blue CALIFORNIA

Individual and Family Plans: Trio HMO

Effective 1/2027

Trio HMO from Blue Shield of California

The providers you need, close to home
Our Trio HMO plan gives you access to a quality network of local doctors and hospitals that focus on delivering care and helping members navigate the healthcare system.

Choose an IFP Trio HMO network primary care physician (PCP) who can guide you in getting care you need.* You can choose an in-person PCP or a virtual PCP who you can see by video or phone from the comfort of your home. To find in-person and virtual Trio HMO doctors, visit blueshieldca.com/networkifphmo. For a list of Trio HMO medical groups and hospitals in your area, visit blueshieldca.com/hmo-providers.

* If you do not choose a PCP, we may assign you a virtual PCP. You can always change your PCP at any time.

How to choose your plan

We have a variety of Trio HMO plans to choose from. To find the right plan for you, think about how much you are willing to pay for your monthly premium and your healthcare. Generally, the higher your monthly premium, the less you'll pay out of pocket when you get care. If you choose a lower monthly premium, you will likely pay more out of pocket when you get care. Choose the plan that feels like the right balance for you.

Financial assistance

You may be eligible for government financial assistance to help pay your monthly premiums for any Blue Shield Trio HMO plan offered through Covered California. For example, a family of four living in Orange County and earning $125,000 per year could qualify for $737 in monthly subsidies.* Or a single individual age 30 living in Los Angeles County and earning $40,000 per year could qualify for $171 in monthly subsidies. Visit blueshieldca.com/getblue to check your eligibility or contact your Blue Shield sales representative to guide you through the next steps.

* Family of four subsidy is based on two adults age 40 and two kids ages 10 and 13. For illustrative purposes only. Covered California determines subsidy eligibility and amount.

● = Benefit is subject to a deductible.

This chart provides details on plan deductibles, copayments, and coinsurance amounts for common services when using in-network providers. It is not a contract. Plan benefits are only available when using providers in the IFP Trio HMO network. Services received from providers outside of your network and medical group are not covered, except for emergency, urgent, and follow-up care. For complete plan details, refer to the *Evidence of Coverage* available at blueshieldca.com/policies or call us at **(888) 256-3650**.

1 The first three visits are available for a $100 copay prior to meeting the calendar-year medical deductible. Members will pay the full contracted rate for subsequent visits until their calendar-year medical deductible has been satisfied. Then, once again, members will pay a $100 copay for specialist office visits.

2 Collection frames are pre-selected frames by the Benefit Administrator, which are fully covered with no out-of-pocket costs. Non-collection frames are other standard retail or designer frames with a fixed allowance.

3 Family coverage has an individual deductible within the family deductible. Blue Shield will pay benefits for an individual member on the family plan once the member meets the individual deductible amount. Blue Shield will pay benefits for all covered family members once the family deductible is satisfied. The family deductible can be satisfied when two family members meet their individual deductibles, or when the combined deductible contributions of three or more members reaches the family deductible limit.

4 Family coverage includes an individual out-of-pocket maximum (OOPM) within the overall family OOPM. Blue Shield pays 100% for covered services for a family member once that person meets their individual OOPM. Blue Shield pays 100% for all covered family members once the family OOPM is met. The family OOPM can be reached when two members meet their individual OOPM or when the combined OOPM amounts of three or more members reach the family limit.
