- Full PPO Savings Two-Tier Embedded Deductible 2250/3300/4500 w/ Value Formulary

## **New fertility rider offering**

Blue Shield will be expanding our portfolio of Assisted Reproductive Technology riders by creating portfolio offerings with a dollar maximum. Four plan designs with different dollar maximums and coinsurance amounts will be available in the portfolio:

- Additional Assisted Reproductive Technology Benefits Rider 10K 50%
- Additional Assisted Reproductive Technology Benefits Rider 10K 90%
- Additional Assisted Reproductive Technology Benefits Rider 20K 90%
- Additional Assisted Reproductive Technology Benefits Rider 25K 90%

## **IRS Minimum Deductible for HSA Compatible Plans**

The IRS released guidance for 2025, increasing minimum deductible for HSA compatible plans. All of our 1/1/2025 PSPs have been updated to comply with the new guidance. The changes include:

- Individual deductible increased from \$1,600 to \$1,650
- Family or individual on a family plan from \$3,200 to \$3,300

## **New HMO pharmacy riders**

Based on market demand for a lower premium product, Blue Shield will introduce a new Enhanced RX \$15/50% pharmacy rider option in 2025. With this rider, Tier 1 will feature a \$15 copayment to encourage the utilization of generic drugs. Tiers 2-4 will apply a 50% coinsurance, up to \$250 maximum per prescription. These riders will be available for either the Plus or Value formulary.

## **New fertility rider offering**

As part of Pharmacy Care Reimagined, Blue Shield of California has transformed how members receive specialty medications for rare bleeding disorders like hemophilia. Members with hemophilia now have more network options to receive factor and Hemlibra® with high-quality and comprehensive care management.

Starting January 1, 2024, we:

- Expanded our network of specialty pharmacies that provide hemophilia specialty medications for factor and Hemlibra to include Red Chip, CVS Caremark®, and Accredo.
- Provided members access to a federally funded network of Hemophilia Treatment Centers via Red Chip, per the contract pharmacy program. Treatment centers include University of California San Diego, Children's Hospital of Los Angeles, University of California

San Francisco Benioff Children's Hospital, and Center for Inherited Blood.

- Began requiring prior authorization for new factor requests, or for members who change prescribing providers.
