NDS A long-term (up to a 100-day) supply is not available for select drugs. The drugs that are not available for a long-term supply are marked with the symbol **NDS** in our drug list.

# Prescription drug coverage (cont'd)

Effective January 1, 2026 - December 31, 2026

## Part D prescription drug benefit

**Stage 3: Catastrophic coverage** After your yearly out-of-pocket drug costs (including drugs you bought through your retail pharmacy and through home delivery service) reach \$2,100, the plan pays the full cost for your covered Part D drugs.

For excluded drugs covered under our enhanced benefit, you pay the Tier 2: Generic drugs copayments listed in the table on the previous page.

(This stage protects you from any additional costs once you have paid your yearly out-of-pocket drug costs.)

 **Important message about what you pay for vaccines:** Our plan covers most Part D vaccines at no cost to you. Call Customer Service for more information.

## Home delivery service

Amazon Pharmacy is our prescription home delivery service provider where you can get a 100-day supply of maintenance drugs on Tier 1 through Tier 4 at a lower cost share. Your order will be delivered with \$0 shipping. See the plan EOC for more information.
