw bones); or

6. Orthognathic surgery (surgery to reposition the upper and/or lower jaw) which is medically necessary to correct skeletal deformity.

Copayment: See applicable copayments for Physician Services and Hospital Services.

This benefit does not include:

1. Services performed on the teeth, gums (other than tumors) and associated periodontal structures, routine care of teeth and gums, diagnostic services, preventive or periodontic services, dental orthosis and prosthesis, including hospitalization incident thereto;
2. Orthodontia (dental services to correct irregularities or malocclusion of the teeth) for any reason, including treatment to alleviate TMJ;
3. Any procedure (e.g., vestibuloplasty) intended to prepare the mouth for dentures or for the more comfortable use of dentures;
4. Dental implants (endosteal, subperiosteal or transosteal);
5. Alveolar ridge surgery of the jaws if performed primarily to treat diseases related to the teeth, gums or periodontal structures or to support natural or prosthetic teeth;
6. Fluoride treatments except when used with radiation therapy to the oral cavity.

See the Exclusions and Limitations section for additional services that are not covered.

T. Special Transplant Benefits

Benefits are provided for certain procedures listed below only if: (1) performed at a Transplant Network Facility approved by Blue Shield

BASIC PLAN

of California to provide the procedure, (2) prior authorization is obtained, in writing, from the Blue Shield Corporate Medical Director, and (3) the recipient of the transplant is a Member.

The Blue Shield Corporate Medical Director shall review all requests for prior authorization and shall approve or deny benefits, based on the medical circumstances of the patient, and in accordance with established Blue Shield medical policy. **Failure to obtain prior written authorization as described above and/or failure to have the procedure performed at a Blue Shield approved Transplant Network Facility will result in denial of claims for this benefit.**

Pre-transplant evaluation and diagnostic tests, transplantation and follow-ups will be allowed only at a Blue Shield approved Transplant Network Facility. Non-acute/non-emergency evaluations, transplantations and follow-ups at facilities other than a Blue Shield Transplant Network Facility will not be approved. Evaluation of potential candidates at a Blue Shield Transplant Network Facility is covered subject to prior authorization. In general, more than one evaluation (including tests) within a short time period and/or more than one Transplant Network Facility will not be authorized unless the medical necessity of repeating the service is documented and approved. For information on Blue Shield of California's approved Transplant Network, call 1-800-334-5847.

The following procedures are eligible for coverage under this provision:

1. Human heart transplants;
2. Human lung transplants;
3. Human heart and lung transplants in combination;
4. Human liver transplants;
5. Human kidney and pancreas transplants in combination (kidney only transplants are covered under Section U.);
6. Human bone marrow transplants, including autologous bone marrow transplantation or autologous peripheral stem cell transplantation used to support high-dose chemotherapy when such treatment is medically necessary and is not experimental or investigational;
7. Pediatric human small bowel transplants;
8. Pediatric and adult human small bowel and liver transplants in combination.

Reasonable charges for services incident to obtaining the transplanted material from a living donor or an organ transplant bank will be covered.

Copayment: Physician Services and Hospital Services copayments apply.

U. Organ Transplant Benefits

Hospital and professional services provided in connection with human organ transplants are a benefit to the extent that they are provided in connection with the transplant of a cornea, kidney, or skin, and the recipient of such transplant is a Member.

Services incident to obtaining the human organ transplant material from a living donor or an organ transplant bank will be covered.

Copayment: Physician Services and Hospital Services copayments apply.

V. Diabetes Care

1. Diabetic Equipment

Benefits are provided for the following devices and equipment, including replacement after the expected life of the item and when medically necessary, for the management and treatment of diabetes when medically necessary and authorized by the Plan:

- a. blood glucose monitors, including those designed to assist the visually impaired;
- b. insulin pumps and all related necessary supplies;

BASIC PLAN

- c. podiatric devices to prevent or treat diabetes-related complications, including extra-depth orthopedic shoes;
- d. visual aids, excluding eyewear, designed to assist the visually impaired with proper dosing of insulin (excluding video-assisted visual aids);
- e. for coverage of diabetic testing supplies including blood and urine testing strips and test tablets, lancets and lancet puncture devices and pen delivery systems for the administration of insulin, see Section P.

Copayment: No charge.

2. Diabetes Self-Management Training

Diabetes outpatient self-management training, education and medical nutrition therapy that is medically necessary to enable a Member to properly use the diabetes-related devices and equipment and any additional treatment for these services if directed or prescribed by the Member's Personal Physician and authorized by the Plan. These benefits shall include, but not be limited to, instruction that will enable diabetic patients and their families to gain an understanding of the diabetic disease process, and the daily management of diabetic therapy, in order to thereby avoid frequent hospitalizations and complications.

Copayment: \$10 per visit.

W. Reconstructive Surgery

Medically necessary services in connection with reconstructive surgery to correct or repair abnormal structures of the body and which result in more than a minimal improvement in function or appearance (including congenital anomalies) are covered. In accordance with the Women's Health & Cancer Rights Act, surgically implanted and other prosthetic devices (including prosthetic bras) and reconstructive surgery on either breast provided to restore and achieve symmetry incident to a mastectomy are covered. Surgery must be authorized by the Plan. Any such services must be received while

the Plan is in force with respect to the Member. Benefits will be provided in accordance with guidelines established by the Plan and developed in conjunction with plastic and reconstructive surgeons.

No benefits will be provided for the following surgeries or procedures unless determined by Blue Shield to be medically necessary to correct or repair abnormal structures of the body caused by congenital defects, developmental abnormalities, trauma, infection, tumors, or disease, and which will result in more than minimal improvement in function or appearance:

1. Surgery to excise, enlarge, reduce, or change the appearance of any part of the body;
2. Surgery to reform or reshape skin or bone;
3. Surgery to excise or reduce skin or connective tissue that is loose, wrinkled, sagging, or excessive on any part of the body;
4. Hair transplantation; and
5. Upper eyelid blepharoplasty without documented significant visual impairment or symptomatology.

This limitation shall not apply when breast reconstruction is performed subsequent to a medically necessary mastectomy, including surgery on either breast to achieve or restore symmetry.

Copayment: Physician Services and Hospital Services copayments apply.

X. Clinical Trials for Cancer

Benefits are provided for routine patient care for a Member whose Personal Physician has obtained prior authorization from the Plan and who has been accepted into an approved clinical trial for cancer provided that:

1. The clinical trial has a therapeutic intent and the Member's treating physician determines that participation in the clinical trial has a meaningful potential to benefit the Member; with a therapeutic intent; and

BASIC PLAN

2. The Member's treating physician recommends participation in the clinical trial; and
3. The hospital and/or physician conducting the clinical trial is a Plan provider, unless the protocol for the trial is not available through a Plan provider.

Services for routine patient care will be paid on the same basis and at the same benefit levels as other covered services.

Routine patient care consists of those services that would otherwise be covered by the Plan if those services were not provided in connection with an approved clinical trial, but does not include:

1. Drugs or devices that have not been approved by the federal Food and Drug Administration (FDA);
2. Services other than health care services, such as travel, housing, companion expenses and other non-clinical expenses;
3. Any item or service that is provided solely to satisfy data collection and analysis needs and that is not used in the clinical management of the patient;
4. Services that, except for the fact that they are being provided in a clinical trial, are specifically excluded under the Plan;
5. Services customarily provided by the research sponsor free of charge for any enrollee in the trial.

An approved clinical trial is limited to a trial that is:

1. Approved by one of the following:
 - a. one of the National Institutes of Health;
 - b. the federal Food and Drug Administration, in the form of an investigational new drug application;
 - c. the United States Department of Defense;

d. the United States Veterans' Administration; or

2. Involves a drug that is exempt under federal regulations from a new drug application.

Copayment: Physician Services and Hospital Services copayments apply.

Y. Additional Services

1. Personal Health Management Program

Health education and health promotion services provided by Blue Shield's Center for Health Improvement offer a variety of wellness resources including, but not limited to: a member newsletter and a prenatal health education program.

Copayment: No charge.

2. Injectable Medications

Injectable medications approved by the FDA are covered for the medically necessary treatment of medical conditions when prescribed or authorized by the Personal Physician and the Plan. See Section P. for information on insulin and home self-administered injectables coverage and copayment.

Copayment: No charge.

3. Away From Home Care[®] Program

The Blue Shield Access+ HMO offers to CalPERS members who are long-term travelers, students and families living apart, Away From Home Care (AFHC).

AFHC offers full HMO benefits with a local ID card. Membership eligibility is applicable to spouses, domestic partners and dependents who are away from home for at least 90 days, or to members who are away from home for at least 90 days but not more than 180 days. There is no additional charge to the member. AFHC is coordinated by calling 1-800-334-5847.

BASIC PLAN

AFHC also offers a special short-term service which is available to members requiring specific follow-up treatment. This option is particularly beneficial for members who will be out-of-state on a short-term basis but require special treatment.

4. Hearing Aid Services

- a. **Audiological Evaluation.** To measure the extent of hearing loss and a hearing aid evaluation to determine the most appropriate make and model of hearing aid.

Copayment: No charge. Evaluation is in addition to the \$1,000 maximum allowed every 36 months for both ears for the hearing aid and ancillary equipment.

- b. **Hearing Aid.** Monaural or binaural including ear mold(s), the hearing aid instrument, the initial battery, cords and other ancillary equipment. Includes visits for fitting, counseling, adjustments, repairs, etc. at no charge for a 1-year period following the provision of a covered hearing aid.

Excludes the purchase of batteries or other ancillary equipment, except those covered under the terms of the initial hearing aid purchase and charges for a hearing aid which exceed specifications prescribed for correction of a hearing loss. Excludes replacement parts for hearing aids, repair of hearing aid after the covered 1-year warranty period and replacement of a hearing aid more than once in any period of 36 months. Also excludes surgically implanted hearing devices. Cochlear implants are not considered surgically implanted hearing devices and are covered as a prosthetic under Section E.

Limitations: Up to maximum of \$1,000 per Member every 36 months for both ears for the hearing aid instrument, and ancillary equipment.

To receive these services, you may either contact your Personal Physician to obtain a referral or self-refer to an Access+ Specialist as described on page 10.

Exclusions and Limitations

General Exclusions and Limitations

Unless exceptions to the following exclusions are specifically made elsewhere in the Agreement, no benefits are provided for services which are:

1. **Acupuncture.** For or incident to acupuncture;
2. **Behavioral Problems.** For learning disabilities or behavioral problems;
3. **Cosmetic Surgery.** For cosmetic surgery, or any resulting complications, except medically necessary services to treat complications of cosmetic surgery (e.g., infections or hemorrhages) will be a benefit, but only upon review and approval by a Blue Shield physician consultant. Without limiting the foregoing, no benefits will be provided for the following surgeries or procedures:
 - Lower eyelid blepharoplasty;
 - Spider veins;
 - Procedures to smooth the skin (i.e., chemical face peels, laser resurfacing, and abrasive procedures);
 - Hair removal by electrolysis or other means; and
 - Reimplantation of breast implants originally provided for cosmetic augmentation;
4. **Custodial or Domiciliary Care.** For or incident to services rendered in the home or hospitalization or confinement in a health facility primarily for custodial, maintenance or domiciliary care, except as provided under O.; or rest;
5. **Dental Care, Dental Appliances.** For dental care or services incident to the treatment, prevention or relief of pain or dysfunction of the temporomandibular joint and/or muscles of mastication, except as specifically

BASIC PLAN

provided under S.; for or incident to services and supplies for treatment of the teeth and gums (except for tumors) and associated periodontal structures, including but not limited to diagnostic, preventive, orthodontic, and other services such as dental cleaning, tooth whitening, x-rays, topical fluoride treatment except when used with radiation therapy to the oral cavity, fillings and root canal treatment; treatment of periodontal disease or periodontal surgery for inflammatory conditions; tooth extraction; dental implants; braces, crowns, dental orthoses and prostheses; except as specifically provided under A. and S.;

6. **Experimental or Investigational Procedures.** Experimental or investigational medicine, surgery or other experimental or investigational health care procedures as defined, except for services for Members who have been accepted into an approved clinical trial for cancer as provided under X.;

See section entitled “External Independent Medical Review” for information concerning the availability of a review of services denied under this exclusion.

7. **Eye Surgery.** For surgery to correct refractive error (such as but not limited to radial keratotomy, refractive keratoplasty), lenses and frames for eyeglasses, contact lenses, except as provided under E.;
8. **Foot Care.** For routine foot care, including callus, corn paring or excision and toenail trimming (except as may be provided through a participating hospice agency); treatment (other than surgery) of chronic conditions of the foot, including but not limited to weak or fallen arches, flat or pronated foot, pain or cramp of the foot, bunions, muscle trauma due to exertion or any type of massage procedure on the foot; special footwear (e.g., non-custom made or over-the-counter shoe inserts or arch supports), except as specifically provided under E. and V.;

9. **Genetic Testing.** For genetic testing except as described under D. and F.;

10. **Home Monitoring Equipment.** For home testing devices and monitoring equipment, except for use of the peak flow monitor for self-management of asthma, the glucose monitor for self-management of diabetes and the apnea monitor for management of newborn apnea when authorized as home medical equipment;

11. **Infertility Reversal.** For or incident to the reversal of a vasectomy or tubal ligation, repeat vasectomy or tubal ligation;

12. **Infertility Services.** For ovum transplants, in vitro fertilization, Gamete Intrafallopian Transfer (GIFT) procedure, Zygote Intrafallopian Transfer (ZIFT) procedure or any other form of induced fertilization (except for artificial insemination), services or medications to treat low sperm count or services incident to or resulting from procedures for a surrogate mother who is otherwise not eligible for covered pregnancy and maternity care under a Blue Shield of California health plan;

13. **Learning Disabilities.** For testing for intelligence or learning disabilities;

14. **Limited or Excluded Services.** Benefits for services limited or excluded in your HMO health service plan; however, drugs customarily provided by dentists and oral surgeons, or customarily provided for nervous or mental disorders, or incident to pregnancy, or customarily provided for substance abuse, or incident to physical therapy are not excluded;

15. **Miscellaneous Equipment.** For orthopedic shoes except for therapeutic footwear for diabetics and except as provided under V., environmental control equipment, generators, exercise equipment, self-help/educational devices, vitamins, any type of communicator, voice enhancer, voice prosthesis, electronic voice producing machine, or any other language assistance devices, ex-

BASIC PLAN

- cept as provided under E. and comfort items;
16. **Non-Covered Services by Individuals.** Services performed by a close relative or by a person who ordinarily resides in the Member's home;
 17. **Nutritional and Food Supplements.** For prescription or non-prescription nutritional and food supplements except as provided under K.;
 18. **Organ Transplants.** Incident to an organ transplant, except as provided under T. and U.;
 19. **Over-the-Counter Medical Equipment or Supplies.** For non-prescription (over-the-counter) medical equipment or supplies that can be purchased without a licensed provider's prescription order, even if a licensed provider writes a prescription order for a non-prescription item, except as specifically provided under E., K., O. and V.;
 20. **Over-the-Counter Medications.** For over-the-counter medications not requiring a prescription, except as provided for smoking cessation drugs;
 21. **Pain Management.** For or incident to hospitalization or confinement in a pain management center to treat or cure chronic pain, except as may be provided through a participating hospice agency and except as medically necessary;
 22. **Penile Implant.** For penile implant devices and surgery, and any related services except for any resulting complications and medically necessary services as provided under W.;
 23. **Personal Comfort Items.** Convenience items such as telephones, TVs, guest trays, and personal hygiene items;
 24. **Physical Examinations.** For physical exams required for licensure, employment, or insurance unless the examination corresponds to the schedule of routine physical examinations provided under C.;
 25. **Prescription Orders.** Prescription orders or refills which exceed the amount specified in the prescription, or prescription orders or refills dispensed more than a year from the date of the original prescription.

Prescription orders or refills in quantities exceeding a 30-day supply, except for mail order.

Prescription orders or refills which are equal to or less than the amount of your copayment.
 26. **Private Duty Nursing.** In connection with private duty nursing, except as provided under A., K. and O.;
 27. **Reading/Vocational Therapy.** For or incident to reading therapy; vocational, educational, recreational, art, dance or music therapy; weight control or exercise programs;
 28. **Reconstructive Surgery.** For reconstructive surgery and procedures: (1) where there is another more appropriate surgical procedure that is approved by a Blue Shield physician consultant, or (2) when the surgery or procedure offers only a minimal improvement in function or in the appearance of the enrollees, e.g., spider veins, or (3) as limited under W.;
 29. **Sex Transformations.** For transgender or gender dysphoria conditions, including but not limited to, intersex surgery (transsexual operations), or any related services, or any resulting medical complications, except for treatment of medical complications that is medically necessary;
 30. **Sexual Dysfunctions.** For or incident to sexual dysfunctions and sexual inadequacies, except as provided for treatment of organically based conditions;
 31. **Speech Therapy.** For or incident to speech therapy, speech correction or speech pa-

BASIC PLAN

thology or speech abnormalities that are not likely the result of a diagnosed, identifiable medical condition, injury or illness, except as specifically provided under K., M. and O.;

32. **Spinal Manipulation.** For spinal manipulation or adjustment;
33. **Therapeutic Devices.** Devices or apparatuses, regardless of therapeutic effect (e.g., hypodermic needles and syringes, except as needed for insulin and covered injectable medication), support garments and similar items;
34. **Transportation Services.** For transportation services other than provided for under H.;
35. **Unapproved Drugs/Medicines.** Drugs and medicines which cannot be lawfully marketed without approval of the U.S. Food and Drug Administration (FDA); however, drugs and medicines which have received FDA approval for marketing for one or more uses will not be denied on the basis that they are being prescribed for an off-label use if the conditions set forth in California Health & Safety Code Section 1367.21 have been met;
36. **Unauthorized Non-Emergency Services.** For unauthorized non-emergency services;
37. **Unauthorized Treatment.** Not provided, prescribed, referred, or authorized by a Personal Physician or the Blue Shield Access+ HMO except for Access+ Specialist visits, OB/GYN services provided by an obstetrician/gynecologist or a family practice physician within the same medical group or IPA as the Personal Physician, emergency services or urgent services as provided under the Agreement provisions, when specific authorization has been obtained in writing for such services from the Plan, for mental health and substance abuse services which must be arranged through the MHSA or for hospice services received by a participating hospice agency;

38. **Workers' Compensation/Work-Related Injury.**

For or incident to any injury or disease arising out of, or in the course of, any employment for salary, wage or profit if such injury or disease is covered by any workers' compensation law, occupational disease law or similar legislation. However, if Blue Shield provides payment for such services it will be entitled to establish a lien upon such other benefits up to the reasonable cash value of benefits provided by Blue Shield for the treatment of the injury or disease as reflected by the providers' usual billed charges;

39. **Not Specifically Listed as a Benefit.**

See the Grievance Process section for information on filing a grievance, your right to seek assistance from the Department of Managed Health Care, and your rights to independent medical review.

Medical Necessity Exclusion

All services must be medically necessary. The fact that a physician or other provider may prescribe, order, recommend, or approve a service or supply does not, in itself, make it medically necessary, even though it is not specifically listed as an exclusion or limitation. Blue Shield may limit or exclude benefits for services which are not medically necessary.

Exclusion for Duplicate Coverage

In the event that you are covered under the Plan and are also entitled to benefits under any of the conditions listed below, Blue Shield's liability for services (including room and board) provided to the Member for the treatment of any one illness or injury shall be reduced by the amount of benefits paid, or the reasonable value or the amount of Blue Shield's fee-for-service payment to the provider, whichever is less, of the services provided without any cost to you, because of your entitlement to such other benefits. This exclusion is applicable to benefits received from any of the following sources:

1. Benefits provided under Title 18 of the Social Security Act ("Medicare"). If a Member receives services to which he is entitled un-

BASIC PLAN

der Medicare and those services are also covered under this Plan, the Plan provider may recover the amount paid for the services under Medicare. This provision does not apply to Medicare Part D (outpatient prescription drug) benefits. This exclusion for Medicare does not apply when the employer is subject to the Medicare Secondary Payor Laws and the employer maintains:

- a. an employer group health plan that covers
 - 1) persons entitled to Medicare solely because of end-stage renal disease, and
 - 2) active employees or spouses or domestic partners entitled to Medicare by reason of age, and/or
- b. a large group health plan as defined under the Medicare Secondary Payor laws that covers persons entitled to Medicare by reason of disability.

This paragraph shall also apply to a Member who becomes eligible for Medicare on the date that he received notice of his eligibility for such enrollment.

2. Benefits provided by any other federal or state governmental agency, or by any county or other political subdivision, except that this exclusion does not apply to Medi-Cal; or Subchapter 19 (commencing with Section 1396) of Chapter 7 of Title 42 of the United States Code; or for the reasonable costs of services provided to the person at a Veterans Administration facility for a condition unrelated to military service or at a Department of Defense facility, provided the person is not on active duty.

Exception for Other Coverage

A Plan provider may seek reimbursement from other third party payors for the balance of its reasonable charges for services rendered under this Plan.

Claims and Services Review

Blue Shield reserves the right to review all claims and services to determine if any exclusions or other limitations apply. Blue Shield may use the services of physician consultants, peer review committees of professional societies or hospitals and other consultants to evaluate claims.

General Provisions

Grievance Process

Blue Shield of California has established a grievance procedure for receiving, resolving and tracking Members' grievances with Blue Shield of California.

For all services other than mental health and substance abuse

The Member, a designated representative, or a provider on behalf of the Member, may contact the Member Services Department by telephone, letter or online to request a review of an initial determination concerning a claim or service. Members may contact the Plan at the telephone number as noted on the back cover of this booklet. If the telephone inquiry to Member Services does not resolve the question or issue to the Member's satisfaction, the Member may request a grievance at that time, which the Member Services Representative will initiate on the Member's behalf.

The Member, a designated representative, or a provider on behalf of the Member, may also initiate a grievance by submitting a letter or a completed "Grievance Form." The Member may request this form from Member Services. The completed form should be submitted to Member Services at the address as noted on the back cover of this booklet. The Member may also submit the grievance online by visiting our web site at <http://www.blueshieldca.com>.

Blue Shield will acknowledge receipt of a grievance within 5 calendar days. Grievances are resolved within 30 days. The grievance system allows Members to file grievances for at least 180 days following any incident or action that is the subject of the Member's dissatisfaction. See the Member Services Department section, page

For all mental health and substance abuse services

The Member, a designated representative, or a provider on behalf of the Member, may contact the MHSA by telephone, letter or online to request a review of an initial determination concerning a claim or service. Members may contact the MHSA at the telephone number as noted below. If the telephone inquiry to the MHSA's Customer Service Department does not resolve the question or issue to the Member's satisfaction, the Member may request a grievance at that time, which the Customer Service Representative will initiate on the Member's behalf.

The Member, a designated representative, or a provider on behalf of the Member, may also initiate a grievance by submitting a letter or a completed "Grievance Form." The Member may request this form from the MHSA's Customer Service Department. If the Member wishes, the MHSA's Customer Service staff will assist in completing the Grievance Form. Completed grievance forms must be mailed to the MHSA at the address provided below. The Member may also submit the grievance to the MHSA online by visiting <http://www.blueshieldca.com>.

External Independent Medical Review

If your grievance involves a claim or services for which coverage was denied by Blue Shield or by a contracting provider in whole or in part on the

grounds that the service is not medically necessary or is experimental/investigational (including the external review available under the Friedman-Knowles Experimental Treatment Act of 1996), you may choose to make a request to the Department of Managed Health Care to have the matter submitted to an independent agency for external review in accordance with California law. You normally must first submit a grievance to Blue Shield and wait for at least 30 days before you request external review; however, if your matter would qualify for an expedited decision as described on page 15 or involves a determination that the requested service is experimental/investigational, you may immediately request an external review following receipt of notice of denial. You may initiate this review by completing an application for external review, a copy of which can be obtained by contacting Member Services. The Department of Managed Health Care will review the application and, if the request qualifies for external review, will select an external review agency and have your records submitted to a qualified specialist for an independent determination of whether the care is medically necessary. You may choose to submit additional records to the external review agency for review. There is no cost to you for this external review. You and your physician will receive copies of the opinions of the external review agency. The decision of the external review agency is binding on Blue Shield; if the external reviewer determines that the service is medically necessary, Blue Shield will promptly arrange for the service to be provided or the claim in dispute to be paid. This external review process is in addition to any other procedures or remedies available to you and is completely voluntary on your part; you are not obligated to request external review. However, failure to participate in external review may cause you to give up any statutory right to pursue legal action against Blue Shield regarding the disputed service. For more information regarding the external review process, or to request an application form, please contact Member Services.

Appeal Procedure Following Disposition of Plan Grievance Procedure

If no resolution of your complaint is achieved by the internal grievance process described

BASIC PLAN

above, you have several options depending on the nature of your complaint.

1. **Eligibility Issues.** Refer these matters directly to CalPERS. Contact CalPERS Office of Employer and Member Health Services at P.O. Box 942714, Sacramento, CA 94229-2714, Fax (916) 795-1277, or telephone CalPERS Customer Service and Education Division at 1-888 CalPERS (225-7377), TTY 1-800-735-2929; (916) 795-3240.

2. **Coverage Issues.** A coverage issue concerns the denial or approval of health care services substantially based on a finding that the provision of a particular service is included or excluded as a covered benefit under this Evidence of Coverage booklet. It does not include a plan or contracting provider decision regarding a disputed health care service.

