

Predictable out-of-pocket costs

Access+ HMO[®] Plan

With this plan, your primary care physician (PCP) coordinates all your care and refers you to specialists and hospitals within their medical group or Independent Practice Association (IPA).

Plan highlights

- **Choose a PCP** for you and for each of your covered dependents from our broad HMO network. Each member of your family may choose a different physician and medical group/IPA, and you may change these selections throughout the plan year.
- **No deductible; only fixed copayments** for most covered services like doctor visits, urgent care, and emergency care.
- **Self-referral to specialists** may be possible within your medical group – no need to see your primary care physician first. (Available to members of participating medical groups.)
- **Mental health benefits** for help with depression, mental illness, and alcohol or substance use disorder. Some services are also available virtually.
- **Features The Away From Home Care program**, which offers family members living outside of California – students, workers on long-distance assignments, etc. – access to medical care in select states across the country. (Availability varies by state.)
- **Convenient access to an extensive pharmacy network**, including Safeway/Vons, Costco, and CVS (including CVS Pharmacy[®] in Target stores).
- **Personal assistance** from Shield Concierge, our team of healthcare experts, to find doctors, transfer medical records and prescriptions, and answer healthcare questions.
