Residents of a long-term care facility, such as a nursing home, may access their prescription drugs covered under Blue Shield Promise Cal MediConnect Plan through the facility's pharmacy or another network long-term care pharmacy. To Learn more about drug coverage in special cases, see chapter 5 of *Member Handbook*. Blue Shield Promise Cal MediConnect Plan has a process in place to assist you in obtaining prescription drugs when you are in a long-term care (LTC) facility. If you are in an LTC facility and are prescribed a non-formulary drug, we will authorize a one-time, 30-day supply of the medication prescribed for transition purposes. If you are on a complicated medication regimen, or a regimen where safety concerns do not permit you to be transitioned sooner, up to a 6-month transitional period will be allowed. This transition period will also be allowed for patients with multiple medications and with multiple physicians providing care.
