This directory makes it easy for you to locate information about the two Blue Cross and Blue Shield Service Benefit Plan options for 2012.

- Information specific to Standard Option or Basic Option is printed under clearly marked headings.
  - Basic Option Information is shaded.

Blue Health Connection

Blue Health Connection is a toll-free telephone service that provides 24-hour access to registered nurses who can help you assess your symptoms and assist you in receiving care at the right time and the right place. The next time you are sick, hurt, or just have health care questions, call Blue Health Connection toll-free at 1-888-BLUE-432 (1-888-258-3432).

Directory Disclaimers

- Benefits are as described in the Service Benefit Plan brochure (RI 71-005). However, the continued participation of any physician, hospital, or other provider cannot be guaranteed. Further, Preferred hospitals may contract with Non-participating providers to provide certain medical or surgical services at their facilities. It is your responsibility to verify the Preferred status of a provider. Please contact our customer service center at to check the status of any Service Benefit Plan provider prior to enrolling or seeking health care services. You can also check our website at www.fepblue.org.
- The Blue Cross and Blue Shield Service Benefit Plan is prohibited from providing benefits for services performed by a debarred or suspended provider.

Our Online Provider Directory: the Best Way to Find a Provider and a Great Way to Go Green!

The directory in your hands is updated annually. Its information is current only at the time of printing. **But our online directory is updated every week. That’s why it’s your best source of information about our Preferred provider network.**

What’s more, the online directory offers resources you’d never find in a paper directory. Its hospital and physician information is expansive and searchable. It lists providers not just in your local Plan area, but nationwide. It can even give you directions to a hospital or doctor’s office.

**Using the online directory is also a great way to go green. It decreases the amount of fuel involved in shipping directories. And by decreasing reliance on paper directories, it helps save trees.**

You can access our online provider directory anytime. Just go to our website, [www.fepblue.org](http://www.fepblue.org), and click on “Provider Directory.”

Once you’re on the Provider Directory page, you can access detailed information on a particular provider or search for a nearby provider of specific kind. It’s easy!

- Type in the name of a particular provider and click “search,” and the Provider Finder will take you straight to information about that provider;

  or

- Enter your zip code or street address,

  - select a box for a provider type (general practice physician, dentist, pharmacy, etc.) or highlight a provider specialty (allergy, dermatology, MRI, etc.), and

  - from the drop-down menu, select a geographic radius for your provider search (5 miles, 10 miles, 25 miles, 50 miles, or 100 miles).

  - Then click “search,” and the Provider Directory will generate a list of providers in your area.

**Remember: Only the online Provider Directory gives you up-to-date and comprehensive provider information and helps protect our environment!**
Dear Service Benefit Plan Member:

This directory lists physicians and other providers who are part of the Preferred provider network for both Basic Option and Standard Option.

If you select Standard Option, you will receive the highest level of benefits when you use Preferred providers. **If you select Basic Option, you must seek care from a Preferred provider to receive benefits.**

**Standard Option (PPO).** Standard Option emphasizes the ability to obtain medical care from both Preferred providers and out-of-network providers. While you may receive medical care from any providers you choose, you receive the highest level of benefits when you use Preferred providers.

**Basic Option (PPO).** Basic Option emphasizes the use of copayments to make your share of health care costs as predictable as possible. There are no deductibles. As with Standard Option, you do not need referrals from a primary care physician to receive care from a specialist or other provider with Basic Option. You must seek care from a Preferred provider to receive benefits. Please see the 2012 Service Benefit Plan brochure (RI 71-005) for specific information.

We have placed an asterisk (*) beside the name of any hospital or significant/high-volume professional provider in the contract renewal process at the time this directory was printed. This asterisk alerts you that a current Preferred hospital or significant/high volume professional provider may not be Preferred for the 2012 benefit year. Members can call the local Plan for information regarding any provider listed with an asterisk beside its name. During Open Season, up-to-date hospital contract renegotiation information is available on our online Provider Directory at www.fepblue.org.

**Understanding your Health Benefits for 2012**—To learn about changes to your Service Benefit Plan coverage for 2012, please be sure to read the 2012 Service Benefit Plan brochure (RI 71-005). This brochure is available at our website, www.fepblue.org.

We value your membership and thank you for choosing the Blue Cross and Blue Shield Service Benefit Plan.