If you are dissatisfied with the outcome of Blue Shield's internal grievance process or if you have been in the process for 30 days or more, you may request review by the Department of Managed Health Care, or you may request an administrative review before the CalPERS Board of Administration, or you may choose Small Claims Court, if your coverage dispute is within the jurisdictional limits of Small Claims Court.

3. **Malpractice.** *You must proceed directly to court.*
4. **Bad Faith.** *You must proceed directly to court.*
5. **Disputed Health Care Service Issue.** A disputed health care service issue concerns any health care service eligible for coverage and payment under this Evidence of Coverage booklet that has been denied, modified, or delayed in whole or in part due to a finding that the service is not medically necessary. A decision regarding a disputed health care service relates to the practice of medicine and is not a coverage issue, and includes decisions as to whether a particular service is experimental or investigational.

If you are dissatisfied with the outcome of Blue Shield's internal grievance process or if you have been in the process for 30 days or more, you may request an independent medical review from the Department of Managed Health Care.

If you are dissatisfied with the outcome of the independent medical review process, you may request an administrative review before the CalPERS Board of Administration, or you may proceed to court.

CalPERS Administrative Appeal Process

Only issues of eligibility and coverage issues which concern the denial or approval of health care services substantially based on a finding that the provision of a particular service is included or excluded as a covered benefit under this Evidence of Coverage booklet may be appealed directly to CalPERS.

CalPERS staff will conduct an administrative review upon your appeal of Blue Shield's denial of coverage or the denial of a disputed health care issue by the Department of Managed Health Care. However, your written appeal must be submitted to CalPERS within 30 days of the postmark date of Blue Shield's letter of denial or the Department of Managed Health Care's determination of findings.

If the dispute remains unresolved during the administrative review process, the matter may then proceed to an administrative hearing. During the hearing, evidence and testimony will be presented to an Administrative Law Judge.

To file for an administrative review, contact CalPERS Office of Employer and Member Health Services, P.O. Box 942714, Sacramento, CA 94229-2714, Fax (916) 795-1277, or telephone CalPERS Customer Service and Education Division, 1-888 CalPERS (225-7377), TTY 1-800-735-2929; (916) 795-3240.

Department of Managed Health Care Review

The California Department of Managed Health Care is responsible for regulating health care service plans. If you have a

BASIC PLAN

grievance against your health plan, you should first telephone your health plan at 1-800-334-5847 and use your health plan's grievance process before contacting the Department. Utilizing this grievance procedure does not prohibit any potential legal rights or remedies that may be available to you. If you need help with a grievance involving an emergency, a grievance that has not been satisfactorily resolved by your health plan, or a grievance that has remained unresolved for more than 30 days, you may call the Department for assistance. You may also be eligible for an Independent Medical Review (IMR). If you are eligible for IMR, the IMR process will provide an impartial review of medical decisions made by a health plan related to the medical necessity of a proposed service or treatment, coverage decisions for treatments that are experimental or investigational in nature and payment disputes for emergency or urgent medical services. The Department also has a toll-free telephone number (1-888-HMO-2219) and a TDD line (1-877-688-9891) for the hearing and speech impaired. The Department's Web site (<http://www.hmohelp.ca.gov>) has complaint forms, IMR application forms and instructions online.

In the event that Blue Shield should cancel or refuse to renew enrollment for you or your dependents and you feel that such action was due to health or utilization of benefits, you or your dependents may request a review by the Department of Managed Health Care Director.

Matters of eligibility should be referred directly to CalPERS - contact CalPERS Office of Employer and Member Health Services, P.O. Box 942714, Sacramento, CA 94229-2714.

Alternate Arrangements

Blue Shield will make a reasonable effort to secure alternate arrangements for the provision of care by another Plan provider without additional expense to you in the event a Plan provider's contract is terminated, or a Plan provider is unable or unwilling to provide care to you.

If such alternate arrangements are not made available, or are not deemed satisfactory to the Board, then Blue Shield will provide all services and/or benefits of the Agreement to you on a fee-for-service basis (less any applicable copayments), and the limitation contained herein with respect to use of a Plan provider shall be of no force or effect.

Such fee-for-service arrangements shall continue until any affected treatment plan has been completed or until such time as you agree to obtain services from another Plan provider, your enrollment is terminated, or your enrollment is transferred to another plan administered by the Board, whichever occurs first. In no case, however, will such fee-for-service arrangements continue beyond the term of the Plan, unless the Extension of Benefits provision applies to you.

Physician-Patient or Plan-Member Relationship

In the event that Blue Shield of California shall be unable to establish satisfactory physician-patient or plan-member relationship with any member, after reasonable efforts to do so, then Blue Shield may either submit the matter for consideration under Blue Shield's grievance procedures or submit the matter for consideration by the Chief Executive Officer of CalPERS. In any event, if it is determined that a satisfactory physician-patient or plan-member relationship cannot be maintained, then the member shall be provided with the opportunity to change enrollment to another plan.

Termination of Group Membership - Continuation of Coverage Termination of Benefits

Coverage for you or your dependents terminates at 12:01 a.m. Pacific Time on the earliest of these dates: (1) the date the group Agreement is discontinued, (2) the last day of the month in which the subscriber's employment terminates, unless a different date has been agreed to between Blue Shield and your employer, (3) the end of the period for which the premium is paid, or (4) on the last day of the month in which you or your dependents become ineligible. A spouse also becomes ineligible following legal separation from the subscriber, entry of a

BASIC PLAN

final decree of divorce, annulment or dissolution of marriage from the subscriber. A domestic partner becomes ineligible upon termination of the domestic partnership.

Except as specifically provided under the Extension of Benefits and COBRA provisions, there is no right to receive benefits for services provided following termination of this group Agreement.

If you cease work because of retirement, disability, leave of absence, temporary layoff or termination, see your employer about possibly continuing group coverage. Also, see the Individual Conversion Plan and COBRA and/or Cal-COBRA provisions described in this booklet for information on continuation of coverage.

If the subscriber no longer lives or works in the Plan service area, coverage will be terminated for him and all his dependents. If a dependent no longer lives or works in the Plan service area, then that dependent's coverage will be terminated. (Special arrangements may be available for dependents who are full-time students or do not live in the subscriber's home. Please contact the Member Services Department to request a brochure which explains these arrangements.)

If the relationship between a Plan physician and a Member is unsatisfactory, or if the relationship between Blue Shield and a Member is unsatisfactory, then the Member may submit the matter to CalPERS under the change of enrollment procedure in Section 22841 of the Government Code. If the Member does not access the change of enrollment procedure, Blue Shield will undertake reasonable efforts to make a Plan physician available to the Member with whom a satisfactory relationship may be developed.

In the event any Member believes that his or her benefits under this Agreement have been terminated because of his or her health status or health requirements, the Member may seek from the Department of Managed Health Care, review of the termination as provided in California Health & Safety Code Section 1365(b).

Reinstatement

If you cancel or your coverage is terminated, refer to the CalPERS "Health Program Guide."

Cancellation

No benefits will be provided for services rendered after the effective date of cancellation, except as specifically provided under the Individual Conversion Plan, Guaranteed Issue Individual Coverage, Extension of Benefits, and COBRA provisions in this booklet.

The group Agreement also may be cancelled by CalPERS at any time provided written notice is given to Blue Shield to become effective upon receipt, or on a later date as may be specified on the notice.

Individual Conversion Plan

Regardless of age, physical condition or employment status, you may continue Blue Shield protection when you retire, leave the job or become ineligible for group coverage by applying for a transfer to an individual conversion plan then being issued by Blue Shield.

An application and first dues payment for the conversion plan and the first month's premium must be received by Blue Shield within 63 days of the date of termination of your Blue Shield group coverage. However, if the Blue Shield group Agreement is terminated or your employer withdraws from participation in the Public Employees' Medical and Hospital Care Act, transfer to the individual conversion plan will not be permitted. You will not be permitted to transfer to the individual conversion plan, and coverage under the individual conversion plan will end, if you failed to continue enrollment or to make contributions during continuation of enrollment in a non-pay status according to the Public Employees' Medical and Hospital Care Act Regulations.

A conversion plan is also available to:

- Dependents, if the subscriber dies;
- Dependents who marry or exceed the maximum age for dependent coverage under the group plan;

BASIC PLAN

- Dependents, if the subscriber enters military service;
- Spouse or domestic partner of a subscriber if their marriage or domestic partnership has terminated;
- Dependents, when continuation of coverage under COBRA and/or Cal-COBRA expires, or is terminated.

When a dependent reaches the limiting age for coverage as a dependent, or if a dependent becomes ineligible for any of the other reasons given above, it is your responsibility to inform Blue Shield. Upon receiving notification, Blue Shield will offer such dependent an individual conversion plan for purposes of continuous coverage.

Guaranteed Issue Individual Coverage

Under the Health Insurance Portability and Accountability Act of 1996 (HIPAA) and under California law, you may be entitled to apply for certain of Blue Shield's individual health plans on a guaranteed issue basis (which means that you will not be rejected for underwriting reasons if you meet the other eligibility requirements, you live or work in Blue Shield's service area, and you agree to pay all required dues). You may also be eligible to purchase similar coverage on a guaranteed issue basis from any other health plan that sells individual coverage for hospital, medical or surgical benefits. Not all Blue Shield individual plans are available on a guaranteed issue basis under HIPAA. To be eligible, you must meet the following requirements:

- You must have at least 18 or more months of creditable coverage;
- Your most recent coverage must have been group coverage (COBRA and Cal-COBRA are considered group coverage for these purposes);
- You must have elected and exhausted all COBRA and/or Cal-COBRA coverage that is available to you;
- You must not be eligible for nor have any other health insurance coverage, including a group health plan, Medicare or Medi-Cal;
- You must make application to Blue Shield for guaranteed issue coverage

within 63 days of the date of termination from the group plan.

If you elect conversion coverage, continuation of group coverage after COBRA and/or Cal-COBRA, or other Blue Shield individual plans, you will waive your right to this guaranteed issue coverage. For more information, contact a Blue Shield Member Services representative at the telephone number noted on your ID Card.

Extension of Benefits

If a person becomes totally disabled while validly covered under this Plan and continues to be totally disabled on the date group coverage terminates, Blue Shield will extend the benefits of this Plan, subject to all limitations and restrictions, for covered services and supplies directly related to the condition, illness or injury causing such total disability until the first to occur of the following: (1) the date the covered person is no longer totally disabled, (2) 12:01 a.m. on the day following a period of 12 months from the date group coverage terminated, (3) the date on which the covered person's maximum benefits are reached, (4) the date on which a replacement carrier provides coverage to the person without limitation as to the totally disabling condition.

No extension will be granted unless Blue Shield receives written certification by a Plan physician of such total disability within 90 days of the date on which coverage was terminated, and thereafter at such reasonable intervals as determined by Blue Shield.

COBRA and/or Cal-COBRA

Please examine your options carefully before declining this coverage. You should be aware that companies selling individual health insurance typically require a review of your medical history that could result in a higher premium or you could be denied coverage entirely.

COBRA

If a Member is entitled to elect continuation of group coverage under the terms of the Consolidated Omnibus Budget Reconciliation Act (COBRA) as amended, the following applies:

BASIC PLAN

The COBRA group continuation coverage is provided through federal legislation and allows an enrolled active or retired employee or his/her enrolled family member who lose their regular group coverage because of certain “qualifying events” to elect continuation for 18, 29, or 36 months.

An eligible active or retired employee or his/her family member(s) is entitled to elect this coverage provided an election is made within 60 days of notification of eligibility and the required premiums are paid. The benefits of the continuation coverage are identical to the group plan and the cost of coverage shall be 102% of the applicable group premiums rate. No employer contribution is available to cover the premiums.

Two “qualifying events” allow enrollees to request the continuation coverage for 18 months. The Member's 18-month period may also be extended to 29 months if the Member was disabled on or before the date of termination or reduction in hours of employment, or is determined to be disabled under the Social Security Act within the first 60 days of the initial qualifying event and before the end of the 18-month period (non-disabled eligible family members are also entitled to this 29-month extension).

1. The covered employee’s separation from employment for reasons other than gross misconduct.
2. Reduction in the covered employee’s hours to less than half-time.

Four “qualifying events” allow an active or retired employee’s enrolled family member(s) to elect the continuation coverage for up to 36 months. Children born to or placed for adoption with the Member during a COBRA continuation period may be added as dependents, provided the employer is properly notified of the birth or placement for adoption, and such children are enrolled within 30 days of the birth or placement for adoption.

1. The employee’s or retiree’s death (and the surviving family member is not eligible for a monthly survivor allowance from CalPERS).
2. Divorce or legal separation of the covered employee or retiree from the employee’s or retiree’s spouse or termination of the domestic partnership.
3. A dependent child ceases to be a dependent child.
4. The primary COBRA subscriber becomes entitled to Medicare.

If elected, COBRA continuation coverage is effective on the date coverage under the group plan terminates.

The COBRA continuation coverage will remain in effect for the specified time, or until one of the following events terminates the coverage:

1. The termination of all employer provided group health plans, or
2. The enrollee fails to pay the required premium(s) on a timely basis, or
3. The enrollee becomes covered by another health plan without limitations as to pre-existing conditions, or
4. The enrollee becomes eligible for Medicare benefits, or
5. The continuation of coverage was extended to 29 months and there has been a final determination that the Member is no longer disabled.

You will receive notice from your employer of your eligibility for COBRA continuation coverage if your employment is terminated or your hours are reduced.

Contact your (former) employing agency or CalPERS directly if you need more information about your eligibility for COBRA group continuation coverage.

BASIC PLAN

Cal-COBRA

COBRA enrollees who became eligible for COBRA coverage on or after January 1, 2003, and who reach the 18-month or 29-month maximum available under COBRA, may elect to continue coverage under Cal-COBRA for a maximum period of 36 months from the date the Member's continuation coverage began under COBRA. If elected, the Cal-COBRA coverage will begin after the COBRA coverage ends.

COBRA enrollees must exhaust all the COBRA coverage to which they are entitled before they can become eligible to continue coverage under Cal-COBRA.

In no event will continuation of group coverage under COBRA, Cal-COBRA or a combination of COBRA and Cal-COBRA be extended for more than 3 years from the date the qualifying event has occurred which originally entitled the Member to continue group coverage under this Plan.

Monthly rates for Cal-COBRA coverage shall be 110% of the applicable group monthly rates.

Cal-COBRA enrollees must submit monthly rates directly to Blue Shield. The initial monthly rates must be paid within 45 days of the date the Member provided written notification to the Plan of the election to continue coverage and be sent to Blue Shield by first-class mail or other reliable means. The monthly rate payment must equal an amount sufficient to pay any required amounts that are due. Failure to submit the correct amount within the 45-day period will disqualify the Member from continuation coverage.

Blue Shield of California is responsible for notifying COBRA enrollees of their right to possibly continue coverage under Cal-COBRA at least 90 calendar days before their COBRA coverage will end. The COBRA enrollee should contact Blue Shield for more information about continuing coverage. If the enrollee elects to apply for continuation of coverage under Cal-COBRA, the enrollee must notify Blue Shield at least 30 days before COBRA termination.

Continuation of Group Coverage After COBRA and/or Cal-COBRA

The following section only applies to enrollees who became eligible for continuation of group coverage after COBRA and/or Cal-COBRA prior to January 1, 2005:

Certain former employees and dependent spouses or dependent domestic partners (including a spouse who is divorced from the current employee/former employee and/or a spouse who was married to the employee/former employee at the time of that employee/former employee's death, or a domestic partner whose partnership with the current employee/former employee has terminated and/or a domestic partner who was in a domestic partner relationship with the employee/former employee at the time of that employee/former employee's death) may be eligible to continue group coverage beyond the date their COBRA and/or Cal-COBRA coverage ends. Blue Shield will offer the extended coverage to former employees of employers that are subject to the existing COBRA or Cal-COBRA, and to the former employees' dependent spouses (including a divorced or widowed spouse as defined above) or dependent domestic partners (including surviving domestic partners or domestic partners whose partnership was terminated as defined above). This coverage is subject to the following conditions:

1. The former employee worked for the employer for the prior 5 years and was 60 years of age or older on the date his/her employment ended.
2. The former employee was eligible for and elected COBRA and/or Cal-COBRA for himself and his dependent spouse (a former spouse, i.e. a divorced or widowed spouse as defined above, is also eligible for continuation of group coverage after COBRA and/or Cal-COBRA.
3. The former employee was eligible for and elected COBRA and/or Cal-COBRA for himself and his dependent domestic partner (a former domestic partner, i.e., a surviving domestic partner or domestic partner whose

BASIC PLAN

partnership has been terminated as defined above, is also eligible for continuation of group coverage after COBRA and/or Cal-COBRA).

Items 1., 2. and 3. above are not applicable to a former spouse or former domestic partner electing continuation coverage. The former spouse or former domestic partner must elect such coverage by notifying the plan in writing within 30 calendar days prior to the date that the former spouse's or former domestic partner's initial COBRA and/or Cal-COBRA benefits are scheduled to end).

If elected, this coverage will begin after the COBRA and/or Cal-COBRA coverage ends and will be administered under the same terms and conditions as if COBRA and/or Cal-COBRA had remained in force.

For Members who transfer to this coverage from COBRA, monthly rates for this coverage shall be 213% of the applicable group monthly rate or 102% of the applicable age adjusted group monthly rate. For Members who transfer to this coverage from Cal-COBRA, monthly rates for this coverage shall be 213% of the applicable group monthly rate, or 110% of the applicable age adjusted group monthly rate. Payment is due at the time the employer's payment is due.

Termination of Continuation Coverage After COBRA and/or Cal-COBRA

This coverage will end automatically on the earliest of:

1. The date the former employee, spouse, or domestic partner or former spouse or former domestic partner reaches 65;
2. The date the employer discontinues this Agreement and ceases to maintain any group health plan for any active employees;
3. The date the former employee, spouse, or domestic partner or former spouse or former domestic partner transfers to another health plan, whether or not the benefits of the other health plan are less valuable than those of the health plan maintained by the employer;
4. The date the former employee, spouse, or domestic partner or former spouse or former domestic partner becomes eligible for Medicare;
5. For a spouse or domestic partner or former spouse or former domestic partner, 5 years from the date the spouse's or domestic partner's COBRA or Cal-COBRA coverage would end.

Payment by Third Parties Third Party Recovery Process and the Member's Responsibility

If a Member is injured through the act or omission of another person (a "third party"), Blue Shield, the Member's designated medical group, and the independent practice association shall, with respect to services required as a result of that injury, provide the benefits of the Plan and have an equitable right to restitution or other available remedy to recover the reasonable costs of services provided to the Member. The Member is required to:

1. Notify Blue Shield in writing of any actual or potential claim or legal action which such Member anticipates bringing or has brought against the third party arising from the alleged acts or omissions causing the injury or illness, not later than 30 days after submitting or filing a claim or legal action against the third party; and
2. Agree to fully cooperate with Blue Shield, the Member's designated medical group, and the independent practice association to execute any forms or documents needed to assist them in exercising their equitable right to restitution or other available remedies; and
3. Provide Blue Shield, the Member's designated medical group, and the independent practice association with a lien in the amount of the reasonable costs of benefits provided, calculated in accordance with California Civil Code section 3040. The lien

BASIC PLAN

may be filed with the third party, the third party's agent or attorney, or the court unless otherwise prohibited by law.

A Member's failure to comply with 1. through 3., above, shall not in any way act as a waiver, release, or relinquishment of the rights of Blue Shield, the Member's designated medical group, or the independent practice association.

Further, if the Member receives services from a Plan hospital for such injuries, the hospital has the right to collect from the Member the difference between the amount paid by Blue Shield and the hospital's reasonable and necessary charges for such services when payment or reimbursement is received by the Member for medical expenses. The Plan hospital's right to collect shall be in accordance with California Civil Code Section 3045.1.

Workers' Compensation

No benefits are provided for or incident to any injury or disease arising out of, or in the course of, any employment for salary, wage or profit if such injury or disease is covered by any workers' compensation law, occupational disease law or similar legislation.

However, if Blue Shield provides payment for such services it will be entitled to establish a lien upon such other benefits up to the reasonable cash value of benefits provided by Blue Shield for the treatment of the injury or disease as reflected by the providers' usual billed charges.

Coordination of Benefits

When a person who is covered under this group Plan is also covered under another group plan, or selected group, or blanket disability insurance contract, or any other contractual arrangement or any portion of any such arrangement whereby the members of a group are entitled to payment of or reimbursement for hospital or medical expenses, such person will not be permitted to make a "profit" on a disability by collecting benefits in excess of actual value or cost during any calendar year.

Instead, payments will be coordinated between the plans in order to provide for "allowable ex-

penses" (these are the expenses that are incurred for services and supplies covered under at least one of the plans involved) up to the maximum benefit value or amount payable by each plan separately.

If the covered person is also entitled to benefits under any of the conditions as outlined under the Exclusion for Duplicate Coverage provision, benefits received under any such condition will not be coordinated with the benefits of this Plan. The following rules determine the order of benefit payments:

When the other plan does not have a coordination of benefits provision, it will always provide its benefits first. Otherwise, the plan covering the patient as an employee will provide its benefits before the plan covering the patient as a dependent.

Except for cases of claims for a dependent child whose parents are separated or divorced, the plan which covers the patient as a dependent of a person whose date of birth (excluding year of birth) occurs earlier in a calendar year, shall determine its benefits before a plan which covers that person as a dependent of a person whose date of birth (excluding year of birth) occurs later in a calendar year. If either plan does not have the provisions of this paragraph regarding dependents, which results either in each plan determining its benefits before the other or in each plan determining its benefits after the other, the provisions of this paragraph shall not apply, and the rule set forth in the plan which does not have the provisions of this paragraph shall determine the order of benefits.

1. In the case of a claim involving expenses for a dependent child whose parents are separated or divorced, plans covering the child as a dependent shall determine their respective benefits in the following order: First, the plan of the parent with custody of the child; then, if that parent has remarried, the plan of the stepparent with custody of the child; and finally the plan(s) of the parent(s) without custody of the child.

BASIC PLAN

2. Notwithstanding 1. above, if there is a court decree which otherwise establishes financial responsibility for the medical, dental or other health care expenses of the child, then the plan which covers the child as a dependent of the parent with that financial responsibility shall determine its benefits before any other plan which covers the child as a dependent child.
3. If the above rules do not apply, the plan which has covered the patient for the longer period of time shall determine its benefits first, provided that:
 - a. A plan covering a patient as a laid-off or retired employee, or as a dependent of such an employee, shall determine its benefits after any other plan covering that person as an employee, other than a laid-off or retired employee, or such dependent; and,
 - b. If either plan does not have a provision regarding laid-off or retired employees, which results in each plan determining its benefits after the other, then the provisions of a. above shall not apply.

If this Plan is the primary carrier with respect to a covered person, then this Plan will provide its benefits without reduction because of benefits available from any other plan.

When this Plan is secondary in the order of payments, and Blue Shield is notified that there is a dispute as to which plan is primary, or that the primary plan has not paid within a reasonable period of time, this Plan will provide the benefits that would be due as if it were the primary plan, provided that the covered person:
(1) assigns to Blue Shield the right to receive

benefits from the other plan the extent of the difference between the value of the benefits which Blue Shield actually provides and the value of the benefits that Blue Shield would have been obligated to provide as the secondary plan, (2) agrees to cooperate fully with Blue Shield in obtaining payment of benefits from the other plan, and (3) allows Blue Shield to obtain confirmation from the other plan that the benefits which are claimed have not previously been paid.

If payments which should have been made under this Plan in accordance with these provisions have been made by another Plan, Blue Shield may pay to the other Plan the amount necessary to satisfy the intent of these provisions. This amount shall be considered as benefits paid under this Plan. Blue Shield shall be fully discharged from liability under this Plan to the extent of these payments.

If payments have been made by Blue Shield in excess of the maximum amount of payment necessary to satisfy these provisions, Blue Shield shall have the right to recover the excess from any person or other entity to or with respect to whom such payments were made.

Blue Shield may release to or obtain from any organization or person any information which Blue Shield considers necessary for the purpose of determining the applicability of and implementing the terms of these provisions or any provisions of similar purpose of any other Plan. Any person claiming benefits under this Plan shall furnish Blue Shield with such information as may be necessary to implement these provisions.

SUPPLEMENT TO ORIGINAL MEDICARE PLAN

Benefit Changes for Current Year

There are no benefit changes this year.

BENEFITS OF THIS PLAN ARE AVAILABLE ONLY FOR SERVICES AND SUPPLIES FURNISHED DURING THE TERM THE PLAN IS IN EFFECT AND WHILE THE INDIVIDUAL CLAIMING BENEFITS IS ACTUALLY COVERED BY THE GROUP AGREEMENT.

IF BENEFITS ARE MODIFIED, THE REVISED BENEFITS (INCLUDING ANY REDUCTION IN BENEFITS OR ELIMINATION OF BENEFITS) APPLY TO SERVICES OR SUPPLIES FURNISHED ON OR AFTER THE EFFECTIVE DATE OF MODIFICATION. **THERE IS NO VESTED RIGHT TO RECEIVE THE BENEFITS OF THIS PLAN.**

Eligibility

Information pertaining to your eligibility, enrollment, cancellation or termination of coverage, conversion rights, etc. can be found in the CalPERS informational booklet "Health Program Guide." The booklet is prepared by CalPERS Office of Employer and Member Health Services in Sacramento. You can order this booklet using the postage-paid order card included in the Open Enrollment mailing, through the CalPERS Web site (<http://www.calpers.ca.gov>), by calling CalPERS, or by contacting your Health Benefits Officer.

