

This list reflects medications that can only be obtained from Blue Shield’s Network Specialty Pharmacy, or from a non-network specialty pharmacy when not available for dispensing from the Network Specialty Pharmacy. They are not available through retail pharmacies.

Drug manufacturers or the U.S. Food and Drug Administration limit which pharmacy(ies) may obtain and dispense these medications to patients. Most will require prior authorization – please check the Blue Shield Plus Drug Formulary available as a PDF, or you can search by brand and generic names.

- You can access drug formulary information in the Pharmacy Benefits section at the CalPERS Blue Shield member page at blueshieldca.com/calpers.
- You can find a Blue Shield Network Specialty Pharmacy at blueshieldca.com/wellness/drugs/specialty-pharmacy.
- You may also call your CalPERS customer service phone number listed on your Blue Shield ID card if you need assistance.

NOTE: Drugs administered by a healthcare professional (not self-administered) or provided as part of a home health or home infusion service are not listed in this document. Coverage may be provided as part of a medical service, subject to applicable deductibles and copays.