Sincerely,

Blue Cross Blue Shield of California

Access to Preferred providers is very important to us. If you live in a rural area, you may receive specialty care from providers who travel from larger cities to your community on a periodic basis, or through your primary care physician. Please log on to www.fepblue.org for the most up-to-date list of Preferred providers. Please call customer service at (800) 824-8839 if you have questions regarding the availability of a provider or provider type in your area.
Important Notes

Please keep the following information in mind when using this directory and Preferred network providers:

- Neither the Service Benefit Plan nor Blue Cross and Blue Shield of California guarantees the services of health care providers.

- **A provider’s status with the Plan may change after this directory is printed.** To ensure your provider is still part of the Plan's Preferred network, please call our customer service center at (800) 824-8839 or check our website, www.fepblue.org.

- The pharmacies listed in this directory are part of a Caremark network providing prescription drug services to members of the 2012 Blue Cross and Blue Shield Service Benefit Plan.

- Each Blue Cross Blue Shield Plan covers a specific geographic area of the United States. Providers sometimes have offices in more than one Plan area and different contracts with the Blue Cross Blue Shield Plan in each of those areas. When a member crosses a border from one Plan area into another to receive covered services from such a provider, benefits are based on the provider’s contract in the area in which the care is rendered, not the member's home Plan. Only providers who have Preferred network agreements with Blue Cross and Blue Shield of California are listed in this directory. To check benefits for treatment outside your Plan area, call the Blue Cross Blue Shield customer service number in that area. (Customer service numbers for every state are on the inside back cover of this directory.)

- All hospital and professional providers in this directory have agreements to provide health care services to our members. Please be aware, however, that **some physicians who provide services at Preferred network hospitals might not be Preferred network physicians.** This means that in some circumstances, you may receive a bill. You are responsible for applicable cost-sharing plus any amount over the Plan’s allowance. Under **Basic Option**, services of these Non-preferred providers are covered as a special exception, and benefits will be provided based on the Plan allowance. You will be responsible for any difference between our allowance and the billed amount. Please see the 2012 Service Benefit Plan brochure (RI 71-005) for details. If you expect to receive care from one of these providers, please check the status before obtaining treatment. You can also check our website, www.fepblue.org.
STANDARD Option

Standard Option Overview

As a Blue Cross and Blue Shield Service Benefit Plan Standard Option member, you can save money on your health care costs by using our Preferred network.

When you use Preferred network providers under Standard Option, benefits are paid at higher payment levels than when an out-of-network provider is used. See the 2012 Blue Cross and Blue Shield Service Benefit Plan brochure (RI 71-005) for a complete description of Standard Option benefits.

Remember that Preferred network providers are located in every state. Information on Preferred network providers nationwide (and overseas) is available at www.fepblue.org. You can also call the local Blue Cross and Blue Shield Plan wherever you are for information about Preferred network providers in that area. (Customer service numbers for every state are on the inside back cover of this directory.)

Why You Should Use a Preferred Network Provider

- Preferred network providers file your claims.
- You pay less for health care if you use Preferred network providers. For example, if you see a Preferred provider for an office visit, you pay a fixed-dollar copayment for your share of the cost, with no deductible, in most situations. If you use a Non-preferred professional provider, you must meet a deductible, and your portion of the charge after our payment could be significant.

Preferred Provider Network Access

Provider networks may be more extensive in some areas than others. We make every effort to negotiate contracts with a wide range of professionals and facilities to offer all covered services. However, the availability of Preferred specialists in all areas cannot be guaranteed. If no Preferred network provider is available or you do not use a Preferred network provider, benefits are provided at the Non-preferred level as described in the 2012 Service Benefit Plan brochure (RI 71-005).

If you want additional information about your provider beyond that available in this directory-- such as board certification status, languages spoken, availability of interpreters, and facility accessibility-- consult www.fepblue.org or call your provider.

As a reminder, before you telephone for an appointment, please remember to verify that the provider is a Preferred network provider by visiting www.fepblue.org or calling our customer service center.
BASIC Option

Basic Option Overview

As a Blue Cross and Blue Shield Service Benefit Plan Basic Option member, you must use a Preferred provider to receive benefits.

When you use a Preferred network provider under Basic Option, your health care costs are generally covered with a single copayment, with no deductible.

Because specific health care services are covered differently, please be sure to read the 2012 Service Benefit Plan brochure (RI 71-005) for information on the benefit payment structure.

