get a clearer look at your vision benefits

To help explain your vision benefits to your provider, just cut out the Vision Plan Information Card, and keep it with you.

This card is not required to access care. It’s just another way we’re making it easier for you to use your healthcare coverage!

Here's how to obtain vision services:
1. Select a network provider by logging on to blueshieldcavision.com.
2. Make an appointment directly with the provider you select.
3. Present this card at your appointment.

Blue Shield vision plans are underwritten by Blue Shield of California or Blue Shield of California Life & Health Insurance Company, and are administered by MESVision. Groups and members should refer to their Evidence of Coverage or Certificate of Insurance to identify which Blue Shield company underwrites their vision coverage.

Members
If you have any questions about your vision coverage, please contact Vision Member Services at (877) 601-9083, 8 a.m. to 5 p.m. PST, Monday through Friday

Providers
To determine eligibility for Blue Shield members, call (800) 877-4372, Monday through Friday, or visit www.mesvision.com/providers

Cut out card. Fold in half. Keep handy.