If you or any of your dependents are currently eligible or become eligible for Medicare and you are not an active employee, you may enroll in the Blue Shield Access+ HMO Supplement to Original Medicare Plan. You may also enroll in the Access+ HMO Supplement to Original Medicare Plan if it is determined for any other reason that Medicare is the primary payor for you or your spouse under the Medicare Secondary Payor laws (e.g., for end-stage renal disease). You are required to enroll in both Medicare Parts A and B to be eligible for Blue Shield Access+ HMO Supplement to Original Medicare Plan benefits and to provide CalPERS Office of Employer

and Member Health Services with a copy of your Medicare card or Letter Of Entitlement with a letter to CalPERS requesting enrollment.

A Medicare prescription drug program, known as Medicare Part D, became effective January 1, 2006. Blue Shield Supplement to Original Medicare members do **not** need to enroll in Medicare Part D because your current Blue Shield prescription drug benefit as specified by CalPERS is superior in both benefit and cost.

The Blue Shield Access+ HMO benefits will be reduced by the benefits covered by both Medicare Part A (hospital benefits) and Medicare Part B (professional benefits), but not for Medicare Part D (prescription drugs). The Blue Shield Access+ HMO will cover benefits only to the extent services are coordinated by your Personal Physician and authorized by the Blue Shield Access+ HMO. This Plan does not cover custodial care. Benefits are provided for covered services whether or not they are covered by Medicare. If the covered services are also covered by Medicare, then the Plan providers who render those services will bill and seek payment directly from Medicare. You are not responsible for the amounts not paid by Medicare for covered services, except for the copayment amounts set forth in this Evidence of Coverage.

Under the Public Employees' Medical and Hospital Care Act (PEMHCA), if you are Medicare eligible and **do not** enroll in Medicare Parts A and B and a CalPERS Medicare health plan, you and your enrolled dependents will be excluded from coverage under the CalPERS program.

If either you or your spouse is over the age of 65 and you are actively employed, neither you nor your spouse is eligible for Supplement to Original Medicare Plan benefits (unless it is determined that Medicare is the primary payor for you or your spouse under the Medicare Secondary Payor laws).

For answers to questions regarding Medicare, contact your local Social Security office or call Medicare's toll-free number 1-800-633-4227. You may also visit the Medicare Web site at <http://www.medicare.gov>.

Benefits of this Plan become effective at 12:01 a.m. Pacific Time on the eligibility date established by CalPERS.

Enrollment

Information pertaining to enrollment can be found in the CalPERS "Health Program Guide." **To enroll or make changes, active members must submit a completed Health Benefit Enrollment Form (CalPERS HBD-12). Retired members must submit a signed, written request or a completed Health Plan Change Request Form for Retirees (CalPERS HBD-30).** If you need assistance in completing these forms, contact CalPERS Office of Employer and Member Health Services.

How to Use the Plan

Choice of Physicians and Providers

PLEASE READ THE FOLLOWING INFORMATION SO YOU WILL KNOW FROM WHOM OR WHAT GROUP OF PROVIDERS HEALTH CARE MAY BE OBTAINED.

Payment of Providers

Blue Shield generally contracts with groups of physicians to provide services to Members. A fixed, monthly fee is paid to these groups of physicians for each Member whose Personal Physician is in the group. This payment system, capitation, includes incentives to the groups of physicians to manage all services provided to

Members in an appropriate manner consistent with the Agreement.

If you want to know more about this payment system, contact Member Services at the number listed on the back cover of this booklet or talk to your Plan provider.

Selecting a Personal Physician

A close physician-to-patient relationship is an important ingredient that helps to ensure the best medical care. Each Member is therefore required to select a Personal Physician at the time of enrollment. Family members can choose different Personal Physicians in different medical groups or IPAs, except as described for new-borns below. This decision is an important one because your Personal Physician will:

- Help you decide on actions to maintain and improve your total health;
- Coordinate and direct all of your medical care needs;
- Authorize emergency services when appropriate;
- Work with your medical group or IPA to arrange your referrals to specialty physicians, hospitals and all other health services, including obtaining any prior authorization you will need from your medical group or IPA or Blue Shield;
- Prescribe those lab tests, x-rays and services you require;
- If you request it, assist you in obtaining prior approval from the Mental Health Services Administrator (MHSA) for mental health and substance abuse services. See the Mental Health and Substance Abuse Services paragraphs in the How to Use the Plan section for information; and,
- Assist you in applying for admission into a hospice program through a participating hospice agency when necessary.

To ensure access to services, each Member must select a Personal Physician who is located sufficiently close to the Member's home or work address to ensure reasonable access to care, as determined by Blue Shield. If you do not select a Personal Physician at the time of enrollment,

SUPPLEMENT TO ORIGINAL MEDICARE PLAN

the Plan will designate a Personal Physician for you and you will be notified of the name of the designated Personal Physician. This designation will remain in effect until you notify the Plan of your selection of a different Personal Physician.

A Personal Physician must also be selected for a newborn or child placed for adoption, preferably prior to birth or adoption, but always within 31 days from the date of birth or placement for adoption. The Personal Physician selected for the month of birth must be in the same medical group or IPA as the mother's Personal Physician when the newborn is the natural child of the mother. If the mother of the newborn is not enrolled as a Member or if the child has been placed with the subscriber for adoption, the Personal Physician selected must be a physician in the same medical group or IPA as the subscriber. If you do not select a Personal Physician within 31 days following the birth or placement for adoption, the Plan will designate a Personal Physician from the same medical group or IPA as the natural mother or the subscriber. This designation will remain in effect for the first calendar month during which the birth or placement for adoption occurred. If you want to change the Personal Physician for the child after the month of birth or placement for adoption, see the section below on Changing Personal Physicians or Designated Medical Group or IPA. If your child is ill during the first month of coverage, be sure to read the information about changing Personal Physicians during a course of treatment or hospitalization.

Remember that if you want your child covered beyond the 31 days from the date of birth or placement for adoption, you should contact CalPERS Office of Employer and Member Health Services and Blue Shield to add your child to your coverage.

Role of the Medical Group or IPA

Most Blue Shield Access+ HMO Personal Physicians contract with medical groups or IPAs to share administrative and authorization responsibilities. (Of note, some Personal Physicians contract directly with Blue Shield.) Your Personal Physician coordinates with your designated medical group or IPA to direct all of your medi-

cal care needs and refer you to specialists or hospitals within your designated medical group or IPA unless because of your health condition, care is unavailable within the medical group or IPA.

Your designated medical group or IPA (or Blue Shield when noted on your identification card) ensures that a full panel of specialists is available to provide your health care needs and helps your Personal Physician manage the utilization of your health plan benefits by ensuring that referrals are directed to providers who are contracted with them. Medical groups or IPAs also have admitting arrangements with hospitals contracted with Blue Shield in their area and some have special arrangements that designate a specific hospital as "in network." Your designated medical group or IPA works with your Personal Physician to authorize services and ensure that that service is performed by their in network provider.

The name of your Personal Physician and your designated medical group or IPA (or, "Blue Shield Administered") is listed on your Access+ HMO identification card. The Blue Shield HMO Member Services Department can answer any questions you may have about changing the medical group or IPA designated for your Personal Physician and whether the change would affect your ability to receive services from a particular specialist or hospital.

Changing Personal Physicians or Designated Medical Group or IPA

You or your dependent may change Personal Physicians or designated medical group or IPA by calling the Member Services Department at 1-800-334-5847. Some Personal Physicians are affiliated with more than one medical group or IPA. If you change to a medical group or IPA with no affiliation to your Personal Physician, you must select a new Personal Physician affiliated with the new medical group or IPA and transition any specialty care you are receiving to specialists affiliated with the new medical group or IPA. **The change will be effective the first day of the month following notice of approval by Blue Shield.** Once your Personal Physician change is effective, all care must be

SUPPLEMENT TO ORIGINAL MEDICARE PLAN

provided or arranged by the new Personal Physician, except for OB/GYN services provided by an obstetrician/gynecologist or a family practice physician within the same medical group or IPA as your Personal Physician and Access+ Specialist visits. Once your medical group or IPA change is effective, all previous authorizations for specialty care or procedures are no longer valid and must be transitioned to specialists affiliated with the new medical group or IPA, even if you remain with the same Personal Physician. Member Services will assist you with the timing and choice of a new Personal Physician or medical group or IPA.

Voluntary medical group or IPA changes are not permitted during the third trimester of pregnancy or while confined to a hospital. The effective date of your new medical group or IPA will be the first of the month following discharge from the hospital, or when pregnant, following the completion of post-partum care.

Additionally, changing your Personal Physician or designated medical group or IPA during a course of treatment may interrupt the quality and continuity of your health care. For this reason, the effective date of your new Personal Physician or designated medical group or IPA, when requested during a course of treatment, will be the first of the month following the date it is medically appropriate to transfer your care to your new Personal Physician or designated medical group or IPA, as determined by the Plan.

Exceptions must be approved by the Blue Shield Medical Director. For information about approval for an exception to the above provision, please contact Member Services.

If your Personal Physician discontinues participation in the Plan, Blue Shield will notify you in writing and designate a new Personal Physician for you in case you need immediate medical care. You will also be given the opportunity to select a new Personal Physician of your own choice within 15 days of this notification. Your selection must be approved by Blue Shield prior to receiving any services under the Plan. In the event that your selection has not been approved

and an emergency arises, see I. Emergency Services, page 82 for information.

IT IS IMPORTANT TO KNOW THAT WHEN YOU ENROLL IN THE BLUE SHIELD ACCESS+ HMO, SERVICES ARE PROVIDED THROUGH THE PLAN'S DELIVERY SYSTEM, BUT THE CONTINUED PARTICIPATION OF ANY ONE DOCTOR, HOSPITAL OR OTHER PROVIDER CANNOT BE GUARANTEED.

Continuity of Care by a Terminated Provider

Members who are being treated for acute conditions, serious chronic conditions, pregnancies (including immediate postpartum care), or terminal illness; or who are children from birth to 36 months of age; or who have received authorization from a now-terminated provider for surgery or another procedure as part of a documented course of treatment can request completion of care in certain situations with a provider who is leaving the Blue Shield provider network. Contact Member Services to receive information regarding eligibility criteria and the policy and procedure for requesting continuity of care from a terminated provider.

Relationship With Your Personal Physician

The physician-patient relationship you and your Personal Physician establish is very important. The best effort of your Personal Physician will be used to ensure that all medically necessary and appropriate professional services are provided to you in a manner compatible with your wishes. If your Personal Physician recommends procedures or treatments which you refuse, or you and your Personal Physician fail to establish a satisfactory relationship, you may select a different Personal Physician. Member Services can assist you with this selection.

Your Personal Physician will advise you if he believes that there is no professionally acceptable alternative to a recommended treatment or procedure. If you continue to refuse to follow the recommended treatment or procedure, Member

SUPPLEMENT TO ORIGINAL MEDICARE PLAN

Services can assist you in the selection of another Personal Physician.

Repeated failures to establish a satisfactory relationship with a Personal Physician may result in termination of your coverage, but only after you have been given access to other available Personal Physicians and have been unsuccessful in establishing a satisfactory relationship. Any such termination will take place in accordance with written procedures established by Blue Shield and only after written notice to the Member which describes the unacceptable conduct, provides the Member with an opportunity to respond and warns the Member of the possibility of termination.

How to Receive Care

Use of Personal Physician

At the time of enrollment, you will choose a Personal Physician who will coordinate all covered services. **You must contact your Personal Physician for all health care needs, including preventive services, routine health problems, consultations with Plan specialists (except as provided under Obstetrical/Gynecological (OB/GYN) Physician Services, Access+ Specialist, and Mental Health and Substance Abuse Services), admission into a hospice program through a participating hospice agency, emergency services, urgent services and for hospitalization.** The Personal Physician is responsible for providing primary care and coordinating or arranging for referral to other necessary health care services and obtaining any needed prior authorization by your medical group or IPA or Blue Shield. You should cancel any scheduled appointments at least 24 hours in advance. This policy applies to appointments with or arranged by your Personal Physician or the Mental Health Services Administrator (MHSA) and self-arranged appointments to an Access+ Specialist or for OB/GYN services. Because your physician has set aside time for your appointments in a busy schedule, you need to notify the office within 24 hours if you are unable to keep the appointment. That will allow the office staff to offer that time slot to another patient who needs to see the physician. Some offices may advise you that a fee (not to exceed your copayment)

will be charged for missed appointments unless you give 24-hour advance notice or missed the appointment because of an emergency situation.

If you have not selected a Personal Physician for any reason, you must contact Member Services at 1-800-334-5847, Monday through Friday, between 7 a.m. and 7 p.m. to select a Personal Physician to obtain benefits.

Obstetrical/Gynecological (OB/GYN) Physician Services

A female Member may arrange for obstetrical and/or gynecological (OB/GYN) services by an obstetrician/gynecologist or a family practice physician who is not her designated Personal Physician without obtaining a referral. However, the obstetrician/gynecologist or family practice physician must be in the same medical group or IPA as her Personal Physician.

Obstetrical and gynecological services are defined as:

- Physician services related to prenatal, perinatal and postnatal (pregnancy) care,
- Physician services provided to diagnose and treat disorders of the female reproductive system and genitalia,
- Physician services for treatment of disorders of the breast,
- Routine annual gynecological examinations/annual well-woman examinations.

It is important to note that services by an obstetrician/gynecologist or a family practice physician outside of the Personal Physician's medical group or IPA without referral will not be covered under this Plan. Before making the appointment, the Member should call the Member Services Department at 1-800-334-5847 to confirm that the obstetrician/gynecologist or family practice physician is in the same medical group or IPA as her Personal Physician.

The OB/GYN physician services are separate from the Access+ Specialist feature described below.

SUPPLEMENT TO ORIGINAL MEDICARE PLAN

Referral to Specialty Services and Second Medical Opinions

Although self-referrals to Plan specialists are allowed through the Access+ Specialist feature described below, Blue Shield encourages you to receive specialty services through a referral from your Personal Physician. The Personal Physician is responsible for coordinating all of your health care needs and can best direct you for required specialty services. Your Personal Physician will generally refer you to a Plan specialist or Plan non-physician health care practitioner in the same medical group or IPA as your Personal Physician, but you can be referred outside the medical group or IPA if the type of specialist or non-physician health care practitioner needed is not available within your Personal Physician's medical group or IPA. Your Personal Physician will obtain any necessary prior authorization from your medical group or IPA or Blue Shield. For mental health care and substance abuse benefits, see the Mental Health and Substance Abuse Services paragraphs in the How to Use the Plan section for information regarding how to access care. The Plan specialist or Plan non-physician health care practitioner will provide a complete report to your Personal Physician so that your medical record is complete.

If there is a question about your diagnosis, plan of care, or recommended treatment, including surgery, or if additional information concerning your condition would be helpful in determining the diagnosis and the most appropriate plan of treatment, or if the current treatment plan is not improving your medical condition, you may ask your Personal Physician to refer you to another physician for a second medical opinion. The second opinion will be provided on an expedited basis, where appropriate. If you are requesting a second opinion about care you received from your Personal Physician, the second opinion will be provided by a physician within the same medical group or IPA as your Personal Physician. If you are requesting a second opinion about care received from a specialist, the second opinion may be provided by any Plan specialist of the same or equivalent specialty. All second opinion consultations must be authorized by the Plan. Your Personal Physician may also decide to offer such a referral even if

you do not request it. State law requires that health plans disclose to Members, upon request, the timelines for responding to a request for a second medical opinion. To request a copy of these timelines, you may call the Member Services Department at the number listed on the back cover of this booklet.

If your Personal Physician belongs to a medical group or IPA that participates as an Access+ Provider, you may also arrange a second opinion visit with another physician in the same medical group or IPA without a referral, subject to the limitations described in the Access+ Specialist paragraphs later in this section.

To obtain referral for specialty services, including lab and x-ray, you must first contact your Personal Physician. If the Personal Physician determines that specialty services are medically necessary, the physician will complete a referral form and notify the Plan. **Your Personal Physician will designate the Plan provider from whom you will receive services.** When no Plan provider is available to perform the needed service, the Personal Physician will refer you to a non-Plan provider after obtaining authorization. This authorization procedure is handled for you by your Personal Physician.

In certain situations where the Member's medical condition or disease is life-threatening, degenerative, or disabling and requires specialized medical care over a prolonged period of time, the Personal Physician may make a standing referral (more than one visit) to an appropriate specialist.

Referral by a Personal Physician does not guarantee coverage for referral services. The eligibility provisions, exclusions and limitations will apply.

Access+ Specialist

You may arrange an office visit with a Plan specialist in the same medical group or IPA as your Personal Physician without a referral from your Personal Physician, subject to the limitations described below. Access+ Specialist office visits are available only to Members whose Personal Physicians belong to a medical group or IPA

SUPPLEMENT TO ORIGINAL MEDICARE PLAN

that participates as an Access+ Provider. Refer to the HMO Physician and Hospital Directory or call Blue Shield Member Services at 1-800-334-5847 to determine whether a medical group or IPA is an Access+ Provider. You will be responsible for a \$30 copayment for each Access+ Specialist visit. This copayment is in addition to any copayments that you may incur for specific benefits as described in the Summary of Benefits. Each follow-up office visit with the Plan specialist which is not referred or authorized by your Personal Physician is a separate Access+ Specialist visit and requires a separate \$30 copayment.

You should cancel any scheduled Access+ Specialist appointment at least 24 hours in advance. Unless you give 24-hour advance notice or miss the appointment because of an emergency situation, the physician's office may charge you a fee as much as the Access+ Specialist copayment.

For Access+ Specialist visits for mental health and substance abuse services, see the following Mental Health and Substance Abuse Services paragraphs.

The Access+ Specialist visit includes:

- An examination or other consultation provided to you by a medical group Plan specialist without referral from your Personal Physician;
- Conventional x-rays such as chest x-rays, abdominal flat plates, and x-rays of bones to rule out the possibility of fracture (but does not include any diagnostic imaging such as CT, MRI, or bone density measurement);
- Laboratory services;
- Diagnostic or treatment procedures which a Plan specialist would regularly provide under a referral from the Personal Physician.

An Access+ Specialist visit does not include:

- Any services which are not covered or which are not medically necessary;
- Services provided by a non-Access+ Provider (such as podiatry and physical

therapy), except for the x-ray and laboratory services described above;

- Allergy testing;
- Endoscopic procedures;
- Any diagnostic imaging including CT, MRI, or bone density measurement;
- Injectables, chemotherapy or other infusion drugs, other than vaccines and antibiotics;
- Infertility services;
- Emergency services;
- Urgent services;
- Inpatient services, or any services which result in a facility charge, except for routine x-ray and laboratory services;
- Services for which the medical group or IPA routinely allows the Member to self-refer without authorization from the Personal Physician;
- OB/GYN services by an obstetrician/gynecologist or a family practice physician within the same medical group or IPA as the Personal Physician;
- Internet-based consultations.

Lifepath Advisers

Blue Shield of California's Lifepath Advisers provides Members with no charge, confidential, unlimited telephone support for information, consultations, and referrals for health and psychosocial issues. Members may obtain these services by calling 1-866-543-3728, a 24-hour, toll-free telephone number. There is no charge for these services.

Lifepath Advisers includes a nurseline (see C. Preventive Health Services) and a psychosocial support feature (see the following section Mental Health and Substance Abuse Services).

Mental Health and Substance Abuse Services

Blue Shield of California has contracted with a Mental Health Services Administrator (MHSA) to underwrite and deliver all mental health and substance abuse services through a unique network of mental health Participating Providers. (See Mental Health Services Administrator under the Definitions section for more information.) **All non-emergency mental health and**

SUPPLEMENT TO ORIGINAL MEDICARE PLAN

substance abuse services, except for Access+ Specialist visits, must be arranged through the MHSA. Members do not need to arrange for mental health and substance abuse services through their Personal Physician. (See 1. Prior Authorization paragraphs below.)

All mental health and substance abuse services, except for emergency or urgent services, must be provided by a MHSA Participating Provider. MHSA Participating Providers are indicated in the Blue Shield of California Behavioral Health Provider Directory. Members may contact the MHSA directly for information on, and to select a MHSA Participating Provider by calling **1-866-505-3409**. Your Personal Physician may also contact the MHSA to obtain information regarding MHSA Participating Providers for you.

Non-emergency mental health and substance abuse services received from a provider who does not participate in the MHSA Participating Provider network will not be covered and all charges for these services will be the Member's responsibility.

For complete information regarding benefits for mental health and substance abuse services, see Q. Inpatient Mental Health and Substance Abuse Services, page 93 and R. Outpatient Mental Health and Substance Abuse Services, page 94.

1. Prior Authorization

All non-emergency mental health and substance abuse services must be prior authorized by the MHSA. For prior authorization of mental health and substance abuse services, the Member should contact the MHSA at **1-866-505-3409**.

Failure to receive prior authorization for mental health and substance abuse services as described, except for emergency and urgent services, will result in the Member being totally responsible for all costs for these services.

Note: The MHSA will render a decision on all requests for prior authorization of services as follows:

- for urgent services, as soon as possible to accommodate the Member's condition not to exceed 72 hours from receipt of the request;
- for other services, within 5 business days from receipt of the request. The treating provider will be notified of the decision within 24 hours followed by written notice to the provider and Member within 2 business days of the decision.

2. Access+ Specialist Visits for Mental Health and Substance Abuse Services

The Access+ Specialist feature is available for all mental health and substance abuse services except for psychological testing and written evaluation which are not covered under this benefit.

The Member may arrange for an Access+ Specialist office visit for mental health and substance abuse services without a referral from the MHSA, **as long as the provider is a MHSA Participating Provider**. Refer to the Blue Shield of California Behavioral Health Provider Directory or call the MHSA at **1-866-505-3409** to determine MHSA Participating Providers. Members will be responsible for a \$30 copayment for each Access+ Specialist visit for mental health and substance abuse services. Each follow-up office visit for mental health and substance abuse services which is not referred or authorized by the MHSA is a separate Access+ Specialist visit and requires a separate \$30 copayment.

3. Psychosocial Support

Notwithstanding the benefits provided under R. Outpatient Mental Health and Substance Abuse Services, the Member also may call 1-866-543-3728 on an unlimited, 24-hour basis for confidential psychosocial support services available through Lifepath Advisers. Professional counselors will provide support through assessment, referrals and counseling.

SUPPLEMENT TO ORIGINAL MEDICARE PLAN

In California, support may include, as appropriate, a referral to a counselor for a maximum of three no charge, face-to-face visits per episode of major life events. An episode shall mean a single event, or multiple events which occur within a 6-month period and are determined by a counselor to be related. Major life events include work-related problems, marital and relationship issues, family problems, emotional and personal issues and death and dying issues. These visits will not accrue to the benefit maximums that are applicable to mental health and substance abuse services.

In the event that the services required of a Member are most appropriately provided by a psychiatrist or the condition is not likely to be resolved in a brief treatment regimen, the Member will be referred to the MHSA intake line to access his mental health and substance abuse services which are described under R. Outpatient Mental Health and Substance Abuse Services.

Emergency Services

What is an Emergency?

An emergency means an unexpected medical condition manifesting itself by acute symptoms of sufficient severity (including severe pain) such that a layperson who possesses an average knowledge of health and medicine could reasonably assume that the absence of immediate medical attention could be expected to result in any of the following: (1) placing the Member's health in serious jeopardy, (2) serious impairment to bodily functions, (3) serious dysfunction of any bodily organ or part. **If you receive non-authorized services in a situation that the Blue Shield Access+ HMO determines was not a situation in which a reasonable person would believe that an emergency condition existed, you will be responsible for the costs of those services.**

Members who reasonably believe that they have an emergency medical or mental health condition which requires an emergency response are encouraged to appropriately use the "911" emergency response system where available.

What to do in case of Emergency:

Life Threatening

Obtain care immediately.

Contact your Personal Physician no later than 24 hours after the onset of the emergency.

Non-Life Threatening

Consult your Personal Physician, anytime day or night, regardless of where you are prior to receiving medical care.

Follow-Up Care

Follow-up care, which is any care provided after the initial emergency room visit, must be provided or authorized by your Personal Physician.

For a complete description of the Emergency Services benefit and applicable co-payments, see I. Emergency Services, page 82.

Urgent Services

The Blue Shield Access+ HMO provides coverage for you and your family for your urgent service needs when you or your family are temporarily traveling outside of your Personal Physician service area.

Urgent services are defined in Section 3, page 118, under Definitions. Out-of-area follow-up care is defined in Section 3, page 116, under Definitions.

Outside of California or the United States

The Blue Shield Access+ HMO provides coverage for you and your family for your urgent service needs when you or your family are temporarily traveling outside of California. You can receive urgent care services from any provider; however, using the BlueCard® Program, described below, can be more cost-effective and eliminate the need for you to pay for the services when they are rendered and submit a claim for reimbursement.

Through the BlueCard Program, you can access urgent care services across the country and around the world. While traveling within the United States, you can locate a BlueCard Pro-

SUPPLEMENT TO ORIGINAL MEDICARE PLAN

gram participating provider any time by calling 1-800-810-BLUE (2583) or by going to www.blueshieldca.com. If you are traveling outside of the United States, you can call 1-804-673-1177 collect 24 hours a day to locate a BlueCard Worldwide® Network provider.

Out-of-area follow-up care is covered and may be received through the BlueCard Program participating provider network or from any provider. However, authorization by the Blue Shield Access+ HMO is required for more than two out-of-area follow-up care outpatient visits or for care that involves a surgical or other procedure or inpatient stay. The Blue Shield Access+ HMO may direct the patient to receive the additional follow-up services from the Personal Physician.