Remember that Preferred network providers are located in every state. Information on Preferred network providers nationwide (and overseas) is available at www.fepblue.org. You can also call the local Blue Cross and Blue Shield Plan wherever you are for information about Preferred network providers in that area. (Customer service numbers for every state are on the inside back cover of this directory.)

Why You Should Use a Preferred Network Provider

- Preferred network providers are the only approved and covered providers for Basic Option benefits.
- If you choose to use an out-of-network provider, benefits are not available unless a Non-participating provider is covered in a special exception (see the Service Benefit Plan Brochure RI 71-005).
- Preferred network providers file your claims for you.

Preferred Provider Network Access

Provider networks may be more extensive in some areas than others. We make every effort to negotiate contracts with a wide range of professionals and facilities to offer all covered services. However, the availability of Preferred specialists in all areas cannot be guaranteed. If you have questions about Preferred providers in your area, please call our customer service center.

If you want additional information about your Preferred network provider beyond that available in this directory-- such as board certification status, languages spoken, availability of interpreters, and facility accessibility-- consult www.fepblue.org or call your provider.

As a reminder, before you telephone for an appointment, please remember to verify that the provider is a Preferred network provider by visiting www.fepblue.org or calling our customer service center.
Urgent Care Centers

Urgent care centers provide basic medical care and treatment when your health care needs fall outside of your physician's regular office hours or before an appointment is available with your primary physician.

**Emergencies:** If you experience a medical emergency, seek appropriate medical care immediately. If the emergency requires inpatient care, you or your provider must arrange for precertification 1-800-663-4581 within two business days of the hospital admission. If you are not certain about this requirement, call our customer service department to be sure you have followed the appropriate procedures.

You should call 911 in the event of a life-threatening emergency or if you are unsure about the seriousness of a medical condition.

Urgent care centers are a convenient option for treating many common medical conditions such as:

- Minor cuts and wounds
- Urinary tract infections
- Sore throats
- Cough
- Ear infections
- Flu symptoms
- Ligament sprains; muscle strains

Urgent care centers can typically have distinct advantages over emergency rooms:

- Lower copayment costs than those of an emergency room visit
- Shorter wait times than those at a hospital emergency room
- Convenient locations

**STANDARD Option**

If you are enrolled in Standard Option, you may seek covered services from any covered urgent care center. However, you will receive the highest level of benefits when you receive services from a Preferred urgent care center. Please refer to your Service Benefit Plan brochure (RI 71-005) for more information on this benefit.

**BASIC Option**

If you are enrolled in Basic Option, you must use a Preferred urgent care center listed in this directory to receive benefits. Please refer to your Service Benefit Plan brochure (RI 71-005) for more information on this benefit.

Some providers have multiple locations. Please check that your provider is Preferred at the location at which you will receive services.
Hospital Precertification

You are required to obtain precertification before a planned hospitalization or within two business days after an emergency admission (except for maternity care), regardless of whether or not you use a Preferred provider. If you do not obtain this required certification of your hospital admission, your benefits will be reduced by $500. All it takes to protect your benefits is a toll-free telephone call to (800) 633-4581 to arrange precertification.

If the Blue Cross and Blue Shield Service Benefit Plan is the secondary payer for your medical expenses, precertification is not required. For more information, please refer to your 2012 Blue Cross and Blue Shield Service Benefit Plan brochure (RI 71-005).

If You Use a Non-Preferred Network Provider

Under **Standard Option**, your out-of-pocket expenses will be significantly greater if you are treated by a Non-preferred provider. Please consult your 2012 Service Benefit Plan brochure (RI 71-005) for additional information about how benefits are paid for Preferred network, Participating, and Non-participating professional providers, and Preferred network, Member, and Non-member facilities. You may also call our customer service center.

**Under Basic Option**, if you choose to use an out-of-network provider, benefits are not payable.

**Blue Distinction Centers**

The Blue Cross and Blue Shield companies, in partnership with the Blue Cross and Blue Shield Association, have developed national Blue Distinction Centers®. Each Center has been selected through a rigorous evaluation of clinical data that provides insight into the facility's structures, processes and outcomes of care. These nationally established criteria were developed with input from medical experts and organizations and support the consistent, objective assessment of specialty care capabilities. The Blue Distinction Centers in California, if any, are marked by footnotes.

