

THE PRIMARY CARE PAY-FOR-VALUE HYBRID PAYMENT MODEL

focuses on improved Commercial PPO members' health outcomes and pays in a variety of ways:

Per Member Per Month Payments (PMPM)

Fee-for-service (FFS)

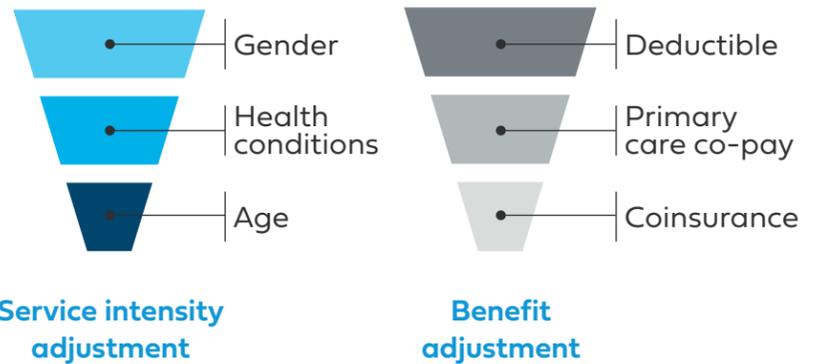

Added revenue to support care coordination and management activities

Performance incentive payments

PMPM payments are adjusted monthly based on primary care-oriented factors below:

Benefits

- Clinician autonomy in provision of care
- Predictable payments independent of member visits
- No change to claims submission process

Tools for success

Access Blue Shield's new value-based reporting and analytics tool to retrieve key information about Commercial PPO members and track performance

Member panel lists

Retrieve information about adult and pediatric members

Care gap reports

Identify members for whom outreach and/or tailored interventions may be appropriate based on their current health status

Payment history

View PMPM and incentive payment history

Performance dashboards

View practice-level performance against resource utilization, clinical quality and member experience metrics

This Blue Shield of California document is for informational and educational purposes only. This document does not modify, and may not be used to assert the modification of any contractual obligation. This document is not intended as medical advice or a definitive source for coding claims, and it is not a substitute for professional medical advice, diagnosis, or treatment. Health care providers assume full responsibility for how to use this information. Providers should exercise their own independent medical judgment based on all available information, including their evaluation of their patients' conditions, and submit claims using the most appropriate code(s) based upon the medical record documentation and coding guidelines and reference materials. Service or treatment descriptions in this document do not guarantee that the service or treatment is a covered benefit. Regardless of benefits, the final decision about any service or treatment is between the member and their health care provider. Any efficiencies generated through this program are to result from care coordination and/or elimination of unnecessary expenses. Blue Shield of California disclaims any and all liability for any direct, indirect, implied, punitive, special, incidental or other consequential damages arising directly or indirectly from any use of this document, which is provided as is and without warranties.
