Bundled savings

Dental Smile Rollover Rewards program
This Dental Smile℠ program rewards dental PPO and dental INO members with additional calendar-year maximum benefits for taking care of their dental health.

True open enrollment
If an employee or dependent initially declined or waived coverage during their open enrollment period, they are eligible to enroll at the group’s open enrollment anniversary date without being subject to waiting periods (except for the Voluntary dental PPO and Voluntary dental INO plans²).
• Most competitors do not offer a “true” open enrollment, in that employees and/or dependents who previously declined coverage are subject to 12- or six-month waiting periods for major and/or basic services.
Orthodontic benefits
• Orthodontic benefits\(^3\) are available for groups with as few as one eligible employee.
  – Most competitors require at least 10 eligible or enrolled employees.
• All orthodontia plans include a calendar-year maximum.
  – There is no limitation on the number of years the benefit can be used.
  – A lifetime maximum is industry standard.
• No waiting periods on most orthodontia plans (except Voluntary INO plans\(^2\)).
• All orthodontia plans include both child and adult benefits.
• Dental PPO and INO plans cover “treatment in progress” regardless of what stage in their current treatment plan the member is in.

Implant benefits
• Available in the Smile\(^{SM}\) Deluxe 2000 and Smile\(^{SM}\) Deluxe Plus 2000 plans.
• No waiting periods.
• Available to groups with one or more eligible employees.\(^4\)

“Cosmetic in nature” dental coverage
• Posterior composites covered on all dental plans.
  – Most competitors offer posterior composites as a rider/buy-up option.
• No “missing tooth” clause.
  – Most competitors require a 12-month waiting period or do not provide any benefits.
• Our DPPO and DINO plans without implant benefit do provide an alternate benefit for traditional crowns and partials when implant procedures have been performed.
• Invisalign, paid out as a covered orthodontia benefit.

Extra benefits in dental PPO and INO plans
• Prenatal benefits:
  – Additional cleaning and treatment for pregnant women’s teeth to help prevent periodontal disease, which is linked to premature and low-birth-weight babies.\(^5\)
• Oral cancer screening provided annually at no additional charge when using network providers.

Member dental portal
• Members have 24/7 online access to claims and benefit information, Explanation of Benefits and account balances, plus the ability to print or order Blue Shield member ID cards and access to a treatment cost calculator for pending services.

This information does not apply to Affordable Care Act–mandated pediatric dental plans offered on Covered California for small businesses.