If services are not received from a BlueCard Program participating provider, you may be required to pay the provider for the entire cost of the service and submit a claim to the Blue Shield Access+ HMO. Claims for urgent services and out-of-area follow-up care rendered outside of California and not provided by a BlueCard Program participating provider will be reviewed retrospectively for coverage.

Under the BlueCard Program, when you obtain health care services outside of California, the amount you pay, if not subject to a flat dollar copayment, is calculated on the **lower** of:

1. The billed charges for your covered services, or
2. The negotiated price that the on-site Blue Cross and/or Blue Shield plan ("Host Blue") passes on to us.

Often, this "negotiated price" will consist of a simple discount which reflects the actual price paid by the Host Blue. But sometimes it is an estimated price that factors into the actual price expected settlements, withholds, any other contingent payment arrangements and non-claims transactions with your health care provider or with a specified group of providers. The negotiated price may also be billed charges reduced to reflect an average expected savings with your

health care provider or with a specified group of providers. The price that reflects average savings may result in greater variation (more or less) from the actual price paid than will the estimated price. The negotiated price will also be adjusted in the future to correct for over- or underestimation of past prices. However, the amount you pay is considered a final price.

Statutes in a small number of states may require the Host Blue to use a basis for calculating Member liability for covered services that does not reflect the entire savings realized, or expected to be realized, on a particular claim or to add a surcharge. Should any state statutes mandate Member liability calculation methods that differ from the usual BlueCard Program method noted above or require a surcharge, Blue Shield of California would then calculate your liability for any covered health care services in accordance with the applicable state statute in effect at the time you received your care.

For any other providers, the amount you pay, if not subject to a flat dollar copayment, is calculated on the provider's billed charges for your covered services.

Within California

If you are temporarily traveling within California, but are outside of your Personal Physician service area, if possible you should call Blue Shield Member Services at 1-800-334-5847 for assistance in receiving urgent services through a Blue Shield of California Plan provider. You may also locate a Plan provider by visiting our web site at <http://www.blueshieldca.com>. However, you are not required to use a Blue Shield of California Plan provider to receive urgent services; you may use any provider. Remember that when you are within your Personal Physician service area, urgent services must be provided or authorized by your Personal Physician just like all other non-emergency services of the Plan.

Follow-up care is also covered through a Blue Shield of California Plan provider and may also be received from any provider. However, when outside your Personal Physician service area authorization by the Blue Shield Access+ HMO is required for more than two out-of-area follow-up

SUPPLEMENT TO ORIGINAL MEDICARE PLAN

care outpatient visits or for care that involves a surgical or other procedure or inpatient stay. The Blue Shield Access+ HMO may direct the patient to receive the additional follow-up services from the Personal Physician.

If services are not received from a Blue Shield of California Plan provider, you may be required to pay the provider for the entire cost of the service and submit a claim to the Blue Shield Access+ HMO. Claims for urgent services obtained outside of your Personal Physician service area within California will be reviewed retrospectively for coverage.

When you receive covered urgent services outside your Personal Physician service area within California, the amount you pay, if not subject to a flat dollar copayment, is calculated on Blue Shield's allowed charges.

See J. Urgent Services, page 83 for benefit description, applicable copayment information, and information on payment responsibility and claims submission.

Inpatient, Home Health Care and Other Services

The Personal Physician is responsible for obtaining prior authorization from the Plan before you can be admitted to the hospital or a skilled nursing facility, including subacute care admissions, except for mental health and substance abuse services which are described in the previous Mental Health and Substance Abuse Services section. The Personal Physician is responsible for obtaining prior authorization from the Plan before you can receive home health care and certain other services or before you can be admitted into a hospice program through a participating hospice agency. If the Personal Physician determines that you should receive any of these services, he or she will request authorization from the Plan. Your Personal Physician will arrange for your admission to the hospital, skilled nursing facility, or a hospice program through a participating hospice agency, as well as for the provision of home health care and other services.

For hospital admissions for mastectomies or lymph node dissections, the length of hospital stays will be determined solely by the Member's physician in consultation with the Member. For information regarding length of stay for maternity or maternity-related services, see F. Pregnancy and Maternity Care, for information relative to the Newborns' and Mothers' Health Protection Act.

Liability of Member for Payment

It is important to note that all services except for those meeting the emergency and out of service area urgent services requirements, Access+ Specialist visits, hospice program services received from a participating hospice agency after the Member has been accepted into the hospice program, OB/GYN services by an obstetrician/gynecologist or a family practice physician who is in the same medical group or IPA as the Personal Physician, and all mental health and substance abuse services, must have prior approval by the Personal Physician. The Member will be responsible for payment of services that are not authorized by the Personal Physician or those that are not an emergency or covered out of service area urgent service procedures. (See the previous Urgent Services paragraphs for information on receiving urgent services out of the service area but within California.) Members must obtain services from the Plan providers that are authorized by their Personal Physician and, for all mental health and substance abuse services, from MHSA Participating Providers. Hospice services must be received from a participating hospice agency.

If your condition requires services which are available from the Plan, payment for services rendered by non-Plan providers will not be considered unless the medical condition requires emergency or urgent services.

You are responsible for paying a minimum charge (copayment) to the physician or provider of services at the time you receive services. The specific copayments, as applicable, are listed after the benefit description. There are no deductibles to be met.

SUPPLEMENT TO ORIGINAL MEDICARE PLAN

Limitation of Liability

Members shall not be responsible to Plan providers for payment for services if they are a benefit of the Plan. When covered services are rendered by a Plan provider, the Member is responsible only for the applicable copayments, except as set forth in the Third Party Recovery Process and the Member's Responsibility section. Members are responsible for the full charges for any non-covered services they obtain.

Member Identification Card

You will receive your Blue Shield Access+ HMO Identification Card after enrollment. If you do not receive your Identification Card or if you need to obtain medical or prescription services before your card arrives, contact the Blue Shield Member Services Department so that they can coordinate your care and direct your Personal Physician or pharmacy.

Member Services Department

For all services other than mental health and substance abuse

If you have a question about services, providers, benefits, how to use this plan, or concerns regarding the quality of care or access to care that you have experienced, you should call the Blue Shield Member Services Department at **1-800-334-5847**. The hearing impaired may contact Blue Shield's Member Services Department through Blue Shield's toll-free TTY number, 1-800-241-1823. Member Services can answer many questions over the telephone.

Expedited Decision

Blue Shield of California has established a procedure for our Members to request an expedited decision (including those regarding grievances). A Member, physician, or representative of a Member may request an expedited decision when the routine decision making process might seriously jeopardize the life or health of a Member, or when the Member is experiencing severe pain. Blue Shield shall make a decision and notify the Member and physician as soon as possible to accommodate the Member's condition not to exceed 72 hours following the receipt of the request. An expedited decision may involve

admissions, continued stay or other health care services. If you would like additional information regarding the expedited decision process, or if you believe your particular situation qualifies for an expedited decision, please contact our Member Services Department at 1-800-334-5847.

For all mental health and substance abuse services

For all mental health and substance abuse services Blue Shield of California has contracted with the Plan's Mental Health Services Administrator (MHSA). The MHSA should be contacted for questions about mental health and substance abuse services, MHSA Participating Providers, or mental health and substance abuse benefits. You may contact the MHSA at the telephone number or address which appear below:

Benefit Descriptions

For additional information concerning covered benefits, contact the Health Insurance Counseling and Advocacy Program (HICAP) or CalPERS. HICAP provides health insurance counseling for California senior citizens. Call the HICAP toll-free telephone number, 1-800-434-0222, for a referral to your local HICAP office. HICAP is a service provided free of charge by the State of California.

The Plan benefits available to you are listed in this section. The copayments for these services, if applicable, follow each benefit description.

The following are the basic health care services covered by the Blue Shield Access+ HMO without charge to the Member, except for copayments where noted, and as set forth in the Third Party Recovery Process and the Member's Responsibility section. These services are covered when medically necessary, and when provided by the Member's Personal Physician or other Plan provider or authorized by the Member's Personal Physician or the Blue Shield Access+ HMO, or received according to the provisions described under Obstetrical/Gynecological (OB/GYN) Physician Services, Access+ Specialist, and Mental Health and Substance Abuse Services. Coverage for these services is subject to all terms, conditions, limitations and exclusions of the Agreement, to any conditions or limitations set forth in the benefit descriptions below, and to the Exclusions and Limitations set forth in this booklet.

A. Hospital Services

The following hospital services customarily furnished by a hospital will be covered when medically necessary and authorized by the Blue Shield Access+ HMO.

1. Inpatient hospital services include:
 - a. Semi-private room and board, unless a private room is medically necessary;
 - b. General nursing care, and special duty nursing when medically necessary;
 - c. Meals and special diets when medically necessary;

- d. Intensive care services and units;
- e. Operating room, special treatment rooms, delivery room, newborn nursery and related facilities;
- f. Hospital ancillary services including diagnostic laboratory, x-ray services and therapy services;
- g. Drugs, medications, biologicals, and oxygen administered in the hospital, and up to 3 days' supply of drugs supplied upon discharge by the Plan physician for the purpose of transition from the hospital to home;
- h. Surgical and anesthetic supplies, dressings and cast materials, surgically implanted devices and prostheses, other medical supplies and medical appliances and equipment administered in hospital;
- i. Processing, storage and administration of blood, and blood products (plasma), in inpatient and outpatient settings. Includes the storage and collection of autologous blood;
- j. Radiation therapy, chemotherapy and renal dialysis;
- k. Respiratory therapy and other diagnostic, therapeutic and rehabilitation services as appropriate;
- l. Coordinated discharge planning, including the planning of such continuing care as may be necessary;
- m. Inpatient services, including general anesthesia and associated facility charges, in connection with dental procedures when hospitalization is required because of an underlying medical condition and clinical status or because of the severity of the dental procedure. Includes enrollees under the age of 7 and the developmentally disabled who meet these criteria. Excludes services of dentist or oral surgeon;
- n. Subacute care;

SUPPLEMENT TO ORIGINAL MEDICARE PLAN

- o. Medically necessary inpatient substance abuse detoxification services required to treat potentially life-threatening symptoms of acute toxicity or acute withdrawal are covered when a covered Member is admitted through the emergency room or when medically necessary inpatient substance abuse detoxification is prior authorized by the Plan;
- p. Rehabilitation when furnished by the hospital and authorized by the Blue Shield Access+ HMO.

See Section O. for inpatient hospital services provided under the “Hospice Program Services” benefit.

Copayment: No charge.

- 2. Outpatient hospital services include:
 - a. Services and supplies for treatment or surgery in an outpatient hospital setting or ambulatory surgery center;
 - b. Outpatient services, including general anesthesia and associated facility charges, in connection with dental procedures when the use of a hospital or outpatient facility is required because of an underlying medical condition and clinical status or because of the severity of the dental procedure. Includes enrollees under the age of 7 and the developmentally disabled who meet these criteria. Excludes services of dentist or oral surgeon.

Copayment: No charge.

B. Physician Services (Other Than for Mental Health and Substance Abuse Services)

1. Physician Office Visits

Office visits for examination, diagnosis and treatment of a medical condition, disease or injury, including specialist office visits, second opinion or other consultations, diabetic counseling, and OB/GYN services from an obstetrician/gynecologist or a family practice physician who is within the same medi-

cal group or IPA as the Personal Physician. Benefits are also provided for asthma self-management training and education to enable a Member to properly use asthma-related medication and equipment such as inhalers, spacers, nebulizers and peak flow monitors.

Copayment: \$10 per visit.

2. Allergy Testing and Treatment

Office visits for the purpose of allergy testing and treatment, including injectables and serum.

Copayment: \$10 per visit or treatment.

3. Inpatient Medical and Surgical Services

Physicians’ services in a hospital or skilled nursing facility for examination, diagnosis, treatment, and consultation, including the services of a surgeon, assistant surgeon, anesthesiologist, pathologist, and radiologist. Inpatient physician services are covered only when hospital and skilled nursing facility services are also covered.

Copayment: No charge.

4. Medically necessary home visits by Plan physician

Copayment: \$10 per visit.

5. Treatment of physical complications of a mastectomy, including lymphedemas

Copayment: \$10 per visit.

6. Internet-Based Consultations. Medically necessary consultations with Internet Ready Physicians via Blue Shield approved Internet portal. Internet-based consultations are available only to Members whose Personal Physicians (or other physicians to whom you have been referred for care within your Personal Physician’s medical group or IPA) have agreed to provide Internet-based consultations via the Blue Shield approved Internet portal (“Internet Ready”). Internet-

SUPPLEMENT TO ORIGINAL MEDICARE PLAN

based consultations for mental health and substance abuse care are not covered. Refer to the On-Line Physician Directory to determine whether your physician is Internet Ready and how to initiate an Internet-based consultation. This information can be accessed at <http://www.blueshieldca.com>.

Copayment: \$10 per consultation.

C. Preventive Health Services

Preventive care services are those primary preventive medical services provided by a physician for the early detection of disease when no symptoms are present and for those items specifically listed below.

1. Scheduled routine physical examinations as follows:

- Exams every year, age 3-19 years;
- Exams every 5 years, age 20-40 years;
- Exams every 2 years, age 41-50 years;
- Exams every year over age 50 years;
- Routine breast and pelvic exams and Pap tests or other Food and Drug Administration (FDA) approved cervical and vaginal cancer screening tests every year. A woman may self-refer to an obstetrician/gynecologist or a family practice physician who is in the same medical group or IPA as her Personal Physician for a routine annual gynecological exam;
- Mammography for screening purposes as recommended by Member's Personal Physician;
- Annual gynecological exam - annual routine examination by an obstetrician/gynecologist without a referral from the Member's Personal Physician, as long as the obstetrician/gynecologist is in the same medical group or IPA as her Personal Physician;
- Includes coverage for the screening and diagnosis of prostate cancer, including, but not limited to, prostate-specific antigen testing and digital rectal examinations, when medically nec-

essary and consistent with good medical practice.

2. Vision screening by the Personal Physician for Members to determine the need for a refraction for vision correction.
3. Hearing screening by the Personal Physician for Members to determine the need for an audiogram for hearing correction, as well as newborn hearing screening services.

Copayment: \$10 per visit. (Applicable to 1-3, above.)

4. Influenza virus vaccine once a year. Pneumonia vaccine as prescribed by doctor. Hepatitis B vaccine if at medium or high risk.

Copayment: No charge. All other immunizations \$10 per immunization.

5. Eye refraction to determine the need for corrective lenses for all Members upon referral by the Personal Physician.

Copayment: \$10 per visit. (Limited to one visit per calendar year, for Members aged 18 and over. No limit on number of visits for Members under age 18.)

6. Nurseline: As part of Lifepath Advisers, Members may call a registered nurse via 1-866-543-3728, a 24-hour, toll-free number to receive confidential advice and information about minor illnesses and injuries, chronic conditions, fitness, nutrition and other health-related topics.

Copayment: No charge.

See Section D. for information on coverage of genetic testing and diagnostic procedures.

D. Diagnostic X-ray/Lab Services

1. X-ray, Laboratory, Major Diagnostic Services. All outpatient diagnostic x-ray and clinical laboratory tests and services, including diagnostic imaging, electrocardiograms, and diagnostic clinical isotope services.

SUPPLEMENT TO ORIGINAL MEDICARE PLAN

2. Genetic Testing and Diagnostic Procedures. Genetic testing for certain conditions when the Member has risk factors such as family history or specific symptoms. The testing must be expected to lead to increased or altered monitoring for early detection of disease, a treatment plan or other therapeutic intervention and determined to be medically necessary and appropriate in accordance with Blue Shield of California medical policy.

See Section F. for genetic testing for prenatal diagnosis of genetic disorders of the fetus.

Copayment: No charge.

E. Durable Medical Equipment, Prostheses and Orthoses and Other Services

Medically necessary durable medical equipment, prostheses and orthoses for activities of daily living, and supplies needed to operate home medical equipment; oxygen and oxygen equipment and its administration; blood glucose monitors as medically appropriate for insulin dependent, non-insulin dependent and gestational diabetes; apnea monitors; and ostomy and medical supplies to support and maintain gastrointestinal, bladder or respiratory function are covered. Benefits are provided at the most cost-effective level of care that is consistent with professionally recognized standard of practice. If there are two or more professionally recognized items equally appropriate for a condition, benefits will be based on the most cost-effective item.

1. Durable Medical Equipment

- a. Replacement of durable medical equipment is covered only when it no longer meets the clinical needs of the patient or has exceeded the expected lifetime of the item.*

*This does not apply to the medically necessary replacement of nebulizers, face masks and tubing, and peak flow monitors for the management and treatment of asthma. (See Section P. for benefits for asthma inhalers and inhaler spacers.)

- b. Medically necessary repairs and maintenance of durable medical equipment, as authorized by Plan provider. Repair is covered unless necessitated by misuse or loss.
- c. Rental charges for durable medical equipment in excess of the purchase price are not covered.
- d. Benefits do not include environmental control equipment or generators. No benefits are provided for backup or alternate items.

See Section V. for devices, equipment and supplies for the management and treatment of diabetes.

If you are enrolled in a hospice program through a participating hospice agency, medical equipment and supplies that are reasonable and necessary for the palliation and management of terminal illness and related conditions are provided by the hospice agency. For information see Section O.

2. Prostheses

- a. Medically necessary prostheses for activities of daily living, including the following:
 - 1) Supplies necessary for the operation of prostheses;
 - 2) Initial fitting and replacement after the expected life of the item;
 - 3) Repairs, even if due to damage;
 - 4) Blom-Singer and artificial larynx prostheses for speech following a laryngectomy;
 - 5) Prosthetic devices used to restore a method of speaking following laryngectomy, including initial and subsequent prosthetic devices and installation accessories. This does not include electronic voice producing machines;

SUPPLEMENT TO ORIGINAL MEDICARE PLAN

- 6) Cochlear implants;
 - 7) Contact lenses if medically necessary to treat eye conditions such as keratoconus, keratitis sicca or aphakia. Cataract spectacles or intraocular lenses that replace the natural lens of the eye after cataract surgery. If medically necessary with the insertion of the intraocular lens, one pair of conventional eyeglasses or contact lenses;
 - 8) Artificial limbs and eyes.
- b. Routine maintenance is not covered.
 - c. Benefits do not include wigs for any reason, self-help/educational devices or any type of speech or language assistance devices, except as specifically provided above. See the Exclusions and Limitations section for a listing of excluded speech and language assistance devices. No benefits are provided for backup or alternate items.

Copayment: No charge.

For surgically implanted and other prosthetic devices (including prosthetic bras) provided to restore and achieve symmetry incident to a mastectomy, see Section W. Blom-Singer and artificial larynx prostheses for speech following a laryngectomy are covered as a surgical professional benefit.

3. Orthoses

- a. Medically necessary orthoses for activities of daily living, including the following:
 - 1) Special footwear required for foot disfigurement which includes but is not limited to foot disfigurement from cerebral palsy, arthritis, polio, spina bifida, diabetes or by accident or developmental disability;
 - 2) Medically necessary functional foot orthoses that are custom made rigid inserts for shoes, ordered by a physician or podiatrist, and used to treat

mechanical problems of the foot, ankle or leg by preventing abnormal motion and positioning when improvement has occurred with a trial of strapping or an over-the-counter stabilizing device;

- 3) Medically necessary knee braces for post-operative rehabilitation following ligament surgery, instability due to injury, and to reduce pain and instability for patients with osteoarthritis.
- b. Benefits for medically necessary orthoses are provided at the most cost-effective level of care that is consistent with professionally recognized standards of practice. If there are two or more professionally recognized appliances equally appropriate for a condition, the Plan will provide benefits based on the most cost-effective appliance. Routine maintenance is not covered. No benefits are provided for backup or alternate items.
 - c. Benefits are provided for orthotic devices for maintaining normal activities of daily living only. No benefits are provided for orthotic devices such as knee braces intended to provide additional support for recreational or sports activities or for orthopedic shoes and other supportive devices for the feet.

Copayment: No charge.

See Section V. for devices, equipment and supplies for the management and treatment of diabetes.

F. Pregnancy and Maternity Care

The following pregnancy and maternity care is covered subject to the General Exclusions and Limitations.

1. Prenatal and Postnatal Physician Office Visits

See Section D. for information on coverage of other genetic testing and diagnostic procedures.

SUPPLEMENT TO ORIGINAL MEDICARE PLAN

2. Inpatient Hospital and Professional Services. Hospital and Professional services for the purposes of a normal delivery, C-section, complications or medical conditions arising from pregnancy or resulting childbirth.
3. Includes providing coverage for all testing recommended by the California Newborn Screening Program and for participating in the statewide prenatal testing program, administered by the State Department of Health Services, known as the Expanded Alpha Feto Protein Program.

Copayment: No charge.

The Newborns' and Mothers' Health Protection Act requires group health plans to provide a minimum hospital stay for the mother and newborn child of 48 hours after a normal, vaginal delivery and 96 hours after a C-section unless the attending physician, in consultation with the mother, determines a shorter hospital length of stay is adequate.

If the hospital stay is less than 48 hours after a normal, vaginal delivery or less than 96 hours after a C-section, a follow-up visit for the mother and newborn within 48 hours of discharge is covered when prescribed by the treating physician. This visit shall be provided by a licensed health care provider whose scope of practice includes postpartum and newborn care. The treating physician, in consultation with the mother, shall determine whether this visit shall occur at home, the contracted facility, or the physician's office.

G. Family Planning and Infertility Services

1. Family Planning Counseling

Copayment: No charge.

2. Infertility Services. Infertility services (including artificial insemination), except as excluded in the General Exclusions and Limitations, including professional, hospital, ambulatory surgery center, ancillary services and injectable drugs administered or pre-

scribed by the provider to diagnose and treat the cause of infertility.

Copayment: 50% of allowed charges for all services.

3. Sterilization Procedures, including Tubal Ligation and Vasectomy

Copayment: See applicable copayments for Physician Services and Hospital Services.

4. Elective Abortion

Copayment: See applicable copayments for Physician Services and Hospital Services.

5. Contraceptive Devices and Fitting

Copayment: \$10 per visit; \$5 per device in conjunction with office visit. Diaphragms also covered under Section P.; see applicable copayments for Prescription Drugs.

6. Oral Contraceptives

Copayment: See applicable copayments for Prescription Drugs.

7. Injectable Contraceptives, excluding inter-nally implanted time release contraceptives

Copayment: \$10 per visit; \$15 for each injection.

H. Ambulance Services

The Plan will pay for ambulance services as follows:

1. Emergency Ambulance Services

For transportation to the nearest hospital which can provide such emergency care only if a reasonable person would have believed that the medical condition was an emergency medical condition which required ambulance services, as described in Section I.

SUPPLEMENT TO ORIGINAL MEDICARE PLAN

2. Non-Emergency Ambulance Services

Medically necessary ambulance services to transfer the Member from a non-Plan hospital to a Plan hospital, between Plan facilities, or from facility to home when in connection with authorized confinement/admission and the Blue Shield Access+ HMO authorizes the use of the ambulance.

Copayment: No charge.

I. Emergency Services

An emergency means an unexpected medical condition manifesting itself by acute symptoms of sufficient severity (including severe pain) such that a layperson who possesses an average knowledge of health and medicine could reasonably assume that the absence of immediate medical attention could be expected to result in any of the following: (1) placing the Member's health in serious jeopardy, (2) serious impairment to bodily functions, (3) serious dysfunction of any bodily organ or part. **If you receive services in a situation that the Blue Shield Access+ HMO determines was not a situation in which a reasonable person would believe that an emergency condition existed, you will be responsible for the costs of those services.**

1. Members who reasonably believe that they have an emergency medical or mental health condition which requires an emergency response are encouraged to appropriately use the "911" emergency response system where available. The Member should notify the Personal Physician or the MHSA by phone within 24 hours of the commencement of the emergency services, or as soon as it is medically possible for the Member to provide notice. **Failure to provide notice as stated will result in the services not being covered.**
2. Whenever possible, go to the emergency room of your nearest Blue Shield Access+ HMO hospital for medical emergencies. A listing of Blue Shield Access+ HMO hospitals is available in your HMO Physician and Hospital Directory.

3. The services will be reviewed retrospectively by the Plan to determine whether the services were for a medical condition for which a reasonable person would have believed that they had an emergency medical condition.

Copayment: \$50 per visit in the hospital emergency room. (Emergency services copayment is waived if Member is admitted directly to hospital as an inpatient from emergency room or kept for observation and hospital bills for an emergency room observation visit.)

4. Continuing or Follow-up Treatment. The Plan will provide care in a non-Plan hospital only for as long as the Member's medical condition prevents transfer to a Plan hospital in the Member's service area, as approved by the Plan. Unauthorized continuing or follow-up care after the initial emergency has been treated in a non-Plan hospital, or by a non-Plan provider is not a covered service.
5. Claims for Emergency and Out-of-Area Urgent Services. Contact Member Services to obtain a claim form.
 - a. Emergency. If emergency services were received and expenses were incurred by the Member, for services other than medical transportation, the Member must submit a complete claim with the emergency service record for payment to the Plan, within 1 year after the first provision of emergency services for which payment is requested. If the claim is not submitted within this period, the Plan will not pay for those emergency services, unless the claim was submitted as soon as reasonably possible as determined by the Plan. If the services are not pre-authorized, the Plan will review the claim retrospectively for coverage. If the Plan determines that these services received were for a medical condition for which a reasonable person would not reasonably believe that an emergency condition existed and would not other-

SUPPLEMENT TO ORIGINAL MEDICARE PLAN

wise have been authorized by the Plan, and, therefore, are not covered, it will notify the Member of that determination. The Plan will notify the Member of its determination within 30 days from receipt of the claim. In the event covered medical transportation services are obtained in such an emergency situation, the Blue Shield Access+ HMO shall pay the medical transportation provider directly.

