

IFP Broker Update

As spring has sprung, we are pleased to share several updates and resources to help improve your workflow and knowledge. This month's newsletter features essential information and tools for brokers.

Learn about the new process for selecting primary care physicians (PCP) for on-exchange enrollment, designed to simplify your clients' healthcare journey right from the start. We also cover Broker Connection Self-Service tools to help you manage your daily tasks more efficiently.

Please save the date for one of our upcoming Broker Training sessions focused on the Special Enrollment Period (SEP). Additionally, we have launched a new member-facing dental health page to assist clients in managing their dental care effectively.

This edition also includes an overview of new musculoskeletal health programs, which help support your clients' physical well-being.

Thank you for your dedication to your clients and our members.
