Notes

1 Certficate of Insurance (COI):

The Certificate of Insurance (COI) describes the Benefits, limitations, and exclusions that apply to coverage under this Plan. Please review the COI for more details of coverage outlined in this Summary of Benefits. You can request a copy of the COI at any time.

<u>Capitalized terms are defined in the COI</u>. Refer to the COI for an explanation of the terms used in this Summary of Benefits.

2 Vision Care Services:

All vision Benefits are provided through Blue Shield Life's Vision Plan Administrator (VPA).

<u>Contact lenses.</u> The Allowance for contact lenses may be used towards the fitting fees. If you receive Elective or Non-Elective Contact Lenses, no Benefits will be available for eyeglass frames and lenses until you satisfy the Benefit frequency.

3 Using Participating Providers:

<u>Participating Providers have a contract to provide vision care services to Insureds.</u> When you receive Covered Services from a Participating Provider, you are responsible for:

- the Copayment, and
- any charges above the stated Allowance, which is the Benefit maximum.

When the Participating Provider uses wholesale or warehouse pricing, the maximum frame Allowances are:

- wholesale Allowance: \$99.06.
- warehouse Allowance: \$103.64.

Note: This pricing replaces the frame Allowance shown in the Summary of Benefits. If a more expensive frame is selected at a provider location that uses wholesale or warehouse pricing, the Insured Person is responsible for the additional cost above the wholesale or warehouse Allowance. Participating Providers using wholesale or warehouse pricing are identified in the directory of Participating Providers at blueshieldca.com.

Participating Providers maintain a selection of frames that retail within the Allowance of this plan with lenses that fit an eye size less than 61 millimeters.

4 Using Non-Participating Providers:

<u>Non-Participating Providers do not have a contract to provide vision care services to Insureds.</u> When you receive Covered Services from a Non-Participating Provider, you are responsible for:

- the Copayment, and
- any charges above the stated Allowance, which is the Benefit maximum.

Plans may be modified to ensure compliance with State and Federal requirements.
