

your ally on your journey
to better health.

Convenient, affordable, non-emergency health care is available to Blue Shield Tandem PPO plan members* at CVS MinuteClinics® and Target Clinics across California.

These clinics offer preventive care, vaccinations, and treatment for minor illnesses and injuries. They are staffed by board-certified nurse practitioners.

CVS MinuteClinics and Target Clinics offer:

- **Convenient access** to care seven days a week, including evenings and weekends, with no appointment needed
- **An affordable cost – You pay the same cost as a primary care office visit**, after your plan deductible has been met.
- **Treatment for non-emergency conditions** such as allergies, minor wounds, abrasions, joint sprains, infections (ears, nose, throat, and bladder), bronchitis, coughs, flu-like symptoms, and more

Hours of operation and a full list of services are available at www.minuteclinic.com and www.target.com/clinic.

To find a CVS MinuteClinic or Target Clinic near you, visit blueshieldca.com/irvineusd. Then, select *Find a Doctor in the Tandem PPO Network*. Next, select *Facilities*, enter your location, and then search *Clinic Retail Health* under *Facility Type*. Or, call the customer service number on your Blue Shield member ID card.

* Retail clinics are available to Blue Shield PPO members. If you are an HMO member, you should check with your doctor's office before visiting a retail clinic. If you receive care from a retail clinic that is not affiliated with your doctor's medical group or Independent Practice Association (IPA), your HMO plan may not cover the services you receive.
