

## California Senate Bill 855 (SB 855) Overview

California Senate Bill 855 (SB 855) requires health insurers and health plans to provide **coverage for mental health and substance use disorders** under the same terms and conditions applied to other medical conditions for Blue Shield of California's fully insured lines of business.

### Key Highlights:

- **Effective Date:** January 1, 2021
- **Coverage Requirements:**
  - Medically necessary treatments of mental health and substance use disorders.
  - Determinations must be based on current, **generally accepted standards of mental health and substance use disorder care**.
  - Utilization review of all mental health and substance use disorder covered services and benefits must apply the **criteria and guidelines in the most recent versions of treatment criteria developed by relevant nonprofit professional associations** identified by the Department of Managed Health Care and the California Department of Insurance, except when the services are outside the scope of the criteria or in instances related to advancements in technology not covered in these sources.
- **Scope:** Applies to conditions listed in the DSM-5 (Diagnostic and Statistical Manual of Mental Disorders) and ICD (International Classification of Diseases), including inpatient, outpatient, residential, and crisis services.

### Provider Rights Under SB 855

Under SB 855, Blue Shield is required to:

- Provide free of cost, including paper copies, those **clinical guidelines and educational materials** Blue Shield uses to make medical necessity determinations for mental health and substance use disorder services to members, authorized representatives, and providers.
- Ensure transparency in coverage decisions based on medical necessity.<sup>1</sup>