For more information on Blue Distinction Centers, to find Centers in other states, and for the most up-to-date list of hospitals, please visit our online provider directory at www.fepblue.org.

Some Blue Distinction Centers may contract with Non-participating providers to provide certain medical or surgical services at their facilities. Using Non-participating or Non-member providers could result in your having to pay significantly greater amounts for the services you receive. Please see the 2012 Service Benefit Plan brochure (RI 71-005) for details.
**Hospitals**

**Emergencies:** If you experience a medical emergency, seek appropriate medical care immediately. If the emergency requires inpatient care, you or your provider must arrange for precertification (call (800) 633-4581) within two business days of the hospital admission. If you are uncertain about this requirement, call our customer service department to be sure you have followed the appropriate procedures.

As noted previously, an asterisk (*) has been placed beside the name of any hospital in the contract renewal process at the time this directory was printed. This asterisk alerts you that a current Preferred hospital may not be Preferred for the 2012 benefit year. Members can call customer service for more information about any provider listed with an asterisk. During Open Season, up-to-date hospital contract renegotiation information is available on our online Provider Directory at [www.fepblue.org](http://www.fepblue.org).

Preferred hospitals may contract with Non-participating providers to provide certain medical or surgical services at their facilities. Using Non-participating or Non-member providers could result in your having to pay significantly greater amounts for the services you receive. Please see the 2012 Service Benefit Plan brochure (RI 71-005) for details.

**STANDARD Option**

If you are enrolled in Standard Option, your most important decisions are choosing a Preferred hospital and choosing Preferred physicians within that hospital. Also, remember that you or your provider must precertify all hospital admissions, except maternity admissions.

**BASIC Option**

If you are enrolled in Basic Option, your most important decisions are choosing a Preferred hospital and choosing Preferred physicians within that hospital. **Benefits are only available if you use Preferred providers, unless a Non-preferred provider is covered in a special exception.** Also, remember that you or your Preferred provider must precertify all hospital admissions, except maternity.

For Basic Option, you must use a Preferred provider to receive benefits.

*This provider will potentially be in contract renegotiations during Open Season.*
Primary Care Physicians and Specialists

Primary care physicians include family practitioners, general practitioners, internists, pediatricians, obstetricians/gynecologists, and physician assistants.

Specialists focus on specific areas of medical practice, ranging from adolescent medicine to urology. For assistance in finding a Preferred Specialist, please call our customer service center at 800-824-8839.

Emergencies: If you experience a medical emergency, seek appropriate medical care immediately. If you have been hospitalized, within two business days of the admission, please arrange for precertification (call (800) 633-4581), or call our customer service center to be sure you have followed the appropriate procedures.

STANDARD Option

When you receive care from a Preferred Primary Care Physician, your share of health care costs is usually limited to a fixed copayment for routine office visits, with no deductible. When an office visit includes other services such as a medical procedure or diagnostic tests, the additional services are covered at the Preferred benefit level and subject to the calendar-year deductible. You may always seek care from out-of-network physicians, but your share of the costs will be significantly higher.

If you need to be treated by a Specialist, you may seek care from any provider. However, you will receive the highest level of benefits when you use a Preferred provider.

If a Preferred provider uses a non-Preferred laboratory or radiologist, the Plan pays only Non-preferred benefits.

BASIC Option

When you visit a Primary Care Physician, your share of health care costs is limited to a fixed copayment, and you must receive care from a Preferred physician to receive benefits.

If you need to be treated by a Specialist, you receive benefits only if you use a Preferred specialist. If you receive care from a Non-preferred specialist, you will not receive reimbursement, unless a Non-preferred specialist is covered in a special exception.

Chiropractors

This section of the directory lists chiropractors.

**STANDARD Option**

If you are enrolled in Standard Option, you may seek covered services from any covered chiropractor. However, you will receive the highest level of benefits when you receive services from a Preferred provider. Please refer to your Service Benefit Plan brochure (RI 71-005) for more information on this benefit.

**BASIC Option**

If you are enrolled in Basic Option, you must use a Preferred chiropractor listed in this directory to receive benefits, unless a Non-preferred provider is covered in a special exception. Please refer to your Service Benefit Plan brochure (RI 71-005) for more information on this benefit.

Some providers have multiple locations. Please check that your provider is Preferred at the location at which you will receive services.
Freestanding Ambulatory Centers

This section of the directory includes facilities that provide outpatient services such as ambulatory surgical centers, dialysis centers, radiology centers, and urgent care centers.