- b. **Out-of-Area Urgent Services.** If out-of-area urgent services were received from a non-participating BlueCard Program provider, you must submit a complete claim with the urgent service record for payment to the Plan, within 1 year after the first provision of urgent services for which payment is requested. If the claim is not submitted within this period, the Plan will not pay for those urgent services, unless the claim was submitted as soon as reasonably possible as determined by the Plan. The services will be reviewed retrospectively by the Plan to determine whether the services were urgent services. If the Plan determines that the services would not have been authorized by the Plan, and therefore, are not covered, it will notify the Member of that determination. The Plan will notify the Member of its determination within 30 days from receipt of the claim.

J. Urgent Services

Urgent services are provided in response to the patient's need for a prompt diagnostic workup and/or treatment.

These services are applicable for a medical or mental disorder that: (1) could become an emergency if not diagnosed and/or treated in a timely manner, (2) is likely to result in prolonged temporary impairment, (3) could increase the risk of necessitating more complex or hazardous treatment, and (4) could develop in a chronic illness or inordinate physical or psychological suffering of the patient.

1. When within California, but outside of your Personal Physician service area, if possible contact Blue Shield Member Services at 1-800-334-5847 for assistance in receiving urgent services. Member Services will assist Members in receiving urgent services through a Blue Shield of California Plan provider. Members may also locate a Plan provider by visiting Blue Shield's internet site at <http://www.blueshieldca.com>. You are not required to use a Blue Shield of California Plan provider to receive urgent services; you may use any provider. However, the services will be reviewed retrospectively by the Plan to determine whether the services were urgent services.
2. When temporarily traveling within the United States, call the 24-hour toll-free number 1-800-810-BLUE (2583) to obtain information about the nearest BlueCard Program participating provider. When a BlueCard Program participating provider is available, you should obtain out-of-area urgent or follow-up care from a participating provider whenever possible, but you may also receive care from a non-participating BlueCard Program provider. If you received services from a non-Blue Shield provider, you must submit a claim to Blue Shield for payment. The services will be reviewed retrospectively by the Plan to determine whether the services were urgent services. See Section I.5. Claims for Emergency and Out-of-Area Urgent Services for additional information.

Up to two medically necessary out-of-area follow-up care outpatient visits are covered. Authorization by the Blue Shield Access+ HMO is required for more than two follow-up outpatient visits or for care that involves a surgical or other procedure or inpatient stay. The Blue Shield Access+ HMO may direct the Member to receive the additional follow-up care from the Personal Physician.
3. When outside the United States, Members may call the BlueCard Worldwide Network at 1-804-673-1177. Urgent services are available through the BlueCard Worldwide Net-

SUPPLEMENT TO ORIGINAL MEDICARE PLAN

work, but may be received from any provider.

Before traveling abroad, Members should call their local Member Services office for the most current listing of participating providers worldwide and to obtain a copy of The BlueCard Worldwide Network brochure that provides helpful information on receiving covered services in a foreign country or they can visit Blue Shield's Web site at <http://www.blueshieldca.com>. However, a Member is not required to receive urgent services outside of the United States from the BlueCard Worldwide Network. If the Member does not use the BlueCard Worldwide Network, a claim must be submitted as described in Section I.5. Claims for Emergency and Out-of-Area Urgent Services.

4. Remember that when you are within your service area, urgent services must be provided or authorized by your Personal Physician just like all other non-emergency services of the Plan. Whenever possible, you should contact your Personal Physician. Urgent services required when the Member is within the Plan service area, but not within your own service area, must be obtained in accordance with all the conditions of the Agreement.

Copayment: \$25 per visit.

K. Home Health Care Services, PKU-Related Formulas and Special Food Products, and Home Infusion Therapy

1. Home Health Care Services

The following Home Health Care services will be covered when the patient is required to be at home for medically necessary purposes at the direction of the Personal Physician and authorized by the Blue Shield Access+ HMO.

- a. Home visits to provide skilled services by any of the following professional providers are covered:

- 1) Registered nurse;
- 2) Licensed vocational nurse;
- 3) Certified home health aide in conjunction with the services of 1) or 2), above;

Copayment: No charge.

- 4) Physical therapist, occupational therapist, or speech therapist.

Copayment: \$10 per visit.

- b. Medical Social Worker. Medical social services provided by a licensed medical social worker for consultation and evaluation.

Copayment: No charge.

- c. In conjunction with the professional services rendered by a home health agency, medications, drugs and medical supplies used during a covered visit by the home health agency necessary for the home health care treatment plan, and related pharmaceutical and laboratory services to the extent the benefit would have been provided had the Member remained in the hospital, except as excluded in the General Exclusions and Limitations. *This benefit includes: parenteral and enteral nutritional services and associated supplies and supplements.*

Copayment: No charge.

For information concerning "Hospice Program Services" see Section O.

2. PKU-Related Formulas and Special Food Products

Benefits are provided for enteral formulas and special food products that are medically necessary to avert the development of serious physical or mental disabilities or to promote normal development or function as a consequence of phenylketonuria (PKU). These benefits must be prior authorized by the Blue Shield Access+ HMO and must be

SUPPLEMENT TO ORIGINAL MEDICARE PLAN

prescribed or ordered by the appropriate health care professional.

Copayment: No charge.

3. Home Infusion/IV Injectable Therapy Provided by a Home Infusion Agency

Benefits are provided for home infusion therapy and medical supplies, including the cost of pharmaceuticals administered intravenously; and for medically necessary, FDA approved injectable medications, when prescribed by the Personal Physician and prior authorized by the Plan.

This benefit does not include insulin or home self-administered injectables, which are covered under Section P.

Copayment: No charge.

For information concerning diabetes self-management training, see Section V.

L. Physical and Occupational Therapy

Rehabilitation services include physical therapy, occupational therapy, and/or respiratory therapy. Benefits for speech therapy are described in Section M.

Copayment: \$10 per visit for inpatient or outpatient therapy.

M. Speech Therapy

Initial outpatient benefits for speech therapy services when diagnosed and ordered by a physician and provided by an appropriately licensed speech therapist, pursuant to a written treatment plan for an appropriate time to: (1) correct or improve the speech abnormality, or (2) evaluate the effectiveness of treatment, and when rendered in the provider's office or outpatient department of a hospital.

Services are provided for the correction of, or clinically significant improvement of, speech abnormalities that are the likely result of a diagnosed and identifiable medical condition, illness, or injury to the nervous system or to the vocal, swallowing, or auditory organs.

Continued outpatient benefits will be provided for medically necessary services as long as continued treatment is medically necessary, pursuant to the treatment plan, and likely to result in clinically significant progress as measured by objective and standardized tests. The provider's treatment plan and records will be reviewed periodically. When continued treatment is not medically necessary pursuant to the treatment plan, not likely to result in additional clinically significant improvement, or no longer requires skilled services of a licensed speech therapist, the Member will be notified of this determination and benefits will not be provided for services rendered after the date of written notification.

Except as specified above and as stated under Section K., no outpatient benefits are provided for speech therapy, speech correction, or speech pathology services.

Copayment: \$10 per visit for inpatient or outpatient therapy.

See Section K. for information on coverage for speech therapy services rendered in the home. See Section A. for information on inpatient benefits and Section O. for hospice program services.

N. Skilled Nursing Facility Services

Subject to all of the inpatient hospital services provisions on page 76, medically necessary skilled nursing services, including subacute care, will be covered when provided in a skilled nursing facility and authorized by the Blue Shield Access+ HMO. This benefit is limited to 100 days during any calendar year except when received through a hospice program provided by a participating hospice agency. Custodial care is not covered.

For information concerning "Hospice Program Services" see Section O.

Copayment: No charge.

O. Hospice Program Services

Benefits are provided for the following services through a participating hospice agency when an

SUPPLEMENT TO ORIGINAL MEDICARE PLAN

eligible Member requests admission to and is formally admitted to an approved hospice program. The Member must have a terminal illness as determined by his Plan provider's certification and the admission must receive prior approval from Blue Shield. (Note: Members with a terminal illness who have not elected to enroll in a hospice program can receive a pre-hospice consultative visit from a participating hospice agency.) Covered services are available on a 24-hour basis to the extent necessary to meet the needs of individuals for care that is reasonable and necessary for the palliation and management of terminal illness and related conditions. Members can continue to receive covered services that are not related to the palliation and management of the terminal illness from the appropriate Plan provider. Member copayments when applicable are paid to the participating hospice agency.

Note: Hospice services provided by a non-participating hospice agency are not covered except in certain circumstances in counties in California in which there are no participating hospice agencies. If Blue Shield prior authorizes hospice program services from a non-contracted hospice, the Member's copayment for these services will be the same as the copayments for hospice program services when received and authorized by a participating hospice agency.

All of the services listed below must be received through the participating hospice agency.

1. Pre-hospice consultative visit regarding pain and symptom management, hospice and other care options including care planning (Members do not have to be enrolled in the hospice program to receive this benefit).
 2. Interdisciplinary Team care with development and maintenance of an appropriate plan of care and management of terminal illness and related conditions.
 3. Skilled nursing services, certified health aide services and homemaker services under the supervision of a qualified registered nurse.
 4. Bereavement services.
 5. Social services/counseling services with medical social services provided by a qualified social worker. Dietary counseling, by a qualified provider, shall also be provided when needed.
 6. Medical direction with the medical director being also responsible for meeting the general medical needs for the terminal illness of the Members to the extent that these needs are not met by the Personal Physician.
 7. Volunteer services.
 8. Short-term inpatient care arrangements.
 9. Pharmaceuticals, medical equipment and supplies that are reasonable and necessary for the palliation and management of terminal illness and related conditions.
 10. Physical therapy, occupational therapy, and speech-language pathology services for purposes of symptom control, or to enable the enrollee to maintain activities of daily living and basic functional skills.
 11. Nursing care services are covered on a continuous basis for as much as 24 hours a day during periods of crisis as necessary to maintain a Member at home. Hospitalization is covered when the Interdisciplinary Team makes the determination that skilled nursing care is required at a level that cannot be provided in the home. Either homemaker services or home health aide services or both may be covered on a 24-hour continuous basis during periods of crisis but the care provided during these periods must be predominantly nursing care.
 12. Respite care services are limited to an occasional basis and to no more than 5 consecutive days at a time.
- Members are allowed to change their participating hospice agency only once during each period of care. Members can receive care for two 90-day periods followed by an unlimited number of 60-day periods. The care continues through an

SUPPLEMENT TO ORIGINAL MEDICARE PLAN

other period of care if the Plan provider recertifies that the Member is terminally ill.

Definitions

Bereavement Services - services available to the immediate surviving family members for a period of at least 1 year after the death of the Member. These services shall include an assessment of the needs of the bereaved family and the development of a care plan that meets these needs, both prior to, and following the death of the Member.

Continuous Home Care - home care provided during a period of crisis. A minimum of 8 hours of continuous care, during a 24-hour day, beginning and ending at midnight is required. This care could be 4 hours in the morning and another 4 hours in the evening. Nursing care must be provided for more than half of the period of care and must be provided by either a registered nurse or licensed practical nurse. Homemaker services or home health aide services may be provided to supplement the nursing care. When fewer than 8 hours of nursing care are required, the services are covered as routine home care rather than continuous home care.

Home Health Aide Services - services providing for the personal care of the terminally ill Member and the performance of related tasks in the Member's home in accordance with the plan of care in order to increase the level of comfort and to maintain personal hygiene and a safe, healthy environment for the patient. Home health aide services shall be provided by a person who is certified by the California Department of Health Services as a home health aide pursuant to Chapter 8 of Division 2 of the Health and Safety Code.

Homemaker Services - services that assist in the maintenance of a safe and healthy environment and services to enable the Member to carry out the treatment plan.

Hospice Service or Hospice Program - a specialized form of interdisciplinary health care that is designed to provide palliative care, alleviate the physical, emotional, social and spiritual discomforts of a Member who is experiencing

the last phases of life due to the existence of a terminal disease, to provide supportive care to the primary caregiver and the family of the hospice patient, and which meets all of the following criteria:

1. Considers the Member and the Member's family in addition to the Member, as the unit of care.
2. Utilizes an Interdisciplinary Team to assess the physical, medical, psychological, social and spiritual needs of the Member and the Member's family.
3. Requires the Interdisciplinary Team to develop an overall plan of care and to provide coordinated care which emphasizes supportive services, including, but not limited to, home care, pain control, and short-term inpatient services. Short-term inpatient services are intended to ensure both continuity of care and appropriateness of services for those Members who cannot be managed at home because of acute complications or the temporary absence of a capable primary caregiver.
4. Provides for the palliative medical treatment of pain and other symptoms associated with a terminal disease, but does not provide for efforts to cure the disease.
5. Provides for bereavement services following the Member's death to assist the family to cope with social and emotional needs associated with the death of the Member.
6. Actively utilizes volunteers in the delivery of hospice services.
7. Provides services in the Member's home or primary place of residence to the extent appropriate based on the medical needs of the Member.
8. Is provided through a participating hospice agency.

Interdisciplinary Team - the hospice care team that includes, but is not limited to, the Member and the Member's family, a physician

SUPPLEMENT TO ORIGINAL MEDICARE PLAN

and surgeon, a registered nurse, a social worker, a volunteer, and a spiritual caregiver.

Medical Direction - services provided by a licensed physician and surgeon who is charged with the responsibility of acting as a consultant to the Interdisciplinary Team, a consultant to the Member's Personal Physician, as requested, with regard to pain and symptom management, and liaison with physicians and surgeons in the community. For purposes of this section, the person providing these services shall be referred to as the "medical director".

Period of Care - the time when the Personal Physician recertifies that the Member still needs and remains eligible for hospice care even if the Member lives longer than 1 year. A period of care starts the day the Member begins to receive hospice care and ends when the 90 or 60-day period has ended.

Period of Crisis - a period in which the Member requires continuous care to achieve palliation or management of acute medical symptoms.

Plan of Care - a written plan developed by the attending physician and surgeon, the "medical director" (as defined under "Medical Direction") or physician and surgeon designee, and the Interdisciplinary Team that addresses the needs of a Member and family admitted to the hospice program. The hospice shall retain overall responsibility for the development and maintenance of the plan of care and quality of services delivered.

Respite Care Services - short-term inpatient care provided to the Member only when necessary to relieve the family members or other persons caring for the Member.

Skilled Nursing Services - nursing services provided by or under the supervision of a registered nurse under a plan of care developed by the Interdisciplinary Team and the Member's Plan provider to a Member and his family that pertain to the palliative, supportive services required by a Member with a terminal illness. Skilled nursing services include, but are not lim-

ited to, Member assessment, evaluation and case management of the medical nursing needs of the Member, the performance of prescribed medical treatment for pain and symptom control, the provision of emotional support to both the Member and his family, and the instruction of caregivers in providing personal care to the enrollee. Skilled nursing services provide for the continuity of services for the Member and his family and are available on a 24-hour on-call basis.

Social Service/Counseling Services - those counseling and spiritual services that assist the Member and his family to minimize stresses and problems that arise from social, economic, psychological, or spiritual needs by utilizing appropriate community resources, and maximize positive aspects and opportunities for growth.

Terminal Disease or Terminal Illness - a medical condition resulting in a prognosis of life of 1 year or less, if the disease follows its natural course.

Volunteer Services - services provided by trained hospice volunteers who have agreed to provide service under the direction of a hospice staff member who has been designated by the hospice to provide direction to hospice volunteers. Hospice volunteers may provide support and companionship to the Member and his family during the remaining days of the Member's life and to the surviving family following the Member's death.

Copayment: No charge.

P. Prescription Drugs

Except for the calendar year maximum copayments and the Coordination of Benefits provision, the general provisions and exclusions of the HMO Health Plan Agreement shall apply.

This plan's prescription drug coverage is on average equivalent to or better than the standard benefit set by the federal government for Medicare Part D (also called creditable coverage). Because this Plan's prescription drug coverage is creditable, you do not have to enroll in Medicare Part D while you maintain this coverage; however, you should be aware that if you have a subsequent break

SUPPLEMENT TO ORIGINAL MEDICARE PLAN

in this coverage of 63 days or more before enrolling in Medicare Part D you could be subject to payment of higher Part D premiums.

Benefits are provided for outpatient prescription drugs which meet all of the requirements specified in this section, are prescribed by a physician or other licensed health care provider within the scope of his or her license as long as the prescriber is a Plan provider, are obtained from a participating pharmacy, and are listed in the Drug Formulary. Drug coverage is based on the use of Blue Shield's Outpatient Drug Formulary, which is updated on an ongoing basis by Blue Shield's Pharmacy and Therapeutics Committee. Non-Formulary drugs may be covered subject to higher copayments. Selected drugs and drug dosages and most home self-administered injectables require prior authorization by Blue Shield for medical necessity, appropriateness of therapy or when effective, lower cost alternatives are available (the more costly alternative will be authorized when medically necessary).

Smoking cessation drugs are covered for Members after completion of smoking cessation classes or programs. This benefit is limited to one course of treatment per calendar year. Members may contact their medical group or IPA for information about these classes and programs. Blue Shield will reimburse the cost of the drugs only, minus the copayment, after receiving a copy of a certificate of completion for a smoking cessation class or program. Participants are responsible for the cost of the smoking cessation class or program. If you have a question about the smoking cessation benefit, you should call Blue Shield Member Services at 1-800-334-5847.

Outpatient Drug Formulary

Medications are selected for inclusion in Blue Shield's Outpatient Drug Formulary based on safety, efficacy, FDA bioequivalency data and then cost. New drugs and clinical data are reviewed regularly to update the Formulary. Drugs considered for inclusion or exclusion from the Formulary are reviewed by Blue Shield's Pharmacy and Therapeutics Committee during scheduled meetings four times a year.

Members may call Blue Shield Member Services at the number listed on their Blue Shield Identification Card to inquire if a specific drug is included in the Formulary. Member Services can also provide Members with a printed copy of the Formulary. Members may also access the Formulary through the Blue Shield of California Web site at <http://www.blueshieldca.com>.

Benefits may be provided for non-Formulary drugs subject to higher copayments.

Definitions

Brand Name Drugs - FDA approved drugs under patent to the original manufacturer and only available under the original manufacturer's branded name.

Drugs - (1) drugs which are approved by the Food and Drug Administration (FDA), requiring a prescription either by federal or California law, (2) insulin, and disposable hypodermic insulin needles and syringes, (3) pen delivery systems for the administration of insulin as determined by Blue Shield to be medically necessary, (4) diabetic testing supplies (including lancets, lancet puncture devices, and blood and ketone urine testing strips and test tablets in medically appropriate quantities for the monitoring and treatment of insulin dependent, non-insulin dependent and gestational diabetes), (5) oral contraceptives and diaphragms, and (6) inhalers and inhaler spacers for the management and treatment of asthma. Note: No prescription is necessary to purchase the items shown in (2), (3) and (4); however, in order to be covered these items must be ordered by your provider.

Formulary - a comprehensive list of drugs maintained by Blue Shield's Pharmacy and Therapeutics Committee for use under the Blue Shield Prescription Drug Program, which is designed to assist physicians in prescribing drugs that are medically necessary and cost effective. The Formulary is updated periodically. If not otherwise excluded, the Formulary includes all generic drugs.

Generic Drugs - drugs that (1) are approved by the FDA as a therapeutic equivalent to the brand name drug, (2) contain the same active

SUPPLEMENT TO ORIGINAL MEDICARE PLAN

ingredient as the brand name drug, and (3) cost less than the brand name drug equivalent.

Home Self-Administered Injectables - home self-administered injectables are defined as those drugs which are medically necessary, administered more often than once a month by patient or family member, administered subcutaneously or intramuscularly, deemed safe for self-administration as determined by Blue Shield's Pharmacy and Therapeutics Committee, prior authorized by Blue Shield and obtained from a Blue Shield specialty pharmacy. Intravenous (IV) medications (i.e. those medications administered directly into a vein) are not considered home self-administered injectable drugs. Home self-administered injectables are listed in Blue Shield's Outpatient Drug Formulary.

Home self-administered injectables purchased from other pharmacies are not covered.

Non-Formulary Drugs - drugs determined by Blue Shield's Pharmacy and Therapeutics Committee as being duplicative or as having preferred Formulary drug alternatives available. Benefits may be provided for non-Formulary drugs and are always subject to the non-Formulary copayment.

Non-Participating Pharmacy - a pharmacy which does not participate in the Blue Shield Pharmacy Network.

Participating Pharmacy - a pharmacy which participates in the Blue Shield Pharmacy Network. These participating pharmacies have agreed to a contracted rate for covered prescriptions for Blue Shield Members.

To select a participating pharmacy, the Member may go to <http://www.blueshieldca.com> or call Member Services at 1-800-334-5847.

Specialty Pharmacy Network - select participating pharmacies contracted by Blue Shield to provide covered home self-administered injectables. These pharmacies offer 24-hour clinical services and provide prompt home delivery of home self-administered injectables.

To select a specialty pharmacy, the Member may go to <http://www.blueshieldca.com> or call Member Services at 1-800-334-5847.

Obtaining Outpatient Prescription Drugs at a Participating Pharmacy

1. To obtain drugs at a participating pharmacy, the Member must present his Blue Shield Identification Card. Note: Except for covered emergencies, claims for drugs obtained without using the Identification Card will be denied.
2. Benefits are provided for home self-administered injectables only when obtained from a Blue Shield specialty pharmacy, except in the case of an emergency. In the event of an emergency, covered home self-administered injectables that are needed immediately may be obtained from any participating pharmacy, or, if necessary from a non-participating pharmacy.
3. The Member is responsible for paying the applicable copayment for each covered new and refill prescription drug. The pharmacist will collect from the Member the applicable copayment at the time the drugs are obtained.

Copayment: \$5 generic, \$15 brand name*, \$45 non-Formulary per prescription for the amount prescribed not to exceed a 30-day supply.

*For diabetic supplies (including disposable insulin needles and syringes), diaphragms and smoking cessation therapy drugs, the Formulary brand name copayment applies.

If the usual and customary amount charged by the participating pharmacy is less than or equal to the Member copayment, the Member will only be required to pay the participating pharmacy's usual and customary charge.

Prescription drugs administered in a physician's office, except immunizations, are covered by the \$10 copayment for the office visit and do not require another copayment.

SUPPLEMENT TO ORIGINAL MEDICARE PLAN

Some prescriptions are limited to a maximum allowable quantity based on medical necessity and appropriateness of therapy as determined by Blue Shield's Pharmacy and Therapeutics Committee.

4. If the Member requests a brand name drug when a generic drug equivalent is available, the Member is responsible for paying the difference between the cost to Blue Shield of the brand name drug and its generic drug equivalent, as well as the applicable generic drug copayment.
5. If the prescription specifies a brand name drug and the prescribing provider has written "Dispense As Written" or "Do Not Substitute" on the prescription, or if a generic drug equivalent is not available, the Member is responsible for paying the applicable brand name drug copayment.
6. If the provider determines that use of a Formulary alternative is not appropriate for the Member, the provider may request approval of a medically appropriate non-Formulary drug by Blue Shield. See the section below on Approval of Non-Formulary Drugs for information on the approval process. If Blue Shield approves this request, the copayment for this non-Formulary drug is \$30.
7. The Member is responsible for paying a copayment of \$30 for each prescription for home self-administered injectables, including any combination kit or package containing both oral and home self-administered injectable drugs.
8. Drugs obtained at a non-participating pharmacy are not covered, unless medically necessary for a covered emergency, including drugs for emergency contraception. If the Member must obtain drugs from a non-participating pharmacy due to an emergency, the submission of a Prescription Drug Claim is required. Claim forms are available by contacting Member Services. Submit completed Prescription Drug Claim form noting "Emergency Request" on form

to Blue Shield Pharmacy Services, P.O. Box 7168, San Francisco, CA 94120. Claims must be received within 1 year from the date of service to be considered for payment. Reimbursement for covered emergency claims will be based upon the purchase price of covered prescription drug(s) less any applicable copayment(s).

Obtaining Outpatient Prescription Drugs Through the Mail Service Prescription Drug Program

1. For the Member's convenience, when drugs have been prescribed for a chronic condition and the Member's medication dosage has been stabilized, he may obtain the drug through Blue Shield's Mail Service Prescription Drug Program. Prior to using this Mail Service Program, the Member must have received the same medication and dosage through the Blue Shield Pharmacy Network for at least 2 months. Blue Shield will provide mail order forms and information at the time of enrollment. The Member should submit the applicable copayment, an order form and his Blue Shield Member number to the address indicated on the mail order envelope. Be sure to send in your refill request approximately 3 weeks before your supply runs out. Members should allow 14 days to receive the drug. The Member's provider must indicate a prescription quantity which is equal to the amount to be dispensed. Home self-administered injectables, except for insulin, are not available through the Mail Service Prescription Drug Program.
2. The Member is responsible for paying the applicable copayment for each covered new and refill prescription drug. Copayments will be tracked for the Member.

Copayment: \$10 generic, \$25 brand name*, \$75 non-Formulary per prescription not to exceed a 90-day supply; \$1,000 out-of-pocket annual maximum, then no charge. If the Member's provider indicates a prescription quantity of less than a 90-day supply, that amount will be dispensed

SUPPLEMENT TO ORIGINAL MEDICARE PLAN

and refill authorizations cannot be combined to reach a 90-day supply.

*For diabetic supplies (including disposable insulin needles and syringes), the Formulary brand name copayment applies.

