

Dental networks at a glance for Individual & Family Dental Plans

Blue Shield's dental PPO/INO network is nearly 45,000. Our dental IFP HMO network has more than 25,000 providers. Dental providers in and out of California are available through a contracted dental plan administrator.

Blue Shield of California is an independent member of the Blue Shield Association A41583-IFP (8/17)

Use this chart to see dental provider options when choosing between dental PPO/INO and dental HMO plans. The dental INO network uses the same providers as the dental PPO network; no benefits are paid if the member goes to non-network providers.