Note: The providers on the following pages are included in Standard and Basic Option. Some professional providers who provide services at Preferred freestanding ambulatory centers might not be Preferred network providers (e.g., anesthesia providers).

STANDARD Option

If you are enrolled in Standard Option, you may seek covered services from any covered freestanding ambulatory center. However, you will receive the highest level of benefits when you receive services at a Preferred center.

BASIC Option

If you are enrolled in Basic Option, you will receive benefits only if you seek care from a Preferred freestanding ambulatory center. If you receive services from a Non-Preferred center, you will not receive benefits unless a Non-preferred provider is covered in a special exception.
### Freestanding Ambulatory Facilities

For Basic Option, you must use a Preferred provider to receive benefits.

Some providers have multiple locations. Please check that your provider is Preferred at the location at which you will receive services.
Ancillary Providers

This section of the directory includes providers such as independent laboratories, durable medical equipment suppliers, home health agencies, physical therapists, occupational therapists, and speech therapists.

Acupuncturists, however, are covered only under Standard Option. For specific information about this benefit, please refer to your 2012 Service Benefit Plan brochure (RI 71-005).

STANDARD Option

If you are enrolled in Standard Option, you may seek covered services from any covered ancillary provider. However, you will receive the highest level of benefits when you receive services from a Preferred provider.

BASIC Option

If you are enrolled in Basic Option, you will receive benefits only if you see a Preferred ancillary provider. If you receive services from a Non-preferred provider, you will not receive benefits unless a Non-preferred provider is covered in a special exception.
## Acupuncturists

Providers on this page are included in both Standard and Basic Options, except for Acupuncturists who are covered only under Standard Option. For Basic Option, you must use a Preferred provider to receive benefits.

Some providers have multiple locations. Please check that your provider is Preferred at the location at which you will receive services.
Mental Health and Substance Abuse Facilities

This section includes hospitals and other facilities specializing in inpatient mental health and substance abuse treatment. However, in addition to inpatient treatment, they sometimes provide outpatient treatment.

Emergencies: If you experience a medical emergency, seek appropriate medical care immediately. If you have been hospitalized for inpatient care, please arrange for precertification within two business days of the admission by calling (800) 633-4581. If you are uncertain about this requirement, call our customer service department at (800) 284-9093 to be sure you have followed the appropriate procedures.

STANDARD Option

If you are enrolled in Standard Option, the highest level of coverage for inpatient mental health care may be obtained when treatment is received from a Preferred mental health provider. For inpatient services, you must receive precertification before receiving treatment. Please call us at (800) 824-8839, or call Blue Cross and Blue Shield of California at (877) 263-7410.

BASIC Option

If you are enrolled in Basic Option, benefits are provided only when treatment is received from a Preferred mental health provider, unless a Non-preferred provider is covered in a special exception. For inpatient services, you must receive precertification before receiving treatment. Please call us at (800) 824-8839, or call Blue Cross and Blue Shield of California at (877) 263-7410.

### New providers have multiple locations. Please check that your provider is Preferred at the location at which you will receive services.
Mental Health and Substance Abuse Professional Providers

These mental health and substance abuse professionals provide outpatient treatment.

**Emergencies:** If you experience a medical emergency, seek appropriate medical care immediately. If you have been hospitalized for inpatient care, please arrange for precertification within two business days of the admission by calling **(800) 633-4581**. If you are uncertain about this requirement, call our customer service department at **(800) 284-9093** to be sure you have followed the appropriate procedures.

**STANDARD Option**

If you are enrolled in Standard Option, the highest level of coverage for outpatient mental health care may be obtained when treatment is received from a Preferred mental health provider.

**BASIC Option**

If you are enrolled in Basic Option, benefits for outpatient mental health care are provided only when treatment is received from a Preferred mental health provider, unless a Non-preferred provider is covered in a special exception.

Dentists

STANDARD Option

If you are enrolled in Standard Option, the services covered under dental benefits are paid according to a fee schedule of allowances. The fee schedule allowance is not intended to be payment in full, but a benefit to offset the provider's charge. Please note that the allowance for family members under the age of 13 is higher than that for members 13 and older.