If the usual and customary amount charged by the participating pharmacy is less than or equal to the Member copayment, the Member will only be required to pay the participating pharmacy's usual and customary charge.

3. If the Member requests a mail service brand name drug when a mail service generic drug equivalent is available, the Member is responsible for the difference between the cost to Blue Shield of the mail service brand name drug and its mail service generic drug equivalent, as well as the applicable mail service generic drug copayment.
4. If the prescription specifies a mail service brand name drug and the prescribing provider has written "Dispense As Written" or "Do Not Substitute" on the prescription, or if a mail service generic drug equivalent is not available, the Member is responsible for paying the applicable mail service brand name drug copayment.
5. If the provider determines that use of a Formulary alternative is not appropriate for the Member, the provider may request approval of a medically appropriate non-Formulary drug by Blue Shield. See the section below on Approval of Non-Formulary Drugs for information on the approval process. If Blue Shield approves this request, the copayment for this non-Formulary drug is \$45.
6. For information about the Mail Service Prescription Drug Program, the Member may refer to the mail service program brochure for the phone number and a more detailed explanation or call Blue Shield Member Services at 1-800-334-5847.

Approval of Non-Formulary Drugs

A non-Formulary drug may be covered at a lower copayment as described above. Your provider may request approval from Blue Shield Pharmacy Services. After all necessary documentation is available from your provider, approval or denial will be provided to your provider within 2 working days of the request. Non-Formulary drugs that are not specifically listed as exclusions herein may be considered for approval in these situations:

1. When no Formulary alternative is appropriate and the drug is considered to be medically necessary for you, as determined by Blue Shield. Your provider may be required to submit persuasive evidence in the form of studies, records or documents showing that use of the requested non-Formulary drug over a Formulary drug is medically necessary;
2. When you have failed treatment or have experienced adverse effects with the Formulary drug. Blue Shield will request your provider to provide clinical information that documents treatment failure or adverse effects with a Formulary alternative;
3. When your treatment is stable with a non-Formulary drug and conversion to a Formulary drug would be medically inappropriate.

If, after review, it is determined that a Formulary alternative in this instance is not appropriate for you, the non-Formulary drug will be approved and be covered at the lower copayment of \$30 at the participating pharmacy or \$45 through mail service. If, however, it is determined that the non-Formulary drug does not meet one of the three criteria described above, then the non-Formulary drug will be covered at the higher copayment of \$45 at the participating pharmacy or \$75 through mail service.

Exclusions

No benefits are provided under the Prescription Drugs benefit for the following (please note, certain services excluded below may be covered under other benefits/portions of this Evidence of Coverage – you should refer to the applicable

SUPPLEMENT TO ORIGINAL MEDICARE PLAN

section to determine if drugs are covered under that benefit):

1. Drugs obtained from a non-participating pharmacy, except for a covered emergency, drugs for emergency contraception, and drugs obtained outside of California which are related to an urgently needed service and for which a participating pharmacy was not reasonably accessible;
2. Any drug provided or administered while the Member is an inpatient, or in a provider's office (see A. Hospital Services and B. Physician Services);
3. Take home drugs received from a hospital, convalescent home, skilled nursing facility, or similar facility (see A. Hospital Services and N. Skilled Nursing Facility Services);
4. Except as specifically listed as covered under this Section P., drugs which can be obtained without a prescription or for which there is a non-prescription drug that is the identical chemical equivalent (i.e., same active ingredient and dosage) to a prescription drug;
5. Drugs for which the Member is not legally obligated to pay, or for which no charge is made;
6. Drugs that are considered to be experimental or investigational;
7. Medical devices or supplies, except as specifically listed as covered herein (see E. Durable Medical Equipment, Prostheses and Orthoses and Other Services);
8. Drugs when prescribed for cosmetic purposes, including but not limited to drugs used to retard or reverse the effects of skin aging or to treat hair loss;
9. Dietary or nutritional products (see K. Home Health Care Services, PKU-Related Formulas and Special Food Products, and Home Infusion Therapy);
10. Injectable drugs which are not self-administered in the home. Other injectable medications may be covered under Y. Additional Services;
11. Appetite suppressants or drugs for body weight reduction except when medically necessary for the treatment of morbid obesity. In such cases the drug will be subject to prior authorization from Blue Shield;
12. Drugs when prescribed for smoking cessation purposes, except as provided under this Section P.;
13. Compounded medications if: (1) there is a medically appropriate Formulary alternative, or, (2) there are no FDA-approved indications. Compounded medications that do not include at least one drug, as defined, are not covered;
14. Replacement of lost, stolen or destroyed prescription drugs;
15. Drugs prescribed for treatment of dental conditions. This exclusion shall not apply to antibiotics prescribed to treat infection nor to medications prescribed to treat pain.

Call Member Services at 1-800-334-5847 for further information.

See the Grievance Process section of this Evidence of Coverage for information on filing a grievance, your right to seek assistance from the Department of Managed Health Care and your rights to independent medical review.

Q. Inpatient Mental Health and Substance Abuse Services

Blue Shield of California's MHSA administers and delivers the Plan's mental health and substance abuse benefits. These services are provided through a unique network of MHSA Participating Providers. **All non-emergency mental health and substance abuse services must be arranged through the MHSA.** Also, all non-emergency mental health and substance abuse services must be prior authorized by the MHSA. For prior authorization for mental

SUPPLEMENT TO ORIGINAL MEDICARE PLAN

health and substance abuse services, Members should contact the MHSA at 1-866-505-3409.

All non-emergency mental health and substance abuse services must be obtained from MHSA Participating Providers. (See the How to Use the Plan section, the Mental Health and Substance Abuse Services paragraphs for more information.)

Benefits are provided for the following medically necessary covered mental health and substance abuse services, subject to applicable copayments and charges in excess of any benefit maximums. Coverage for these services is subject to all terms, conditions, limitations and exclusions of the Agreement, to any conditions or limitations set forth in the benefit description below, and to the Exclusions and Limitations set forth in this booklet.

Inpatient hospital and professional services in connection with hospitalization or psychiatric partial hospitalization, for the treatment of mental illness (including treatment of severe mental illnesses of a Member of any age and of serious emotional disturbances of a child), are covered. All non-emergency mental health and substance abuse services must be **prior authorized by the MHSA and obtained from MHSA Participating Providers**. Residential care is not covered.

See Section A. for information on medically necessary inpatient substance abuse detoxification.

Copayment: No charge.

R. Outpatient Mental Health and Substance Abuse Services

1. Medically necessary outpatient psychiatric care for other than severe mental illnesses or serious emotional disturbances of a child. This benefit is limited to a combined maximum of **20 visits** for diagnosis and treatment in any calendar year. Intensive outpatient treatment is not covered under this benefit.

Copayment: \$20 per visit.

2. Medically necessary outpatient psychiatric care for the diagnosis and treatment of severe mental illnesses of a Member of any age and of serious emotional disturbances of a child. Intensive outpatient care and psychological testing are covered under this benefit.

Copayment: \$10 per visit.

3. Crisis intervention and treatment for substance abuse on an outpatient basis as medically appropriate. This benefit is limited to 20 visits per calendar year.

Copayment: \$10 per visit.

4. Psychosocial Support

See the Mental Health and Substance Abuse Services paragraphs under the How to Use the Plan section for information on psychosocial support services available under Lifepath Advisers.

Copayment: No charge.

S. Medical Treatment of the Teeth, Gums, Jaw Joints or Jaw Bones

Hospital and professional services provided for conditions of the teeth, gums or jaw joints and jaw bones, including adjacent tissues are a benefit only to the extent that they are provided for:

1. The treatment of tumors of the gums;
2. The treatment of damage to natural teeth caused solely by an accidental injury is limited to medically necessary services until the services result in initial, palliative stabilization of the Member as determined by the Plan;

Dental services provided after initial medical stabilization, prosthodontics, orthodontia and cosmetic services are not covered. This benefit does not include damage to the natural teeth that is not accidental (e.g., resulting from chewing or biting).

SUPPLEMENT TO ORIGINAL MEDICARE PLAN

3. Medically necessary non-surgical treatment (e.g., splint and physical therapy) of Temporomandibular Joint Syndrome (TMJ);
4. Surgical and arthroscopic treatment of TMJ if prior history shows conservative medical treatment has failed;
5. Medically necessary treatment of maxilla and mandible (jaw joints and jaw bones); or
6. Orthognathic surgery (surgery to reposition the upper and/or lower jaw) which is medically necessary to correct skeletal deformity.

Copayment: See applicable copayments for Physician Services and Hospital Services.

This benefit does not include:

1. Services performed on the teeth, gums (other than tumors) and associated periodontal structures, routine care of teeth and gums, diagnostic services, preventive or periodontic services, dental orthosis and prosthesis, including hospitalization incident thereto;
2. Orthodontia (dental services to correct irregularities or malocclusion of the teeth) for any reason, including treatment to alleviate TMJ;
3. Any procedure (e.g., vestibuloplasty) intended to prepare the mouth for dentures or for the more comfortable use of dentures;
4. Dental implants (endosteal, subperiosteal or transosteal);
5. Alveolar ridge surgery of the jaws if performed primarily to treat diseases related to the teeth, gums or periodontal structures or to support natural or prosthetic teeth;
6. Fluoride treatments except when used with radiation therapy to the oral cavity.

See the Exclusions and Limitations section for additional services that are not covered.

T. Special Transplant Benefits

Benefits are provided for certain procedures listed below only if: (1) performed at a Transplant Network Facility approved by Blue Shield of California to provide the procedure, (2) prior authorization is obtained, in writing, from the Blue Shield Corporate Medical Director, and (3) the recipient of the transplant is a Member.

The Blue Shield Corporate Medical Director shall review all requests for prior authorization and shall approve or deny benefits, based on the medical circumstances of the patient, and in accordance with established Blue Shield medical policy. **Failure to obtain prior written authorization as described above and/or failure to have the procedure performed at a Blue Shield approved Transplant Network Facility will result in denial of claims for this benefit.**

Pre-transplant evaluation and diagnostic tests, transplantation and follow-ups will be allowed only at a Blue Shield approved Transplant Network Facility. Non-acute/non-emergency evaluations, transplantations and follow-ups at facilities other than a Blue Shield Transplant Network Facility will not be approved. Evaluation of potential candidates at a Blue Shield Transplant Network Facility is covered subject to prior authorization. In general, more than one evaluation (including tests) within a short time period and/or more than one Transplant Network Facility will not be authorized unless the medical necessity of repeating the service is documented and approved. For information on Blue Shield of California's approved Transplant Network, call 1-800-334-5847.

The following procedures are eligible for coverage under this provision:

1. Human heart transplants;
2. Human lung transplants;
3. Human heart and lung transplants in combination;
4. Human liver transplants;

SUPPLEMENT TO ORIGINAL MEDICARE PLAN

5. Human kidney and pancreas transplants in combination (kidney only transplants are covered under Section U.);
6. Human bone marrow transplants, including autologous bone marrow transplantation or autologous peripheral stem cell transplantation used to support high-dose chemotherapy when such treatment is medically necessary and is not experimental or investigational;
7. Pediatric human small bowel transplants;
8. Pediatric and adult human small bowel and liver transplants in combination.

Reasonable charges for services incident to obtaining the transplanted material from a living donor or an organ transplant bank will be covered.

Copayment: Physician Services and Hospital Services copayments apply.

U. Organ Transplant Benefits

Hospital and professional services provided in connection with human organ transplants are a benefit to the extent that they are provided in connection with the transplant of a cornea, kidney, or skin, and the recipient of such transplant is a Member.

Services incident to obtaining the human organ transplant material from a living donor or an organ transplant bank will be covered.

Copayment: Physician Services and Hospital Services copayments apply.

V. Diabetes Care

1. Diabetic Equipment

Benefits are provided for the following devices and equipment, including replacement after the expected life of the item and when medically necessary, for the management and treatment of diabetes when medically necessary and authorized by the Plan:

- a. blood glucose monitors, including those designed to assist the visually impaired;

- b. insulin pumps and all related necessary supplies;
- c. podiatric devices to prevent or treat diabetes-related complications, including extra-depth orthopedic shoes;
- d. visual aids, excluding eyewear, designed to assist the visually impaired with proper dosing of insulin (excluding video-assisted visual aids);
- e. for coverage of diabetic testing supplies including blood and urine testing strips and test tablets, lancets and lancet puncture devices and pen delivery systems for the administration of insulin, see Section P.

Copayment: No charge.

2. Diabetes Self-Management Training

Diabetes outpatient self-management training, education and medical nutrition therapy that is medically necessary to enable a Member to properly use the diabetes-related devices and equipment and any additional treatment for these services if directed or prescribed by the Member's Personal Physician and authorized by the Plan. These benefits shall include, but not be limited to, instruction that will enable diabetic patients and their families to gain an understanding of the diabetic disease process, and the daily management of diabetic therapy, in order to thereby avoid frequent hospitalizations and complications.

Copayment: \$10 per visit.

W. Reconstructive Surgery

Medically necessary services in connection with reconstructive surgery to correct or repair abnormal structures of the body and which result in more than a minimal improvement in function or appearance (including congenital anomalies) are covered. In accordance with the Women's Health & Cancer Rights Act, surgically implanted and other prosthetic devices (including prosthetic bras) and reconstructive surgery on either breast provided to restore and

SUPPLEMENT TO ORIGINAL MEDICARE PLAN

achieve symmetry incident to a mastectomy are covered. Surgery must be authorized by the Plan. Any such services must be received while the Plan is in force with respect to the Member. Benefits will be provided in accordance with guidelines established by the Plan and developed in conjunction with plastic and reconstructive surgeons.

No benefits will be provided for the following surgeries or procedures unless determined by Blue Shield to be medically necessary to correct or repair abnormal structures of the body caused by congenital defects, developmental abnormalities, trauma, infection, tumors, or disease, and which will result in more than minimal improvement in function or appearance:

1. Surgery to excise, enlarge, reduce, or change the appearance of any part of the body;
2. Surgery to reform or reshape skin or bone;
3. Surgery to excise or reduce skin or connective tissue that is loose, wrinkled, sagging, or excessive on any part of the body;
4. Hair transplantation; and
5. Upper eyelid blepharoplasty without documented significant visual impairment or symptomatology.

This limitation shall not apply when breast reconstruction is performed subsequent to a medically necessary mastectomy, including surgery on either breast to achieve or restore symmetry.

Copayment: Physician Services and Hospital Services copayments apply.

X. Clinical Trials for Cancer

Benefits are provided for routine patient care for a Member whose Personal Physician has obtained prior authorization from the Plan and who has been accepted into an approved clinical trial for cancer provided that:

1. The clinical trial has a therapeutic intent and the Member's treating physician determines that participation in the clinical trial has a

meaningful potential to benefit the Member; with a therapeutic intent; and

2. The Member's treating physician recommends participation in the clinical trial; and
3. The hospital and/or physician conducting the clinical trial is a Plan provider, unless the protocol for the trial is not available through a Plan provider.

Services for routine patient care will be paid on the same basis and at the same benefit levels as other covered services.

Routine patient care consists of those services that would otherwise be covered by the Plan if those services were not provided in connection with an approved clinical trial, but does not include:

1. Drugs or devices that have not been approved by the federal Food and Drug Administration (FDA);
2. Services other than health care services, such as travel, housing, companion expenses and other non-clinical expenses;
3. Any item or service that is provided solely to satisfy data collection and analysis needs and that is not used in the clinical management of the patient;
4. Services that, except for the fact that they are being provided in a clinical trial, are specifically excluded under the Plan;
5. Services customarily provided by the research sponsor free of charge for any enrollee in the trial.

An approved clinical trial is limited to a trial that is:

1. Approved by one of the following:
 - a. one of the National Institutes of Health;
 - b. the federal Food and Drug Administration, in the form of an investigational new drug application;

SUPPLEMENT TO ORIGINAL MEDICARE PLAN

- c. the United States Department of Defense;
 - d. the United States Veterans' Administration; or
2. Involves a drug that is exempt under federal regulations from a new drug application.

Copayment: Physician Services and Hospital Services copayments apply.

Y. Additional Services

1. Personal Health Management Program

Health education and health promotion services provided by Blue Shield's Center for Health Improvement offer a variety of wellness resources including, but not limited to: a member newsletter and a prenatal health education program.

Copayment: No charge.

2. Injectable Medications

Injectable medications approved by the FDA are covered for the medically necessary treatment of medical conditions when prescribed or authorized by the Personal Physician and the Plan. See Section P. for information on insulin and home self-administered injectables coverage and copayment.

Copayment: No charge.

3. Away From Home Care[®] Program

The Blue Shield Access+ HMO offers to CalPERS members who are long-term travelers, students and families living apart, Away From Home Care (AFHC).

AFHC offers full HMO benefits with a local ID card. Membership eligibility is applicable to spouses, domestic partners and dependents who are away from home for at least 90 days, or to members who are away from home for at least 90 days but not more than 180 days. There is no additional charge to

the member. AFHC is coordinated by calling 1-800-334-5847.

AFHC also offers a special short-term service which is available to members requiring specific follow-up treatment. This option is particularly beneficial for members who will be out-of-state on a short-term basis but require special treatment.

4. Hearing Aid Services

- a. Audiological Evaluation. To measure the extent of hearing loss and a hearing aid evaluation to determine the most appropriate make and model of hearing aid.

Copayment: No charge. Evaluation is in addition to the \$1,000 maximum allowed every 36 months for both ears for the hearing aid and ancillary equipment.

- b. Hearing Aid. Monaural or binaural including ear mold(s), the hearing aid instrument, the initial battery, cords and other ancillary equipment. Includes visits for fitting, counseling, adjustments, repairs, etc. at no charge for a 1-year period following the provision of a covered hearing aid.

Excludes the purchase of batteries or other ancillary equipment, except those covered under the terms of the initial hearing aid purchase and charges for a hearing aid which exceed specifications prescribed for correction of a hearing loss. Excludes replacement parts for hearing aids, repair of hearing aid after the covered 1-year warranty period and replacement of a hearing aid more than once in any period of 36 months. Also excludes surgically implanted hearing devices.

Limitations: Up to maximum of \$1,000 per Member every 36 months for both ears for the hearing aid instrument, and ancillary equipment.

To receive these services, you may either contact your Personal Physician to obtain a

SUPPLEMENT TO ORIGINAL MEDICARE PLAN

referral or self-refer to an Access+ Specialist as described on page 66.

5. Biofeedback

Biofeedback therapy is covered only when it is reasonable and necessary for the individual patient for muscle re-education of specific muscle groups or for treating pathological muscle abnormalities of spasticity, incapacitating muscle spasm, or weakness, and more conventional treatments (heat, cold, massage, exercise, support) have not been successful. This therapy is not covered for treatment of ordinary muscle tension states or for psychosomatic conditions.

Copayment: No charge.

6. Chiropractic Care

Manipulation of the spine to correct a subluxation, upon referral from your Personal Physician, when provided by chiropractors or other qualified providers.

Copayment: \$10 per visit.

Exclusions and Limitations

General Exclusions and Limitations

Unless exceptions to the following exclusions are specifically made elsewhere in the Agreement, no benefits are provided for services which are:

1. **Acupuncture.** For or incident to acupuncture;
2. **Behavioral Problems.** For learning disabilities or behavioral problems;
3. **Cosmetic Surgery.** For cosmetic surgery, or any resulting complications, except medically necessary services to treat complications of cosmetic surgery (e.g., infections or hemorrhages) will be a benefit, but only upon review and approval by a Blue Shield physician consultant. Without limiting the foregoing, no benefits will be provided for the following surgeries or procedures:
 - Lower eyelid blepharoplasty;
 - Spider veins;
 - Procedures to smooth the skin (i.e., chemical face peels, laser resurfacing, and abrasive procedures);
 - Hair removal by electrolysis or other means; and
 - Reimplantation of breast implants originally provided for cosmetic augmentation;
4. **Custodial or Domiciliary Care.** For or incident to services rendered in the home or hospitalization or confinement in a health facility primarily for custodial, maintenance or domiciliary care, except as provided under O.; or rest;
5. **Dental Care, Dental Appliances.** For dental care or services incident to the treatment, prevention or relief of pain or dysfunction of the temporomandibular joint and/or muscles of mastication, except as specifically provided under S.; for or incident to services and supplies for treatment of the teeth and gums (except for tumors) and associated periodontal structures, including but not limited to diagnostic, preventive, orthodontic, and other services such as dental cleaning, tooth whitening, x-rays, topical fluoride treatment except when used with radiation therapy to the oral cavity, fillings and root canal treatment; treatment of periodontal disease or periodontal surgery for inflammatory conditions; tooth extraction; dental implants; braces, crowns, dental orthoses and prostheses; except as specifically provided under A. and S.;
6. **Experimental or Investigational Procedures.** Experimental or investigational medicine, surgery or other experimental or investigational health care procedures as defined, except for services for Members who have been accepted into an approved clinical trial for cancer as provided under X.;

See section entitled "External Independent Medical Review" for information concerning the availability of a review of services denied under this exclusion.

SUPPLEMENT TO ORIGINAL MEDICARE PLAN

7. **Eye Surgery.** For surgery to correct refractive error (such as but not limited to radial keratotomy, refractive keratoplasty), lenses and frames for eyeglasses, contact lenses, except as provided under E.;
8. **Foot Care.** For routine foot care, including callus, corn paring or excision and toenail trimming (except as may be provided through a participating hospice agency); treatment (other than surgery) of chronic conditions of the foot, including but not limited to weak or fallen arches, flat or pronated foot, pain or cramp of the foot, bunions, muscle trauma due to exertion or any type of massage procedure on the foot; special footwear (e.g., non-custom made or over-the-counter shoe inserts or arch supports), except as specifically provided under E. and V.;
9. **Genetic Testing.** For genetic testing except as described under D. and F.;
10. **Home Monitoring Equipment.** For home testing devices and monitoring equipment, except for use of the peak flow monitor for self-management of asthma, the glucose monitor for self-management of diabetes and the apnea monitor for management of newborn apnea when authorized as home medical equipment;
11. **Infertility Reversal.** For or incident to the reversal of a vasectomy or tubal ligation, repeat vasectomy or tubal ligation;
12. **Infertility Services.** For ovum transplants, in vitro fertilization, Gamete Intrafallopian Transfer (GIFT) procedure, Zygote Intrafallopian Transfer (ZIFT) procedure or any other form of induced fertilization (except for artificial insemination), services or medications to treat low sperm count or services incident to or resulting from procedures for a surrogate mother who is otherwise not eligible for covered pregnancy and maternity care under a Blue Shield of California health plan;
13. **Learning Disabilities.** For testing for intelligence or learning disabilities;
14. **Limited or Excluded Services.** Benefits for services limited or excluded in your HMO health service plan; however, drugs customarily provided by dentists and oral surgeons, or customarily provided for nervous or mental disorders, or incident to pregnancy, or customarily provided for substance abuse, or incident to physical therapy are not excluded;
15. **Miscellaneous Equipment.** For orthopedic shoes except as provided under V., environmental control equipment, generators, exercise equipment, self-help/educational devices, vitamins, any type of communicator, voice enhancer, voice prosthesis, electronic voice producing machine, or any other language assistance devices, except as provided under E. and comfort items;
16. **Non-Covered Services by Individuals.** Services performed by a close relative or by a person who ordinarily resides in the Member's home;
17. **Nutritional and Food Supplements.** For prescription or non-prescription nutritional and food supplements except as provided under K.;
18. **Organ Transplants.** Incident to an organ transplant, except as provided under T. and U.;
19. **Over-the-Counter Medical Equipment or Supplies.** For non-prescription (over-the-counter) medical equipment or supplies that can be purchased without a licensed provider's prescription order, even if a licensed provider writes a prescription order for a non-prescription item, except as specifically provided under E., K., O. and V.;
20. **Over-the-Counter Medications.** For over-the-counter medications not requiring a prescription, except as provided for smoking cessation drugs;

SUPPLEMENT TO ORIGINAL MEDICARE PLAN

21. **Pain Management.** For or incident to hospitalization or confinement in a pain management center to treat or cure chronic pain, except as may be provided through a participating hospice agency and except as medically necessary;
22. **Penile Implant.** For penile implant devices and surgery, and any related services except for any resulting complications and medically necessary services as provided under W.;
23. **Personal Comfort Items.** Convenience items such as telephones, TVs, guest trays, and personal hygiene items;
24. **Physical Examinations.** For physical exams required for licensure, employment, or insurance unless the examination corresponds to the schedule of routine physical examinations provided under C.;
25. **Prescription Orders.** Prescription orders or refills which exceed the amount specified in the prescription, or prescription orders or refills dispensed more than a year from the date of the original prescription.

Prescription orders or refills in quantities exceeding a 30-day supply, except for mail order.

