

Network providers for the San Francisco Health Service System (SFHSS) Trio HMO plan

Trio HMO members create their own community of care by choosing from a quality network of select doctors, hospitals and pharmacies that includes all specialties and levels of care.

Working together with Blue Shield, these providers are committed to delivering a better coordinated, effective and efficient care experience to members while also reducing costs.

Similar to our regular HMO plans, Trio HMO plan members are required to select a primary care physician (PCP) to coordinate and direct their healthcare needs.

To enroll in Trio HMO, you and your eligible dependents must enroll in the same plan and you must also live or work within the Trio HMO service area. Visit blueshieldca.com/triocheck for a listing of the Trio service areas.

Call Shield Concierge