Preferred dentists agree to accept a negotiated, discounted amount called the Maximum Allowable Charge (MAC) as payment in full for covered dental services. The MAC is the maximum amount Preferred network dentists can charge for a covered dental service. When you use a Preferred network dentist, you pay the difference between the FEP Fee Schedule amount and the MAC. The MAC may be updated periodically and is subject to change.

If you reside in one area and you receive the services of a Preferred dentist in another area, please call the local Blue Cross and Blue Shield Plan to check MAC payment amounts for that area.

If you receive care from a dentist who is not a member of the Preferred dental network, you will be responsible for the difference between our fee schedule allowance and the dentist's charge.

Detailed information about Standard Option dental benefits and charges can be found in the 2012 Service Benefit Plan brochure (RI 71-005). If you have a question about charges, ask your Preferred network dentist or call customer service at (800) 824-8839.

Special notes regarding oral surgery:

Oral surgery and removal of impacted teeth are usually considered medical services. These services are covered under surgical benefits, as described in the 2012 Service Benefit Plan brochure (RI 71-005). Please refer to the brochure for benefit information.

Dentists and oral surgeons who are in our Preferred dental network for routine dental care are not necessarily Preferred providers for services covered under surgical benefits (such as oral and maxillofacial surgery). To find a Preferred oral surgeon, please see the appropriate listings in the Specialists section. You may also call us at (800) 824-8839 to find out if a provider is Preferred for the type of care (routine dental care or oral surgery) you are scheduled to receive.
If you are enrolled in Basic Option, you must seek care from a Preferred dentist to receive benefits, unless a Non-preferred provider is covered in a special exception.

Your share of the cost is limited to a fixed copayment, with no deductible. If you receive care from a dentist who is not a member of the Preferred dental network, you will not receive benefits.

Some providers have multiple locations. Please check that your provider is Preferred at the location at which you will receive services. These providers are Preferred for covered routine dental services only. Preferred providers for other benefits, such as oral and maxillofacial surgery, can be found in the Specialists section.
Pharmacies

STANDARD Option

When you use a Preferred network pharmacy, just show your ID card for covered prescription drugs and there are no claims to file.

Under Standard Option, your benefits also include a network of internet pharmacies and the Mail Service Prescription Drug Program.

Network pharmacy participation can change from time to time. For the most up-to-date listings of Preferred pharmacies near you, and for more information about the benefits of using Preferred network pharmacies, visit our website, www.fepblue.org, or call 1-800-624-5060 (TDD: 1-800-624-5077) (24 hours a day, 7 days a week).

Preferred Retail Pharmacy Vaccine Network: Our vaccine network consists of Preferred retail pharmacies that have agreements with us to administer one or more routine immunizations. The vaccines are administered in compliance with applicable state law and pharmacy certification requirements. There is no charge for vaccinations within the network.

The retail pharmacy immunization program is an in-network only benefit, with the exception of immunizations for seasonal influenza, which may also be obtained at Non-preferred retail pharmacies. For the most up-to-date listings of pharmacies in the vaccine network, visit www.fepblue.org or call 1-800-624-5060.

Nursing Home or Long-Term Care Facility Residents: If you or a covered family member resides in a nursing home or a long-term care facility, call 1-800-624-5060 to speak to our customer service center to find out if the pharmacy serving the nursing facility or long-term care facility is a member of the Preferred pharmacy network.

Please refer to your 2012 Service Benefit Plan brochure (RI 71-005) for a more detailed description of prescription drug benefits.

Please refer to your 2012 Service Benefit Plan Brochure (RI 71-005) for a more detailed description of prescription drug benefits.
Mail Service Prescription Drug Program

STANDARD Option

In addition to the Preferred network of retail pharmacies, Standard Option members may obtain maintenance medications from our Mail Service Prescription Drug Program. You can order your prescription through the Mail Service pharmacy several ways.

- The Mail Service Program provides postage-paid envelopes to order prescriptions. Call the telephone number listed on the back of your ID card to request an order form.

- Your physician can call in prescriptions using the telephone number listed on the back of your ID card. You or your physician can order refills by phone or online by connecting to www.fepblue.org.

- You can call 1-800-262-7890 (24 hours a day, 7 days a week) to order or refill a prescription, or to obtain more information about the Mail Service Prescription Drug Program.

Please refer to your 2012 Service Benefit Plan brochure (RI 71-005) for a more detailed description of prescription drug benefits.

BASIC Option

The Mail Service Program is not available for Basic Option.