Prescription orders or refills which are equal to or less than the amount of your copayment.
26. **Private Duty Nursing.** In connection with private duty nursing, except as provided under A., K. and O.;
27. **Reading/Vocational Therapy.** For or incident to reading therapy; vocational, educational, recreational, art, dance or music therapy; weight control or exercise programs;
28. **Reconstructive Surgery.** For reconstructive surgery and procedures: (1) where there is another more appropriate surgical procedure that is approved by a Blue Shield physician consultant, or (2) when the surgery or procedure offers only a minimal improvement in function or in the appearance of the enrollees, e.g., spider veins, or (3) as limited under W.;
29. **Sex Transformations.** For transgender or gender dysphoria conditions, including but not limited to, intersex surgery (transsexual operations), or any related services, or any resulting medical complications, except for treatment of medical complications that is medically necessary;
30. **Sexual Dysfunctions.** For or incident to sexual dysfunctions and sexual inadequacies, except as provided for treatment of organically based conditions;
31. **Speech Therapy.** For or incident to speech therapy, speech correction or speech pathology or speech abnormalities that are not likely the result of a diagnosed, identifiable medical condition, injury or illness, except as specifically provided under K., M. and O.;
32. **Spinal Manipulation.** For spinal manipulation or adjustment, except as covered by Medicare;
33. **Therapeutic Devices.** Devices or apparatuses, regardless of therapeutic effect (e.g., hypodermic needles and syringes, except as needed for insulin and covered injectable medication), support garments and similar items;
34. **Transportation Services.** For transportation services other than provided for under H.;
35. **Unapproved Drugs/Medicines.** Drugs and medicines which cannot be lawfully marketed without approval of the U.S. Food and Drug Administration (FDA); however, drugs and medicines which have received FDA approval for marketing for one or more uses will not be denied on the basis that they are being prescribed for an off-label use if the conditions set forth in California Health & Safety Code Section 1367.21 have been met;

SUPPLEMENT TO ORIGINAL MEDICARE PLAN

36. **Unauthorized Non-Emergency Services.**
For unauthorized non-emergency services;

37. **Unauthorized Treatment.** Not provided, prescribed, referred, or authorized by a Personal Physician or the Blue Shield Access+ HMO except for Access+ Specialist visits, OB/GYN services provided by an obstetrician/gynecologist or a family practice physician within the same medical group or IPA as the Personal Physician, emergency services or urgent services as provided under the Agreement provisions, when specific authorization has been obtained in writing for such services from the Plan, for mental health and substance abuse services which must be arranged through the MHSA or for hospice services received by a participating hospice agency;

38. **Workers' Compensation/Work-Related Injury.**
For or incident to any injury or disease arising out of, or in the course of, any employment for salary, wage or profit if such injury or disease is covered by any workers' compensation law, occupational disease law or similar legislation. However, if Blue Shield provides payment for such services it will be entitled to establish a lien upon such other benefits up to the reasonable cash value of benefits provided by Blue Shield for the treatment of the injury or disease as reflected by the providers' usual billed charges;

39. **Not Specifically Listed as a Benefit.**

See the Grievance Process section for information on filing a grievance, your right to seek assistance from the Department of Managed Health Care, and your rights to independent medical review.

Medical Necessity Exclusion

All services must be medically necessary. The fact that a physician or other provider may prescribe, order, recommend, or approve a service or supply does not, in itself, make it medically necessary, even though it is not specifically listed as an exclusion or limitation. Blue Shield may

limit or exclude benefits for services which are not medically necessary.

Exclusion for Duplicate Coverage

In the event that you are covered under the Plan and are also entitled to benefits under any of the conditions listed below, Blue Shield's liability for services (including room and board) provided to the Member for the treatment of any one illness or injury shall be reduced by the amount of benefits paid, or the reasonable value or the amount of Blue Shield's fee-for-service payment to the provider, whichever is less, of the services provided without any cost to you, because of your entitlement to such other benefits. This exclusion is applicable to benefits received from any of the following sources:

1. Benefits provided under Title 18 of the Social Security Act ("Medicare"). If a Member receives services to which he is entitled under Medicare and those services are also covered under this Plan, the Plan provider may recover the amount paid for the services under Medicare. This provision does not apply to Medicare Part D (outpatient prescription drug) benefits.
2. Benefits provided by any other federal or state governmental agency, or by any county or other political subdivision, except that this exclusion does not apply to Medi-Cal; or Subchapter 19 (commencing with Section 1396) of Chapter 7 of Title 42 of the United States Code; or for the reasonable costs of services provided to the person at a Veterans Administration facility for a condition unrelated to military service or at a Department of Defense facility, provided the person is not on active duty.

Exception for Other Coverage

A Plan provider may seek reimbursement from other third party payors for the balance of its reasonable charges for services rendered under this Plan.

Claims and Services Review

Blue Shield reserves the right to review all claims and services to determine if any exclusions or other limitations apply. Blue Shield may

SUPPLEMENT TO ORIGINAL MEDICARE PLAN

use the services of physician consultants, peer review committees of professional societies or hospitals and other consultants to evaluate claims.

General Provisions

Grievance Process

Blue Shield of California has established a grievance procedure for receiving, resolving and tracking Members' grievances with Blue Shield of California.

For all services other than mental health and substance abuse

The Member, a designated representative, or a provider on behalf of the Member, may contact the Member Services Department by telephone, letter or online to request a review of an initial determination concerning a claim or service. Members may contact the Plan at the telephone number as noted on the back cover of this booklet. If the telephone inquiry to Member Services does not resolve the question or issue to the Member's satisfaction, the Member may request a grievance at that time, which the Member Services Representative will initiate on the Member's behalf.

The Member, a designated representative, or a provider on behalf of the Member, may also initiate a grievance by submitting a letter or a completed "Grievance Form." The Member may request this form from Member Services. The completed form should be submitted to Member Services at the address as noted on the back cover of this booklet. The Member may also submit the grievance online by visiting our web site at <http://www.blueshieldca.com>.

Blue Shield will acknowledge receipt of a grievance within 5 calendar days. Grievances are resolved within 30 days. The grievance system allows Members to file grievances for at least 180 days following any incident or action that is the subject of the Member's dissatisfaction. See the Member Services Department section, page 72 for information on the expedited decision process.

For all mental health and substance abuse services

The Member, a designated representative, or a provider on behalf of the Member, may contact the MHSA by telephone, letter or online to request a review of an initial determination concerning a claim or service. Members may contact the MHSA at the telephone number as noted below. If the telephone inquiry to the MHSA's Customer Service Department does not resolve the question or issue to the Member's satisfaction, the Member may request a grievance at that time, which the Customer Service Representative will initiate on the Member's behalf.

The Member, a designated representative, or a provider on behalf of the Member, may also initiate a grievance by submitting a letter or a completed "Grievance Form." The Member may request this form from the MHSA's Customer Service Department. If the Member wishes, the MHSA's Customer Service staff will assist in completing the Grievance Form. Completed grievance forms must be mailed to the MHSA at the address provided below. The Member may also submit the grievance to the MHSA online by visiting <http://www.blueshieldca.com>.

The MHSA will acknowledge receipt of a grievance within 5 calendar days. Grievances are resolved within 30 days. The grievance system allows Members to file grievances for at least 180 days following any incident or action that is the subject of the Member's dissatisfaction. See the Member Services Department section for information on the expedited decision process.

External Independent Medical Review

If your grievance involves a claim or services for which coverage was denied by Blue Shield or by a contracting provider in whole or in part on the grounds that the service is not medically necessary or is experimental/investigational (including the external review available under the Fried-

SUPPLEMENT TO ORIGINAL MEDICARE PLAN

man-Knowles Experimental Treatment Act of 1996), you may choose to make a request to the Department of Managed Health Care to have the matter submitted to an independent agency for external review in accordance with California law. You normally must first submit a grievance to Blue Shield and wait for at least 30 days before you request external review; however, if your matter would qualify for an expedited decision as described on page 72 or involves a determination that the requested service is experimental/investigational, you may immediately request an external review following receipt of notice of denial. You may initiate this review by completing an application for external review, a copy of which can be obtained by contacting Member Services. The Department of Managed Health Care will review the application and, if the request qualifies for external review, will select an external review agency and have your records submitted to a qualified specialist for an independent determination of whether the care is medically necessary. You may choose to submit additional records to the external review agency for review. There is no cost to you for this external review. You and your physician will receive copies of the opinions of the external review agency. The decision of the external review agency is binding on Blue Shield; if the external reviewer determines that the service is medically necessary, Blue Shield will promptly arrange for the service to be provided or the claim in dispute to be paid. This external review process is in addition to any other procedures or remedies available to you and is completely voluntary on your part; you are not obligated to request external review. However, failure to participate in external review may cause you to give up any statutory right to pursue legal action against Blue Shield regarding the disputed service. For more information regarding the external review process, or to request an application form, please contact Member Services.

Appeal Procedure Following Disposition of Plan Grievance Procedure

If no resolution of your complaint is achieved by the internal grievance process described above, you have several options depending on the nature of your complaint.

1. **Eligibility Issues.** Refer these matters directly to CalPERS. Contact CalPERS Office of Employer and Member Health Services at P.O. Box 942714, Sacramento, CA 94229-2714, Fax (916) 795-1277, or telephone CalPERS Customer Service and Education Division at **1-888 CalPERS (225-7377)**, TTY 1-800-735-2929; (916) 795-3240.
2. **Coverage Issues.** A coverage issue concerns the denial or approval of health care services substantially based on a finding that the provision of a particular service is included or excluded as a covered benefit under this Evidence of Coverage booklet. It does not include a plan or contracting provider decision regarding a disputed health care service.

If you are dissatisfied with the outcome of Blue Shield's internal grievance process, you may request an administrative review before the CalPERS Board of Administration, or you may choose Small Claims Court, if your coverage dispute is within the jurisdictional limits of Small Claims Court.

3. **Malpractice.** You must *proceed directly to court.*
4. **Bad Faith.** You must *proceed directly to court.*
5. **Disputed Health Care Service Issue.** A disputed health care service issue concerns any health care service eligible for coverage and payment under this Evidence of Coverage booklet that has been denied, modified, or delayed in whole or in part due to a finding that the service is not medically necessary. A decision regarding a disputed health care service relates to the practice of medicine, and includes decisions as to whether a particular service is experimental or investigational.

If you are dissatisfied with the outcome of Blue Shield's internal grievance process, you may request an administrative review before the CalPERS Board of Administration, or you may proceed to court.

SUPPLEMENT TO ORIGINAL MEDICARE PLAN

CalPERS Administrative Appeal Process

Only issues of eligibility and coverage issues which concern the denial or approval of health care services substantially based on a finding that the provision of a particular service is included or excluded as a covered benefit under this Evidence of Coverage booklet may be appealed directly to CalPERS.

CalPERS staff will conduct an administrative review upon your appeal of Blue Shield's denial of coverage or the denial of a disputed health care issue by the Department of Managed Health Care. However, your written appeal must be submitted to CalPERS within 30 days of the postmark date of Blue Shield's letter of denial or the Department of Managed Health Care's determination of findings.

If the dispute remains unresolved during the administrative review process, the matter may then proceed to an administrative hearing. During the hearing, evidence and testimony will be presented to an Administrative Law Judge.

To file for an administrative review, contact CalPERS Office of Employer and Member Health Services, P.O. Box 942714, Sacramento, CA 94229-2714, Fax (916) 795-1277, or telephone CalPERS Customer Service and Education Division, 1-888 CalPERS (225-7377), TTY 1-800-735-2929; (916) 795-3240.

If you are covered by Medicare and Medicare has made a decision regarding your appeal of a Medicare claim determination, you cannot appeal the Medicare decision through the CalPERS Board of Administration.

Department of Managed Health Care Review

The California Department of Managed Health Care is responsible for regulating health care service plans. If you have a grievance against your health plan, you should first telephone your health plan at 1-800-334-5847 and use your health plan's grievance process before contacting the Department. Utilizing this grievance procedure does not prohibit any potential legal rights or remedies that may be available to you. If

you need help with a grievance involving an emergency, a grievance that has not been satisfactorily resolved by your health plan, or a grievance that has remained unresolved for more than 30 days, you may call the Department for assistance. You may also be eligible for an Independent Medical Review (IMR). If you are eligible for IMR, the IMR process will provide an impartial review of medical decisions made by a health plan related to the medical necessity of a proposed service or treatment, coverage decisions for treatments that are experimental or investigational in nature and payment disputes for emergency or urgent medical services. The Department also has a toll-free telephone number (1-888-HMO-2219) and a TDD line (1-877-688-9891) for the hearing and speech impaired. The Department's Web site (<http://www.hmohelp.ca.gov>) has complaint forms, IMR application forms and instructions online.

In the event that Blue Shield should cancel or refuse to renew enrollment for you or your dependents and you feel that such action was due to health or utilization of benefits, you or your dependents may request a review by the Department of Managed Health Care Director.

Matters of eligibility should be referred directly to CalPERS - contact CalPERS Office of Employer and Member Health Services, P.O. Box 942714, Sacramento, CA 94229-2714.

Alternate Arrangements

Blue Shield will make a reasonable effort to secure alternate arrangements for the provision of care by another Plan provider without additional expense to you in the event a Plan provider's contract is terminated, or a Plan provider is unable or unwilling to provide care to you.

If such alternate arrangements are not made available, or are not deemed satisfactory to the Board, then Blue Shield will provide all services and/or benefits of the Agreement to you on a fee-for-service basis (less any applicable copayments), and the limitation contained herein with respect to use of a Plan provider shall be of no force or effect.

SUPPLEMENT TO ORIGINAL MEDICARE PLAN

Such fee-for-service arrangements shall continue until any affected treatment plan has been completed or until such time as you agree to obtain services from another Plan provider, your enrollment is terminated, or your enrollment is transferred to another plan administered by the Board, whichever occurs first. In no case, however, will such fee-for-service arrangements continue beyond the term of the Plan, unless the Extension of Benefits provision applies to you.

Physician-Patient or Plan-Member Relationship

In the event that Blue Shield of California shall be unable to establish satisfactory physician-patient or plan-member relationship with any member, after reasonable efforts to do so, then Blue Shield may either submit the matter for consideration under Blue Shield's grievance procedures or submit the matter for consideration by the Chief Executive Officer of CalPERS. In any event, if it is determined that a satisfactory physician-patient or plan-member relationship cannot be maintained, then the member shall be provided with the opportunity to change enrollment to another plan.

Advance Directives

It is important that you know about your rights to make health care decisions on your own behalf and to execute advance directives. An advance directive is a formal document written by you in advance of an incapacitating illness or injury. As long as you can speak for yourself, health care providers will honor your wishes. But, if you become so ill that you cannot speak for yourself, then this directive will guide your health care providers in treating you and will save your family, friends, and health care providers from having to guess what you would have wanted. We suggest you set aside some time to review and discuss your wishes with your Personal Physician and family members.

There are three types of advance directives to choose from. They are: (1) Durable Power of Attorney for Health Care (DPAHC), (2) Living Wills, and (3) Natural Death Act Declarations. In California, the preferred document is DPAHC, which allows you to appoint an agent (family, friend, or other person) whom you trust

to make treatment decisions for you should there come a time you are unable to make them yourself. You can purchase the DPAHC from a stationery store or from the California Medical Association.

You should provide copies of your completed directive to: (1) your Personal Physician, (2) your agent, and (3) your family. Be sure to keep a copy with you and take a copy to the hospital if you are hospitalized for medical care.

Termination of Group Membership - Continuation of Coverage Termination of Benefits

Coverage for you or your dependents terminates at 12:01 a.m. Pacific Time on the earliest of these dates: (1) the date the group Agreement is discontinued, (2) the last day of the month in which the subscriber's employment terminates, unless a different date has been agreed to between Blue Shield and your employer, (3) the end of the period for which the premium is paid, or (4) on the last day of the month in which you or your dependents become ineligible. A spouse also becomes ineligible following legal separation from the subscriber, entry of a final decree of divorce, annulment or dissolution of marriage from the subscriber. A domestic partner becomes ineligible upon termination of the domestic partnership.

Except as specifically provided under the Extension of Benefits and COBRA provisions, there is no right to receive benefits for services provided following termination of this group Agreement.

If you cease work because of retirement, disability, leave of absence, temporary layoff or termination, see your employer about possibly continuing group coverage. Also, see the Individual Conversion Plan and COBRA and/or Cal-COBRA provisions described in this booklet for information on continuation of coverage.

If the subscriber no longer lives or works in the Plan service area, coverage will be terminated for him and all his dependents. If a dependent no longer lives or works in the Plan service area, then that dependent's coverage will be termi-

nated. (Special arrangements may be available for dependents who are full-time students or do not live in the subscriber's home. Please contact the Member Services Department to request a brochure which explains these arrangements.)

If the relationship between a Plan physician and a Member is unsatisfactory, or if the relationship between Blue Shield and a Member is unsatisfactory, then the Member may submit the matter to CalPERS under the change of enrollment procedure in Section 22841 of the Government Code. If the Member does not access the change of enrollment procedure, Blue Shield will undertake reasonable efforts to make a Plan physician available to the Member with whom a satisfactory relationship may be developed.

In the event any Member believes that his or her benefits under this Agreement have been terminated because of his or her health status or health requirements, the Member may seek from the Department of Managed Health Care, review of the termination as provided in California Health & Safety Code Section 1365(b).

Reinstatement

If you cancel or your coverage is terminated, refer to the CalPERS "Health Program Guide."

Cancellation

No benefits will be provided for services rendered after the effective date of cancellation, except as specifically provided under the Extension of Benefits and Individual Conversion Plan and COBRA provisions in this booklet.

The group Agreement also may be cancelled by CalPERS at any time provided written notice is given to Blue Shield to become effective upon receipt, or on a later date as may be specified on the notice.

Extension of Benefits

If a person becomes totally disabled while validly covered under this Plan and continues to be totally disabled on the date group coverage terminates, Blue Shield will extend the benefits of this Plan, subject to all limitations and restrictions, for covered services and supplies directly

related to the condition, illness or injury causing such total disability until the first to occur of the following: (1) the date the covered person is no longer totally disabled, (2) 12:01 a.m. on the day following a period of 12 months from the date group coverage terminated, (3) the date on which the covered person's maximum benefits are reached, (4) the date on which a replacement carrier provides coverage to the person without limitation as to the totally disabling condition.

No extension will be granted unless Blue Shield receives written certification by a Plan physician of such total disability within 90 days of the date on which coverage was terminated, and thereafter at such reasonable intervals as determined by Blue Shield.

COBRA and/or Cal-COBRA

Please examine your options carefully before declining this coverage. You should be aware that companies selling individual health insurance typically require a review of your medical history that could result in a higher premium or you could be denied coverage entirely.

COBRA

If a Member is entitled to elect continuation of group coverage under the terms of the Consolidated Omnibus Budget Reconciliation Act (COBRA) as amended, the following applies:

The COBRA group continuation coverage is provided through federal legislation and allows an enrolled active or retired employee or his/her enrolled family member who lose their regular group coverage because of certain "qualifying events" to elect continuation for 18, 29, or 36 months.

An eligible active or retired employee or his/her family member(s) is entitled to elect this coverage provided an election is made within 60 days of notification of eligibility and the required premiums are paid. The benefits of the continuation coverage are identical to the group plan and the cost of coverage shall be 102% of the applicable group premiums rate. No employer contribution is available to cover the premiums.

SUPPLEMENT TO ORIGINAL MEDICARE PLAN

Two “qualifying events” allow enrollees to request the continuation coverage for 18 months. The Member's 18-month period may also be extended to 29 months if the Member was disabled on or before the date of termination or reduction in hours of employment, or is determined to be disabled under the Social Security Act within the first 60 days of the initial qualifying event and before the end of the 18-month period (non-disabled eligible family members are also entitled to this 29-month extension).

1. The covered employee's separation from employment for reasons other than gross misconduct.
2. Reduction in the covered employee's hours to less than half-time.

Four “qualifying events” allow an active or retired employee's enrolled family member(s) to elect the continuation coverage for up to 36 months. Children born to or placed for adoption with the Member during a COBRA continuation period may be added as dependents, provided the employer is properly notified of the birth or placement for adoption, and such children are enrolled within 30 days of the birth or placement for adoption.

1. The employee's or retiree's death (and the surviving family member is not eligible for a monthly survivor allowance from CalPERS).
2. Divorce or legal separation of the covered employee or retiree from the employee's or retiree's spouse or termination of the domestic partnership.
3. A dependent child ceases to be a dependent child.
4. The primary COBRA subscriber becomes entitled to Medicare.

If elected, COBRA continuation coverage is effective on the date coverage under the group plan terminates.

The COBRA continuation coverage will remain in effect for the specified time, or until one of the following events terminates the coverage:

1. The termination of all employer provided group health plans, or
2. The enrollee fails to pay the required premium(s) on a timely basis, or
3. The enrollee becomes covered by another health plan without limitations as to pre-existing conditions, or
4. The enrollee becomes eligible for Medicare benefits, or
5. The continuation of coverage was extended to 29 months and there has been a final determination that the Member is no longer disabled.

You will receive notice from your employer of your eligibility for COBRA continuation coverage if your employment is terminated or your hours are reduced.

Contact your (former) employing agency or CalPERS directly if you need more information about your eligibility for COBRA group continuation coverage.

Cal-COBRA

COBRA enrollees who became eligible for COBRA coverage on or after January 1, 2003, and who reach the 18-month or 29-month maximum available under COBRA, may elect to continue coverage under Cal-COBRA for a maximum period of 36 months from the date the Member's continuation coverage began under COBRA. If elected, the Cal-COBRA coverage will begin after the COBRA coverage ends.

COBRA enrollees must exhaust all the COBRA coverage to which they are entitled before they can become eligible to continue coverage under Cal-COBRA.

In no event will continuation of group coverage under COBRA, Cal-COBRA or a combination of COBRA and Cal-COBRA be extended for more than 3 years from the date the qualifying event has occurred which originally entitled the Member to continue group coverage under this Plan.

SUPPLEMENT TO ORIGINAL MEDICARE PLAN

Monthly rates for Cal-COBRA coverage shall be 110% of the applicable group monthly rates.

Cal-COBRA enrollees must submit monthly rates directly to Blue Shield. The initial monthly rates must be paid within 45 days of the date the Member provided written notification to the Plan of the election to continue coverage and be sent to Blue Shield by first-class mail or other reliable means. The monthly rate payment must equal an amount sufficient to pay any required amounts that are due. Failure to submit the correct amount within the 45-day period will disqualify the Member from continuation coverage.

Blue Shield of California is responsible for notifying COBRA enrollees of their right to possibly continue coverage under Cal-COBRA at least 90 calendar days before their COBRA coverage will end. The COBRA enrollee should contact Blue Shield for more information about continuing coverage. If the enrollee elects to apply for continuation of coverage under Cal-COBRA, the enrollee must notify Blue Shield at least 30 days before COBRA termination.

Payment by Third Parties Third Party Recovery Process and the Member's Responsibility

If a Member is injured through the act or omission of another person (a "third party"), Blue Shield, the Member's designated medical group, and the independent practice association shall, with respect to services required as a result of that injury, provide the benefits of the Plan and have an equitable right to restitution or other available remedy to recover the reasonable costs of services provided to the Member. The Member is required to:

1. Notify Blue Shield in writing of any actual or potential claim or legal action which such Member anticipates bringing or has brought against the third party arising from the alleged acts or omissions causing the injury or illness, not later than 30 days after submitting or filing a claim or legal action against the third party; and
2. Agree to fully cooperate with Blue Shield, the Member's designated medical group,

and the independent practice association to execute any forms or documents needed to assist them in exercising their equitable right to restitution or other available remedies; and

3. Provide Blue Shield, the Member's designated medical group, and the independent practice association with a lien in the amount of the reasonable costs of benefits provided, calculated in accordance with California Civil Code section 3040. The lien may be filed with the third party, the third party's agent or attorney, or the court unless otherwise prohibited by law.

A Member's failure to comply with 1. through 3., above, shall not in any way act as a waiver, release, or relinquishment of the rights of Blue Shield, the Member's designated medical group, or the independent practice association.

Further, if the Member receives services from a Plan hospital for such injuries, the hospital has the right to collect from the Member the difference between the amount paid by Blue Shield and the hospital's reasonable and necessary charges for such services when payment or reimbursement is received by the Member for medical expenses. The Plan hospital's right to collect shall be in accordance with California Civil Code Section 3045.1.

Workers' Compensation

No benefits are provided for or incident to any injury or disease arising out of, or in the course of, any employment for salary, wage or profit if such injury or disease is covered by any workers' compensation law, occupational disease law or similar legislation.

However, if Blue Shield provides payment for such services it will be entitled to establish a lien upon such other benefits up to the reasonable cash value of benefits provided by Blue Shield for the treatment of the injury or disease as reflected by the providers' usual billed charges.

Coordination of Benefits

When a person who is covered under this group Plan is also covered under another group plan,

SUPPLEMENT TO ORIGINAL MEDICARE PLAN

or selected group, or blanket disability insurance contract, or any other contractual arrangement or any portion of any such arrangement whereby the members of a group are entitled to payment of or reimbursement for hospital or medical expenses, such person will not be permitted to make a “profit” on a disability by collecting benefits in excess of actual value or cost during any calendar year.

Instead, payments will be coordinated between the plans in order to provide for “allowable expenses” (these are the expenses that are incurred for services and supplies covered under at least one of the plans involved) up to the maximum benefit value or amount payable by each plan separately.

If the covered person is also entitled to benefits under any of the conditions as outlined under the Exclusion for Duplicate Coverage provision, benefits received under any such condition will not be coordinated with the benefits of this Plan. The following rules determine the order of benefit payments:

When the other plan does not have a coordination of benefits provision, it will always provide its benefits first. Otherwise, the plan covering the patient as an employee will provide its benefits before the plan covering the patient as a dependent.

Except for cases of claims for a dependent child whose parents are separated or divorced, the plan which covers the patient as a dependent of a person whose date of birth (excluding year of birth) occurs earlier in a calendar year, shall determine its benefits before a plan which covers that person as a dependent of a person whose date of birth (excluding year of birth) occurs later in a calendar year. If either plan does not have the provisions of this paragraph regarding dependents, which results either in each plan determining its benefits before the other or in each plan determining its benefits after the other, the provisions of this paragraph shall not apply, and the rule set forth in the plan which does not have the provisions of this paragraph shall determine the order of benefits.

