

How to add dependents & caregivers

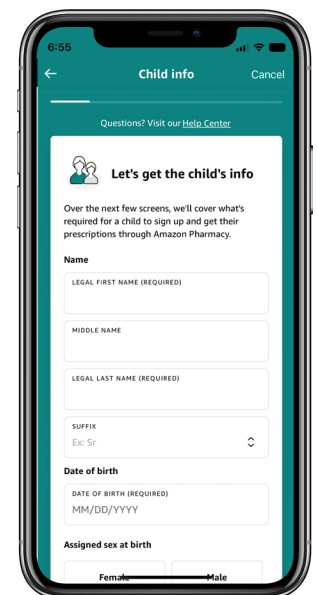

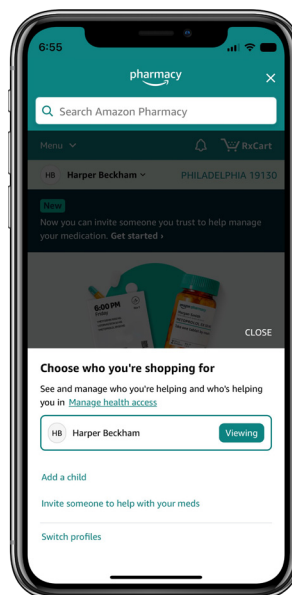

Easily add those in your care:

Add a child (under 18)

From your Amazon Pharmacy dashboard:

- 1 Go to your name or profile
- 2 Select "Add a child" (children must be under 18)
- 3 Enter the details (name, date of birth, and any requested info)
- 4 Save the profile

Now you can easily switch profiles to manage everyone's medications

How you can manage a child's profile

- ✓ Request new prescriptions or transfers
- ✓ View their medication list and refills
- ✓ Update delivery addresses and control payment methods
- ✓ Get notifications when their medications are ready to order or already shipped

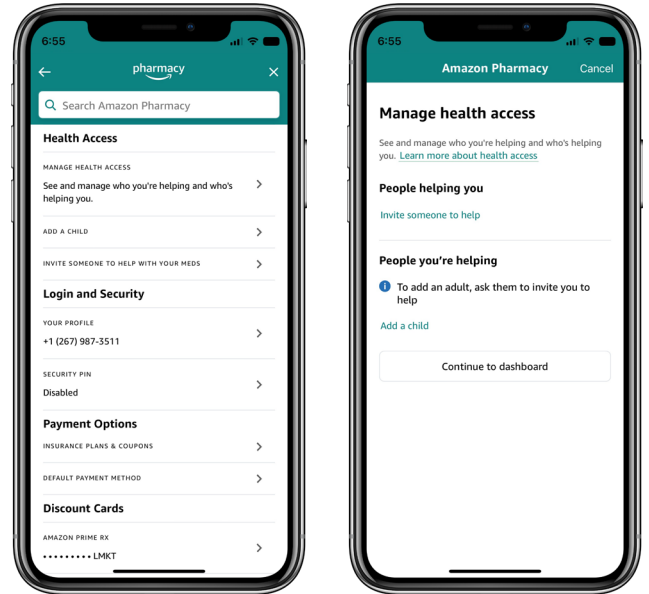

Add a caregiver:

You can use your own Amazon Pharmacy profile to invite a caregiver who can conveniently manage your medications while keeping your information secure.

How to invite a caregiver

From your Amazon Pharmacy profile:

- 1 Go to account settings
- 2 Look for “Caregivers” or “Manage access”
- 3 Enter the name and email address where invitation should be sent
- 4 Ask the person you invited to accept the invite from their email or Amazon Pharmacy dashboard

What caregiver access allows

- ✓ See current medications and refills for the person you care for
- ✓ Help request refills or transfers as allowed
- ✓ Track shipments and delivery updates
- ✓ Coordinate delivery addresses and schedules (with permission)
- ✓ Support older adults, partners, or family members safely and conveniently