1. In the case of a claim involving expenses for a dependent child whose parents are separated or divorced, plans covering the child as a dependent shall determine their respective benefits in the following order: First, the plan of the parent with custody of the child; then, if that parent has remarried, the plan of the stepparent with custody of the child; and finally the plan(s) of the parent(s) without custody of the child.
2. Notwithstanding 1. above, if there is a court decree which otherwise establishes financial responsibility for the medical, dental or other health care expenses of the child, then the plan which covers the child as a dependent of the parent with that financial responsibility shall determine its benefits before any other plan which covers the child as a dependent child.
3. If the above rules do not apply, the plan which has covered the patient for the longer period of time shall determine its benefits first, provided that:
 - a. A plan covering a patient as a laid-off or retired employee, or as a dependent of such an employee, shall determine its benefits after any other plan covering that person as an employee, other than a laid-off or retired employee, or such dependent; and,
 - b. If either plan does not have a provision regarding laid-off or retired employees, which results in each plan determining its benefits after the other, then the provisions of a. above shall not apply.

If this Plan is the primary carrier with respect to a covered person, then this Plan will provide its benefits without reduction because of benefits available from any other plan.

When this Plan is secondary in the order of payments, and Blue Shield is notified that there is a dispute as to which plan is primary, or that the primary plan has not paid within a reasonable period of time, this Plan will provide the benefits that would be due as if it were the primary plan, provided that the covered person:

SUPPLEMENT TO ORIGINAL MEDICARE PLAN

(1) assigns to Blue Shield the right to receive benefits from the other plan the extent of the difference between the value of the benefits which Blue Shield actually provides and the value of the benefits that Blue Shield would have been obligated to provide as the secondary plan, (2) agrees to cooperate fully with Blue Shield in obtaining payment of benefits from the other plan, and (3) allows Blue Shield to obtain confirmation from the other plan that the benefits which are claimed have not previously been paid.

If payments which should have been made under this Plan in accordance with these provisions have been made by another Plan, Blue Shield may pay to the other Plan the amount necessary to satisfy the intent of these provisions. This amount shall be considered as benefits paid under this Plan. Blue Shield shall be fully discharged from liability under this Plan to the extent of these payments.

If payments have been made by Blue Shield in excess of the maximum amount of payment necessary to satisfy these provisions, Blue Shield shall have the right to recover the excess from any person or other entity to or with respect to whom such payments were made.

Blue Shield may release to or obtain from any organization or person any information which Blue Shield considers necessary for the purpose of determining the applicability of and implementing the terms of these provisions or any provisions of similar purpose of any other Plan. Any person claiming benefits under this Plan shall furnish Blue Shield with such information as may be necessary to implement these provisions.

Durable medical equipment includes wheelchairs, hospital beds, respirators, and other items that the Plan determines are durable medical equipment.

Emergency Services - services for an unexpected medical condition, including a psychiatric emergency medical condition, manifesting itself by acute symptoms of sufficient severity (including severe pain) such that a layperson who possesses an average knowledge of health and medicine could reasonably assume that the absence of immediate medical attention could be expected to result in any of the following:

1. placing the Member's health in serious jeopardy;

GENERAL INFORMATION FOR ALL MEMBERS

2. serious impairment to bodily functions; or,
3. serious dysfunction of any bodily organ or part.

Employer (Contractholder) - any person, firm, proprietary or non-profit corporation, partnership, public agency or association that has at least two employees and that is actively engaged in business or service, in which a bona fide employer-employee relationship exists, in which the majority of employees were employed within this state, and which was not formed primarily for purposes of buying health care coverage or insurance.

Experimental or Investigational in Nature - any treatment, therapy, procedure, drug or drug usage, facility or facility usage, equipment or equipment usage, device or device usage, or supplies which are not recognized in accordance with generally accepted professional medical standards as being safe and effective for use in the treatment of the illness, injury, or condition at issue. Services which require approval by the federal government or any agency thereof, or by any State government agency, prior to use and where such approval has not been granted at the time the services or supplies were rendered, shall be considered experimental or investigational in nature. Services or supplies which themselves are not approved or recognized in accordance with accepted professional medical standards, but nevertheless are authorized by law or by a government agency for use in testing, trials, or other studies on human patients, shall be considered experimental or investigational in nature.

Family - the subscriber and all enrolled dependents.

Group Health Service Agreement (Agreement) - the Agreement issued by the Plan to the contractholder that establishes the services Members are entitled to from the Plan.

Hospice or Hospice Agency - an entity which provides hospice services to terminally ill persons and holds a license, currently in effect as a hospice pursuant to Health and Safety Code

Section 1747, or a home health agency licensed pursuant to Health and Safety Code Sections 1726 and 1747.1 which has Medicare certification.

Hospital - either 1., 2. or 3. below:

1. a licensed and accredited health facility which is primarily engaged in providing, for compensation from patients, medical, diagnostic and surgical facilities for the care and treatment of sick and injured Members on an inpatient basis, and which provides such facilities under the supervision of a staff of physicians and 24 hour a day nursing service by registered nurses. A facility which is principally a rest home, nursing home or home for the aged is not included; or,
2. a psychiatric hospital licensed as a health facility accredited by the Joint Commission on Accreditation of Health Care Organizations; or,
3. a "psychiatric health facility" as defined in Section 1250.2 of the Health & Safety Code.

Independent Practice Association (IPA) - a group of physicians with individual offices who form an organization in order to contract, manage and share financial responsibilities for providing benefits to Members. For mental health and substance abuse services, this definition includes the MHSA.

Infertility - either (1) the presence of a demonstrated bodily malfunction recognized by a licensed physician as a cause of infertility or (2) because of a demonstrated bodily malfunction, the inability to conceive a pregnancy or to carry a pregnancy to a live birth after a year or more of regular sexual relations without contraception, or (3) because of the inability to conceive a pregnancy after 6 cycles of artificial insemination. These initial 6 cycles are not a benefit of this Plan.

Inpatient - an individual who has been admitted to a hospital as a registered bed patient and is receiving services under the direction of a physician.

GENERAL INFORMATION FOR ALL MEMBERS

Intensive Outpatient Care Program - an outpatient mental health (or substance abuse) treatment program utilized when a patient's condition requires structure, monitoring, and medical/psychological intervention at least 3 hours per day, 3 times per week.

Medical Group - an organization of physicians who are generally located in the same facility and provide benefits to Members. For mental health and substance abuse services, this definition includes the MHSA.

Medically Necessary -

1. Benefits are provided only for services which are medically necessary.
2. Services which are medically necessary include only those which have been established as safe and effective and are furnished in accordance with generally accepted professional standards to treat an illness, injury or medical condition, and which, as determined by Blue Shield, are:
 - a. consistent with Blue Shield medical policy; and,
 - b. consistent with the symptoms or diagnosis; and,
 - c. not furnished primarily for the convenience of the patient, the attending physician or other provider; and,
 - d. furnished at the most appropriate level which can be provided safely and effectively to the patient.
3. If there are two or more medically necessary services that may be provided for the illness, injury or medical condition, Blue Shield will provide benefits based on the most cost-effective service.
4. Hospital inpatient services which are medically necessary include only those services which satisfy the above requirements, require the acute bed-patient (overnight) setting, and which could not have been provided in a physician's office, the outpatient department of a hospital, or in another lesser facility without adversely affecting the patient's condition or the quality of medical care.
 - a. for diagnostic studies that could have been provided on an outpatient basis; or,
 - b. for medical observation or evaluation; or,
 - c. for personal comfort; or,
 - d. in a pain management center to treat or cure chronic pain; or
 - e. for inpatient rehabilitation that can be provided on an outpatient basis.
5. Blue Shield reserves the right to review all services to determine whether they are medically necessary.

Medicare - refers to the program of medical care coverage set forth in Title XVIII of the Social Security Act as amended by Public Law 89-97 or as thereafter amended.

Member - refers to an employee, annuitant, or family member as those terms are defined in Sections 22772, 22760 and 22775 and domestic partner as defined in Sections 22770 and 22771 of the Government Code.

Mental Health Services - see Psychiatric Care.

Mental Health Services Administrator (MHSA) - Blue Shield of California has contracted with the Plan's Mental Health Services Administrator (MHSA). The MHSA is a specialized health care service plan licensed by the California Department of Managed Health Care, and will underwrite and deliver Blue Shield's mental health and substance abuse services through a unique network of MHSA Participating Providers.

MHSA Participating Provider - a provider who has an agreement in effect with the MHSA for the provision of mental health and substance abuse services.

GENERAL INFORMATION FOR ALL MEMBERS

Mentally Retarded - only those Members, not psychotic, who are so mentally retarded from infancy or before reaching maturity that they are incapable of managing themselves and their affairs independently, with ordinary prudence, or of being taught to do so, and who require supervision, control and care for their own welfare or for the welfare of others or for the welfare of the community.

Occupational Therapy - treatment under the direction of a physician and provided by a certified occupational therapist, utilizing arts, crafts, or specific training in daily living skills, to improve and maintain a patient's ability to function.

Open Enrollment Period - a fixed time period designated by CalPERS to initiate enrollment or change enrollment from one plan to another.

Orthosis - an orthopedic appliance or apparatus used to support, align, prevent or correct deformities or to improve the function of movable body parts.

Out-of-Area Follow-up Care - non-emergent medically necessary out-of-area services to evaluate the Member's progress after an initial emergency or urgent service.

Outpatient - an individual receiving services under the direction of a Plan provider, but not as an inpatient.

Outpatient Facility - a licensed facility, not a physician's office, or a hospital that provides medical and/or surgical services on an outpatient basis.

Partial Hospitalization/Day Treatment Program - a treatment program that may be free-standing or hospital-based and provides services at least 5 hours per day and at least 4 days per week. Patients may be admitted directly to this level of care, or transferred from acute inpatient care following acute stabilization.

Participating Hospice or Participating Hospice Agency - an entity which: 1) provides hospice services to terminally ill Members and holds a license, currently in effect, as a hospice

pursuant to Health and Safety Code Section 1747, or a home health agency licensed pursuant to Health and Safety Code Sections 1726 and 1747.1 which has Medicare certification and 2) either has contracted with Blue Shield of California or has received prior approval from Blue Shield of California to provide hospice service benefits pursuant to the California Health and Safety Code Section 1368.2.

Personal Physician - a general practitioner, board-certified or eligible family practitioner, internist, obstetrician/gynecologist or pediatrician who has contracted with the Plan as a Personal Physician to provide primary care to Members and to refer, authorize, supervise and coordinate the provision of all benefits to Members in accordance with the Agreement.

Personal Physician Service Area - that geographic area served by the Personal Physician's medical group or IPA.

Physical Handicap - a physical or mental impairment that results in anatomical, physiological, or psychological abnormalities which are demonstrable by medically acceptable clinical or laboratory diagnostic techniques and which are expected to last for a continuous period of time not less than 12 months in duration.

Physical Therapy - treatment provided by a physician or under the direction of a physician and provided by a registered physical therapist, certified occupational therapist or licensed doctor of podiatric medicine. Treatment utilizes physical agents and therapeutic procedures, such as ultrasound, heat, range of motion testing, and massage, to improve a patient's musculoskeletal, neuromuscular and respiratory systems.

Physician - an individual licensed and authorized to engage in the practice of medicine or osteopathy.

Plan - the Blue Shield Access+ HMO Health Plan and/or Blue Shield of California.

Plan Hospital - a hospital licensed under applicable state law contracting specifically with Blue Shield to provide benefits to Members under the Plan.

GENERAL INFORMATION FOR ALL MEMBERS

Plan Non-Physician Health Care Practitioner - a health care professional who is not a physician and has an agreement with one of the contracted IPAs, medical groups, Plan hospitals or Blue Shield to provide covered services to Members when referred by a Personal Physician. For all mental health and substance abuse services, this definition includes MHSA Participating Providers.

Plan Provider - a provider who has an agreement with Blue Shield to provide Plan benefits to Members and a MHSA Participating Provider.

Plan Service Area - the designated geographical area, approved by the CalPERS Board of Administration, within which a Member must live or work to be eligible for enrollment in this Plan.

Plan Specialist - a physician other than a Personal Physician, psychologist, licensed clinical social worker, or licensed marriage and family therapist who has an agreement with Blue Shield to provide services to Members either according to an authorized referral by a Personal Physician, or according to the Access+ Specialist program, or for OB/GYN physician services. For mental health and substance abuse services, this definition includes MHSA Participating Providers.

Prosthesis - an artificial part, appliance or device used to replace a missing part of the body.

Psychiatric Care (Mental Health Services) - psychoanalysis, psychotherapy, counseling, medical management or other services provided by a psychiatrist, psychologist, licensed clinical social worker, or licensed marriage and family therapist, for diagnosis or treatment of mental or emotional disorder, or the mental or emotional problems associated with illness, injury, or any other condition.

Reconstructive Surgery - surgery to correct or repair abnormal structures of the body caused by congenital defects, developmental abnormalities, trauma, infection, tumors or disease to do either of the following: (1) to improve function,

or (2) to create a normal appearance to the extent possible.

Rehabilitation - inpatient or outpatient care furnished primarily to restore an individual's ability to function as normally as possible after a disabling illness or injury. Rehabilitation services may consist of physical therapy, occupational therapy, and/or respiratory therapy and are provided with the expectation that the patient has restorative potential. Benefits for speech therapy are described in the section on Speech Therapy. Rehabilitation services will be provided for as long as continued treatment is medically necessary pursuant to the treatment plan.

Respiratory Therapy - treatment, under the direction of a physician and provided by a certified respiratory therapist, to preserve or improve a patient's pulmonary function.

Serious Emotional Disturbances of a Child - refers to individuals who are minors under the age of 18 years who:

1. have one or more mental disorders in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders **(other than a primary substance use disorder or developmental disorder)**, that results in behavior inappropriate for the child's age according to expected developmental norms, and
2. meet the criteria in paragraph (2) of subdivision (a) of Section 5600.3 of the Welfare and Institutions Code. This section states that members of this population shall meet one or more of the following criteria:
 - a. As a result of the mental disorder the child has substantial impairment in at least two of the following areas: self-care, school functioning, family relationships, or ability to function in the community; and either of the following has occurred: the child is at risk of removal from home or has already been removed from the home or the mental disorder and impairments have been present for more than 6 months or are likely to con-

tinue for more than 1 year without treatment;

- b. The child displays one of the following: psychotic features, risk of suicide or risk of violence due to a mental disorder.

Services - includes medically necessary health care services and medically necessary supplies furnished incident to those services.

Severe Mental Illnesses - conditions with the following diagnoses: schizophrenia, schizo affective disorder, bipolar disorder (manic depressive illness), major depressive disorders, panic disorder, obsessive-compulsive disorder, pervasive developmental disorder or autism, anorexia nervosa, bulimia nervosa.

Skilled Nursing Facility - a facility licensed by the California Department of Health Services as a "skilled nursing facility" or any similar institution licensed under the laws of any other state, territory, or foreign country.

Special Food Products - a food product which is both of the following:

1. Prescribed by a physician or nurse practitioner for the treatment of phenylketonuria (PKU) and is consistent with the recommendations and best practices of qualified health professionals with expertise germane to, and experience in the treatment and care of, PKU. It does not include a food that is naturally low in protein, but may include a food product that is specially formulated to have less than one gram of protein per serving;
2. Used in place of normal food products, such as grocery store foods, used by the general population.

Speech Therapy - treatment under the direction of a physician and provided by a licensed speech pathologist or speech therapist, to improve or retrain a patient's vocal skills which have been impaired by diagnosed illness or injury.

Subacute Care - skilled nursing or skilled rehabilitation provided in a hospital or skilled nursing facility to patients who require skilled care such as nursing services, physical, occupational or speech therapy, a coordinated program of multiple therapies or who have medical needs that require daily Registered Nurse monitoring. A facility which is primarily a rest home, convalescent facility or home for the aged is not included.

Supplement to Original Medicare Plan - refers to the supplement of Medicare services by a Health Maintenance Organization (HMO). Medicare HMO coordinated care plans cover Medicare deductibles and coinsurance charges when services are preauthorized or obtained from HMO contracting providers. Members are not restricted to the HMO to receive covered Medicare services. However, if services are not received through the Blue Shield Access+ HMO, the services and charges will not be covered by the HMO.

Total Disability -

1. In the case of an employee or Member otherwise eligible for coverage as an employee, a disability which prevents the individual from working with reasonable continuity in the individual's customary employment or in any other employment in which the individual reasonably might be expected to engage, in view of the individual's station in life and physical and mental capacity.
2. In the case of a dependent, a disability which prevents the individual from engaging with normal or reasonable continuity in the individual's customary activities or in those in which the individual otherwise reasonably might be expected to engage, in view of the individual's station in life.

Urgent Services - those covered services rendered outside of the Personal Physician service area (other than emergency services) which are medically necessary to prevent serious deterioration of a Member's health resulting from unforeseen illness, injury or complications of an existing medical condition, for which treatment

15. Obtain a referral from your Personal Physician for a second opinion;
16. Be fully informed about the Blue Shield grievances procedure and understand how to use it without fear of interruption of health care;
17. Voice complaints about the Access+ HMO Health Plan or the care provided to you;
18. Participate in establishing public policy of the Blue Shield Access+ HMO, as outlined in your Evidence of Coverage and Disclosure Form or Health Service Agreement.

You, as a Blue Shield Access+ HMO Plan Member, have the responsibility to:

1. Carefully read all Blue Shield Access+ HMO materials immediately after you are enrolled so you understand how to use your benefits and how to minimize your out of pocket costs. Ask questions when necessary. You have the responsibility to follow the provisions of your Blue Shield Access+ HMO membership as explained in the Evidence of Coverage and Disclosure Form or Health Service Agreement;

GENERAL INFORMATION FOR ALL MEMBERS

2. Maintain your good health and prevent illness by making positive health choices and seeking appropriate care when it is needed;
3. Provide, to the extent possible, information that your physician, and/or the Plan need to provide appropriate care for you;
4. Follow the treatment plans and instructions you and your physician have agreed to and consider the potential consequences if you refuse to comply with treatment plans or recommendations;
5. Ask questions about your medical condition and make certain that you understand the explanations and instructions you are given;
6. Make and keep medical appointments and inform the Plan physician ahead of time when you must cancel;
7. Communicate openly with the Personal Physician you choose so you can develop a strong partnership based on trust and cooperation;
8. Offer suggestions to improve the Blue Shield Access+ HMO Plan;
9. Help Blue Shield to maintain accurate and current medical records by providing timely information regarding changes in address, family status and other health plan coverage;
10. Notify Blue Shield as soon as possible if you are billed inappropriately or if you have any complaints;
11. Select a Personal Physician for your newborn before birth, when possible, and notify Blue Shield as soon as you have made this selection;
12. Treat all Plan personnel respectfully and courteously as partners in good health care;
13. Pay your dues, copayments and charges for non-covered services on time;
14. For all mental health and substance abuse services, follow the treatment plans and in-

structions agreed to by you and the MHSA and obtain prior authorization for all non-emergency mental health and substance abuse services.

Public Policy Participation Procedure

This procedure enables you to participate in establishing public policy for Blue Shield of California. It is not to be used as a substitute for the grievance procedure, complaints, inquiries or requests for information.

Public policy means acts performed by a plan or its employees and staff to assure the comfort, dignity, and convenience of patients who rely on the plan's facilities to provide health care services to them, their families, and the public (Health & Safety Code Section 1369).

At least one third of the Board of Directors of Blue Shield is comprised of subscribers who are not employees, providers, subcontractors or group contract brokers and who do not have financial interests in Blue Shield. The names of the members of the Board of Directors may be obtained from:

Blue Shield of California
Director, Consumer Affairs
50 Beale Street
San Francisco, CA 94105
Phone Number: 415-229-5104

Please follow these procedures:

- Your recommendations, suggestions or comments should be submitted in writing to the Director, Consumer Affairs, at the above address, who will acknowledge receipt of your letter;
- Your name, address, phone number, subscriber number and group number should be included with each communication;
- The policy issue should be stated so that it will be readily understood. Submit all relevant information and reasons for the policy issue with your letter;
- Policy issues will be heard at least quarterly as agenda items for meetings of the Board of Directors. Minutes of Board

GENERAL INFORMATION FOR ALL MEMBERS

meetings will reflect decisions on public policy issues that were considered. If you have initiated a policy issue, appropriate extracts of the minutes will be furnished to you within 10 business days after the minutes have been approved.

Confidentiality of Medical Records and Personal Health Information

Blue Shield of California protects the confidentiality/privacy of your personal health information. Personal and health information includes both medical information and individually identifiable information, such as your name, address, telephone number or social security number. Blue Shield will not disclose this information without your authorization, except as permitted by law.

A STATEMENT DESCRIBING BLUE SHIELD'S POLICIES AND PROCEDURES FOR PRESERVING THE CONFIDENTIALITY OF MEDICAL RECORDS IS AVAILABLE AND WILL BE FURNISHED TO YOU UPON REQUEST. Blue Shield's policies and procedures regarding our confidentiality/privacy practices are contained in the "Notice of Privacy Practices," which you may obtain either by calling the Member Services Department at the number listed on the back cover of this booklet, or by accessing Blue Shield of California's internet site located at <http://www.blueshieldca.com> and printing a copy.

If you are concerned that Blue Shield may have violated your confidentiality/privacy rights, or you disagree with a decision we made about access to your personal and health information, you may contact us at:

Access to Information

Blue Shield of California may need information from medical providers, from other carriers or other entities, or from you, in order to administer benefits and eligibility provisions of this Agreement. You agree that any provider or entity can disclose to Blue Shield that information that is reasonably needed by Blue Shield. You agree to assist Blue Shield in obtaining this information, if needed, (including signing any necessary authorizations) and to cooperate by providing Blue Shield with information in your possession. Failure to assist Blue Shield in obtaining necessary information or refusal to provide information reasonably needed may result in the delay or denial of benefits until the necessary information is received. Any information received for this purpose by Blue Shield will be maintained as confidential and will not be disclosed without your consent, except as otherwise permitted by law.

Non-Assignability

Benefits of this Plan are not assignable.

Facilities

The Plan has established a network of physicians, hospitals, participating hospice agencies and non-physician health care practitioners in your service area.

The Personal Physician(s) you and your dependents select will provide telephone access 24 hours a day, 7 days a week so that you can obtain assistance and prior approval of medically necessary care. The hospitals in the Plan network provide access to 24-hour emergency services. The list of the hospitals, physicians and participating hospice agencies in your service area indicates the location and phone numbers of these providers. Contact Member Services at the number listed on the back cover of this booklet for information on Plan non-physician health care practitioners in your Personal Physician Service Area.

GENERAL INFORMATION FOR ALL MEMBERS

For urgent services when you are within the United States, you simply call toll-free 1-800-810-BLUE (2583) 24 hours a day, 7 days a week. For urgent services when you are outside the United States, you can call collect 1-804-673-1177 24 hours a day. We will identify the BlueCard Program participating provider closest to you. Urgent services when you are outside the United States are available through the BlueCard Worldwide Network. For urgent services when you are within California, but outside of your Personal Physician Service Area, you should contact your Personal Physician or Blue Shield Member Services in accordance with the How to Use the Plan section. For urgent services when you are within your Personal Physician Service Area, contact your Personal Physician to obtain urgent services which must be provided or authorized by your Personal Physician just like all other non-emergency services of the Plan.

Independent Contractors

Plan providers are neither agents nor employees of the Plan but are independent contractors. Blue Shield of California conducts a process of credentialing and certification of all physicians who participate in the Access+ HMO network. However, in no instance shall the Plan be liable for the negligence, wrongful acts or omissions of any person receiving or providing services, including any physician, hospital, or other provider or their employees.

Access+ Satisfaction

You may provide Blue Shield with feedback regarding the service you receive from Plan physicians. Return the prepaid postcard available from Member Services to Blue Shield. If you are dissatisfied with the service provided during an office visit with a Plan physician, you may request a refund of your office visit copayment, as shown in the Summary of Benefits under Physician Services.

Web Site

Blue Shield's Web site is located at <http://www.blueshieldca.com>. Members with Internet access and a Web browser may view and download health care information.

Utilization Review Process

State law requires that health plans disclose to Members and health plan providers the process used to authorize or deny health care services under the plan.

Blue Shield has completed documentation of this process ("Utilization Review"), as required under Section 1363.5 of the California Health & Safety Code.

To request a copy of the document describing this Utilization Review, call the Member Services Department at **1-800-334-5847**.

GENERAL INFORMATION FOR ALL MEMBERS

Service Area

The service areas and providers of this Plan are identified in the Blue Shield HMO Physician and Hospital Directories. **Contact the Plan for up-to-date confirmation.** You **must** live or work in the service area(s) identified below to enroll in this Plan and to maintain eligibility in this Plan. If you choose to enroll in the Plan based on your **work** ZIP code because your home is not within a service area, you and each enrolled dependent will be obligated to travel to providers located within the service area you have selected to receive non-emergency care. You, as the subscriber, and each of your enrolled dependents **must** select providers within the service area in which you enroll; however, if a dependent also works within the plan's service area, that dependent should select a provider which is near his place of work. A dependent who does not reside within the State of California cannot be enrolled in the Plan, except for a child covered by a support order.

The intent of this section is to provide flexibility for those CalPERS members who reside in a community that is not within the service area of the plan, but where the subscriber works in a **nearby** community that is within the plan's service area. However, providers cannot effectively coordinate care for patients who do not reside or work near the provider's service area, and may decline to accept a member due to lack of proximity.
